What the Press Agents Say About Coming Attractions

ALL WOMEN SHOULD SEE "WHY MEN LEAVE HOME."

"Why Men Leave Home," which opened yesterday at the Capitol Theatre, is a romantic drama, which begins where most dramas end—at the altar.

It is not a story of courtship days, but a story of modern married life, a story of the lives of thousands of young American couples who let romance die the morning after they have said "I do."

We don't know where Stahl learned so much about life, but we know that he knows it as no other director does, and he portrays it in a human, simple manner, which makes you forget that it is only a picture. He makes you live in it; he makes you breathe the very atmosphere of the scenes and gradually leads you to an unexpected climax, which makes you sorry that the picture can't continue many reels longer.

While the story is adapted from Avery Hopwood's satirical drama, of every day married life, it possesses a distinctly Stahl touch because the director has eradicated the sting which Hopwood's play had on the stage. He has not shifted the burden of blame to either side, though he has given the women the best of it—just as the women should have the best of it.

The all-star cast, which includes Lewis Stone, Helen Chadwick, William V. Mong, Mary Carr, Alma selected with more than the usual care.

Kingston's favorite funster, Harold Lloyd, will be seen on the same bill in a re-issue of one of his best comedies, "Get Out and Get Under," and the usual short subjects completed a very good bill.

Real Service Offered By City Dairy's Plant

The City Dairy, at 382 Princess street, is Kingston's latest in the line of new business ventures. The factory and store are to be found two doors from the Orange Hall between Barrie and Division streets.

The City Dairy has already started two wagons on regular routes and hopes to increase the number in a short time. The wagons carry milk, cream, buttermilk and creamery butter and feature a before-breakfast delivery that will please patrons.

The City Dairy store carries milk, table cream, whipping cream, creamery butter, manufactured on the premises, buttermilk, cheese, eggs, ice-cream and honey. The Dairy's buttermaker is a graduate of the Ontario Agricultural College, Guelph, and throughout the establishment the most sanitary and up-to-date methods are to be in vogue at all times. The store is open until nine o'clock week evenings and ten o'clock Saturday evening. Inspection by the public is solicited.

Lake Ontario Level is Rising. Ogdensburg, N.Y., June 13.—Lake Ontario is "moving up." After being given a low standing for several months, it is reported to be nearly three-fourths of a foot higher than a month ago by the Lake Survey bulletin. It says:

VICTORIAS SURPRISE.

Gave Circlesix a Close Run in Thursday's Junior Game

The Victorias sprang a surprise in the junior city baseball league game at the cricket field last night when they extended the crack Circlesix outfit to the limit and the "Sixers" managed to squeeze out only an 8-7 victory after nine innings of hard play. It was good junior baseball and the small crowd of fans expressed delight with it. Such games will be more in evidence from now on as the youngsters have found themselves and will put all they have into their playing.

Circlesix used two pitchers, Hew Smith and Clarke, while Buck went the route for Victorias. Buck's pitching has been a feature of the games in which Victorias have taken part. C. A. Devlin umpired in efficient manner.

Ottawa vs. Kingston.

The clearing up of the weather allowed the bowling match between Ottawa and Kingston for the Ontario Cup to start Friday afternoon shortly after two o'clock. The Ottawa team is composed of G. P. Green, G. E. McFarlane, W. G. Gonne and E. A. Thomas, skip. The defending team is the one that won the cup last year, namely J. S. Asselstine, W. R. Givens, F. Kinnear and W. M. Campbell, skip.

SPECIAL GAME ARRANGED BY CIRCLESIX SATURDAY

Tomorrow evening at the cricket field Circlesix and Gananoque will meet in a special exhibition, which should certainly be full of interest. On June 3rd the Circlesix team defeated Hussars and a great many of their supporters think they can take the measure of any of the senior outfits. Hussars defeated Gananoque on Wednesday and the Saturday evening exhibition will be a sort of test match. The Orphans will bring their regular team. The game is set for six o'clock sharp.

THE JOB KILLER. Five thousand Canadian forest industries, with their half a million dependents and two thousand towns are propped up on nothing more secure than spruce and pine and fir trees. Unless the people of Canada, who use the woods for work or play, stop this renegade business of starting forest fires, Canada will be faced with an exodus of population which a century of effort will fail to remedy. —Canadian Forestry Association
