ROTARY AIMS AT WORLD FELLOWSHIP

Address of President Guy Gandaker at Toronto Convention.

Toronto, June 17.—"Rotary's destiny is the establishment of a world fellowship of business and professional men, united in the Rotary idea of service," said President Guy Gandaker, opening the 15th annual Rotary convention here today.

"A world fellowship, while necessarily contingent on the extent and successful establishment of Rotary in all the nations of the world, is likewise contingent on the correctness of the standards of business practice of the men privileged to enter that fellowship," he continued.

"Until men meet on the common ground of correct business methods, there can be no world fellowship of business men. The major Rotary activity for the immediate future will be an increasing and increasing activity for better business methods and their standardization in codes of ethics. In countries where crafts are organized with great national associations, the greatest opportunity for achievement will be found in Rotary's campaign for written codes of correct standards of business practice.

"In my opinion, Rotary's most lasting contribution to the world will be found in the realm of business, in the making of a happier, more contented, more kindly, more co-operative, and more honorable business world. In the achievement of a more honorable business world, you have the solution for all the other betterments sought. With an honorable business world, happiness, contentment, kindness and co-operation must and will prevail.

"With correct business methods, world-wide, the business men of all nations, meeting on this common ground, will establish great international friendships and good-will relationships which will hasten everlasting peace.

"One of the ultimate objects of written codes is to standardize conduct so that all fellow-craftsmen in any line of business can compete with one another on an equality of opportunity. Where men compete on different business standards, there is no equality of opportunity.

"Likewise, competition between men of different standards of business methods is unfair competition. Standardization of right conduct will destroy unfair competition, and written codes of rules of conduct provide the only way for such standardization."

Two hundred and eighty-one new Rotary clubs were organized during the past year, of which 211 were in the United States, Canada and Newfoundland, 37 in England, Scotland, Ireland and Wales, 1 in Cuba and 32 in other sections of the world. Dr. Crawford C. McCullough, Extension Committee Chairman, told the Rotarians in convention here.

Of this number all but 19 have been formally elected to membership in Rotary International and the election of the remaining 19 is merely a matter of form. The Rotary roster by continents, according to Dr. McCullough's statement, is: North America: United States, Canada, Newfoundland, Mexico, Cuba, Porto Rico, and Bermuda; Central America: Panama and Isthmian Canal Zone; South America: Brazil, Uruguay, Argentine, Peru and Chile; Europe: England, Scotland, Ireland, Wales, France, Italy, Spain, Belgium, Holland, Denmark and Norway; Africa, Union of South Africa; Asia: India, China, Japan and Philippine Islands; Australasia, Australia, New Zealand and Tasmania.

Surveys have been made in Switzerland, Czechoslovakia, Austria and Sweden which, it is believed, will result in the formation of Rotary clubs in those countries within a few months. The establishment of Rotary districts in France, Italy, Holland, the Scandinavian countries and in New Zealand is being given consideration for the better administration of the clubs that are now well established in those places. Rotary meetings are now being conducted in eight languages in different parts of the world and the number of clubs using Spanish and French has grown to such proportions that one section of the secretary's office of Rotary International carries on a large part of its correspondence in those languages.

Perth Road Notes.

Perth Road, June 16.—The gardens are greatly in need of rain. Word was received on Tuesday, June 16th, of the death of Westbrook. AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape.

While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectually banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

ERUPTIONS ON HEAD AND FACE

Red, Swollen and Sore. Cuticura Heals.

"I had my trouble from childhood. It took the form of white, scaly, sore eruptions which caused terrible itching and burning, also loss of sleep. My head and face and parts of my body were affected. The skin on both my head and face was red and swollen and awfully sore. The breaking out caused disgustment, and I lost nearly all my hair."

"I began using Cuticura Soap and Ointment and they afforded relief, and at the end of three months I was completely healed." (Signed) Mrs. W. A. Miller, Mars hall, Washington, Nov. 8, 1923.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes. Sample Book Free by Mail. Address: Cuticura Dept., Cuticura, P. O. Box 5214, Montreal, P. Q., Canada. Or by Dr. T. J. Lynam, 125 St. James St., Toronto. Try our new Shaving Stick.
