**Floating Specks Before The Eyes Means Liver Trouble**

When specks start to float before the eyes, when everything seems to turn black for a few seconds and you feel as if you were going to faint, you can rest assured that your liver is not working properly.  
The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of Milburn's Laxa-Liver Pills and clear away the accumulated mass of waste and poisonous matter from the system.  
Mr. Chas. Ayland, Frankville, Ont., writes:—"I used to be awfully bothered with floating specks before my eyes, headaches and sickness to my stomach. I took just half a vial of your Milburn's Laxa-Liver Pills and ever since I have felt as well as I ever did. Now I always keep them on hand."  
Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**JACK DAW'S ADVENTURES**

In the Frozen North

While Jack stood, looking around, Flip suddenly sniffed several times and then dashed down a narrow passageway. "Come back here!" shouted Jack. But Flip was out of sight in an instant. Jack figured that something was up so he ran after his dog to see what it was.

After turning a few corners, and working his way through great piles of trunks and boxes, the little adventurer came to a small open doorway. Then he heard Flip whine. Stepping inside the door, Jack discovered that he was in the ship kitchen. And so was Flip.

The odor of cooking fish had attracted the dog and Jack found him trying to pull a pan off the stove. The cook was so startled when Flip dashed into the room that he jumped upon a table. "Hey, you!" shouted the cook, "get your dog out of here!" (Continued).

**Mrs. Breakell Suffered Intensely Due to Stomach Trouble.**

"My health has been so good since taking Tanlac that it is a marvel to my friends and neighbors," is the striking statement of Mrs. Martha H. Breakell, 4 Franklin Street, Brockville, Ont.  
Mrs. Breakell is one of Brockville's oldest and most beloved residents. She has just passed her 68th birthday, which she says "was one of the happiest of her life, all due to the health and strength she enjoys since taking Tanlac."  
Four years ago I became so ill

with an attack of stomach trouble that I didn't think I could live a week. My nerves became all shattered and between this and my stomach misery it seemed like I would never be able to sleep again.  
"One of my neighbors advised me to try Tanlac and that is the answer to the wonderful difference in my condition. I can once more enjoy life and am giving unstinted praise to Tanlac."  
Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.  
Tanlac Vegetable Pills for constipation, made and recommended by the manufacturers of Tanlac.

of one so well known and highly esteemed by them without some recognition. They gathered around Mr. Hockenhuil and Mr. Stewart, the foreman of the shops, read an address, and a purse of money was given him.

Rev. James Cumberland, Kingston, writing on the church union question, says: "There are seventy-three thousand loyal Presbyterians pledged to remain within the fold of their historic church, and the ranks of those who are not prepared to scrap the Confession of Faith and Shorter Catechism are daily being added to. The sad fact is that the General Assembly does not now and never has adequately represented the church on this great question. Had the church (the people) been allowed to speak, the present deplorable condition could not have existed."

Mr. Smith, Glenburnie, 60; Model, 60; Howe Island, 20; Parham 30.  
Mr. Gibson, St. Lawrence, 45; Silver Spring, 59; 1,000 Islands, 35; Wolfe Island, 25.

**Shooting Ground Hogs.**  
This paper recently stated that a farmer who last year destroyed 109 ground hogs, had this year killed only 17. The experience this year of Ernest C. Anderson, of Portland, B. R. No. 2, is quite different. To date this year he has shot over fifty of the animals in his spare time. They are very plentiful in his neighborhood. One day he shot nine with the same number of .32 long bullets. Another day he destroyed seven in about twenty minutes. Another time he killed two, which were close together, with the one bullet. Walking a mile along the road from a neighbor's one night he hit five. He claims that they are destructive to gardens, both by way of eating the plants and by digging holes in the garden. He thinks the Government should offer a bounty for them, even if it were only enough to cover the cost of ammunition.
