OBITUARY

Death Of A Religious.
There passed away at the House of Providence on Thursday Sister Mary Francis de Salles (Miss Annie Candon). The late sister was born at Read seventy-two years ago and took the veil at the age of twenty. She has been fifty-two years a member of the holy community at the House of Providence and two years ago with a sister by blood relation, also a member of the community and two years older than herself, she celebrated her jubilee of sisterhood. The funeral will take place on Saturday morning at the Chapel of Our Lady of Sorrows and then to St. Mary's cemetery under the direction of M. P. Keyes. His Grace the Most Reverend Archbishop will sing the funeral mass.

Late Miss Connolly.
Mary, eldest daughter of the late Mr. and Mrs. Patrick Connolly, passed away on Wolfe Island on Thursday. She was known all over the island and greatly esteemed. The funeral will leave the residence of her brother, Thomas J. Connolly, 8th Concession, on Saturday morning to the Church of the Sacred Heart where a solemn requiem mass will be sung by the Rev. Father McKiernan.

A Delightful Sail.
Come and enjoy a delightful sail to Cape Vincent, N.Y., on Saturday June 14th and Sunday, June 15th, leaving Kingston 7 a.m. and 1.15 p.m. (standard time). Passengers taking 7 a.m. boat and returning on evening boat will have an opportunity to spend three hours in Watertown. Boat leaving 1.15 p.m. (standard time) on Sunday, gives a beautiful trip through the Islands and to Cape Vincent. Fare round trip to Cape Vincent returning same day, 75c. Phone 2195.

To Celebrate at Battersea.
At the semi-annual meeting Thursday night of District L.O.L. No. 1, Frontenac, it was decided to go as a district to Battersea for the celebration of the twelfth of July. The annual church parade will be held on July 6th, to Princess street Methodist church.

Home Grown Vegetables
Boston head lettuce, parsley, cucumbers, water cress, asparagus, spinach, etc., at Carnovsky's.

"Ice cream bricks." Gibson's. Three armed bandits bound a New York jeweler, Samuel Hahn, and his assistant and then ransacked the store, escaping with merchandise and cash valued at \$43,000.

Rotary Club Activities.

L. T. Best, who has been in Windsor this week, attending the annual convention of the Ontario Retail Druggists' Association, attended the weekly luncheon of the Windsor Rotary Club. Rotarian Best reports the club there in a most flourishing condition and doing good work. He was given a great reception by his fellow Rotarians.

Latest reports received in the city state that more than 9,000 Rotarians, members of their families and friends, will attend the International convention to be held in Toronto next week. Quite a number will go up from Kingston on Sunday and Monday and others later on in the week.

Ten thousand new members were added to the Rotary Clubs throughout the world during the year 1923-4.

The largest Rotary Club in the world is at Buffalo, with 535 members; the smallest is Alpine, Texas, with 17.

The Prince of Wales is an honorary member of Calgary Rotary Club. Hon. Wm. Taft was a member of Minneapolis Club before he became Chief Justice of the U.S. Sir Harry Lauder is probably the only living Rotarian who has attended Rotary meetings on every continent.

There are said to be more men connected with the food industry in Rotary than in any other branch of business. Educators, clergymen, physicians, financiers, printers and motor car industry are close behind.

DR. A. P. KNIGHT GIVES WARNING TO CANNERS

That They Must be More Cleanly—Poor Meat Due Chiefly to Dirt.

Ottawa, June 13.—"The confidence of consumers in the cleanliness of factories may be easily lost, and when it is, it will be regained only by 'playing the game.' Once confidence is lost, canned lobsters will become unsaleable. The best canners will retain their customers because they can properly and they stand behind their goods, but even they may suffer in the general slump if one comes. But the smaller canners are sure to suffer, and they deserve it, because many of them have been packing human food for four years past (and I don't know how much longer) in disregard of the principal laws of sanitary science. The true friends of these men are those who tell them the truth, and the truth is that canning is being done today in many small factories under conditions which should not be tolerated."

This declaration was made by Professor A. P. Knight, Kingston, chairman of the Biological Board of Canada, before the Marine and Fisheries Committee yesterday in a plea for the adoption of new regulations in regard to lobster canning, for the purpose, as Professor Knight put it, "of abolishing the more or less unsanitary conditions in about three-quarters of the lobster canneries."

"The plain truth is," he said, "that much of the blackening, and probably all of the poor quality of the meat, is due chiefly to lack of strict cleanliness—to dirt and bacteria."

Dr. Knight stated that canners themselves had estimated the annual loss from "blackened lobsters" as varying between \$375,000 in 1920 to \$300,000 in 1923.

Dr. Knight said that "the department, if it has erred at all, has erred on the side of leniency during the past four years."

Gwen Lazier Pulls Mistake.
At Philadelphia, Miss Gwen Lazier, the Belleville courier, met General Butler, the man who attempted to clean the city from vice and liquor, together with the mayor and his wife.

"I pulled the greatest mistake of the trip while talking with the general," said Gwen.
"He spoke of having toured Canada and wished to come again. 'Come to our U.E.L. Celebration then. We have the largest distillery in the world five miles out of town,' I said, and now I know why he laughed so uproariously," she said.

Germany Training Soldiers.
Watertown, N.Y., June 13.—Germany is training every available man for war, according to reports brought from Europe by David M. Anderson, who with Mrs. Anderson returned after an extended tour. Mr. Anderson stated that he was informed that while the standing army of Germany is limited, men are being drafted, trained thoroughly and discharged at once to permit a new batch to get military education. France, he believes, is drifting toward a Socialist form of government.

Among The Islands.
Regular trip every Saturday and Sunday. Steamer Brockville leaves Ferry Dock 2.00 p. m., city time. Down the Canadian Channel, one hour at Alexandria Bay. Home early. Fare, round trip: Adults, 75 cents; children 50 cents.
