AMUSEMENTS What the Press Agents Say About Coming Attractions

JOHN BARRYMORE.

Master of the Role of "Beau" Brummel at the Capitol. Occasionally, one runs across a moving picture that stands out head and shoulders over all the others seen within months. Such a one is "Beau Brummel" in which John Barrymore is now appearing at the Capitol Theatre and in which the famous actor does some of the finest work in his long career. Barrymore, with his build, his mannerisms and experience, is the ideal man for the part and he has given to the picture a part of himself and has put into it an artistry which few could hope to attain. People have generally come to look upon George Bryan Brummel as a myth and a legendary character of rather foolish persuasions. That he actually lived and was of high abilities had been chosen a more noble career is a matter of history and the story of his life is unfolded with rare ability and charm in this picture. Second only to Barrymore's work in the picture is that of Mary Astor and Willard Louis. There are many movie heroines who, though beautiful to a degree, have to be mentally hallowed before one can accept them for the part but Mary Astor wins the heart of the audience from the start. "Beau Brummel" is a picture no real lover of the romantic and dramatic should miss. A screaming comedy which is dubbed Irish but is a miserable slander on the Emerald Isle—prefaces the main picture. The programme will be repeated tonight and Wednesday afternoon and evening. It is a good one.

FIRE DRILL COMPETITION.

Hel'd At Mowat Hospital—No. 4 Pavillion Won. An event that evinced more than usual interest among the patients and staff of the Mowat sanatorium, took place on Saturday morning last on the grounds of the institution, in the form of a fire drill, carried out under actual fire fighting conditions. Two teams, chosen from patients of Nos. 3 and 4 pavilions, entered the competition with much enthusiasm, and in spite of their physical incapacity made a splendid showing, both in running and also in handling hose and apparatus.

The object of the competition was for the purpose of ascertaining which team would first reach the hose reel connecting the hose to the hydrant, running out three lengths of hose, and then turning the water on. Next operation, included shutting the water off, disconnecting hose and adding another line to the remaining three lengths, and then turning water on again. No. 4 pavillion crew outclassed their opponents in both events by a substantial margin, and in spite of the valiant effort put forth by the crew of No. 3, Dr. Bruce H. Hopkins, medical superintendent, who timed operations, pronounced No. 4 the winner. Suitable prizes were donated for the occasion, and it is the intention of the victorious team to challenge the staff of the Mowat to a similar competition in the near future.

The teams included—No. 3: W. Davis, C. Galamere, J. Faulkner, F. Hand, S. R. Scharf, C. Powless, H. Hopbar, A. Pyc, G. Wilkinson. No. 4: J. G. McConeghy, F. J. Pollit, R. P. Johnston, E. J. Simpson, K. Walker, T. W. McElligott, W. H. Holloway, E. Eaton, D. McDonald, W. Gavelle, R. Globensky. C. Powless is captain of team No. 3 and J. G. McConeghy captain of team No. 4.

FEARS ENTERTAINED.

Over Employment Conditions Of West Fall and Winter. The latest summary of employment conditions in Ontario, just out, shows that with the exception of about four cities, industrial conditions are decidedly poor and grave fears are entertained for the situation next fall and winter. Kitchener reports an improvement in local conditions; Kingston has a good report as also has North Bay. Bulletins from other cities are not encouraging. The middle of June is ordinarily the peak time of good industrial conditions in Ontario and not for many years has employment been so scarce. Factories are operating on part time or closing down temporarily and farmers seem to have secured all the help they need. In Toronto conditions are particularly bad and the employment office reports a great number of applications with very few vacancies.

Major Stroud, local employment superintendent, states that Kingston is holding its own remarkably well. There are still a few vacancies for good laborers and for a limited number of bricklayers and stonecutters and one fitter-up for a boiler shop, these latter classifications not being available locally. A good crop throughout the dominion will help conditions immeasurably and is the only present hope for a fair situation next fall.

P.W.O.R. IN BELLEVILLE.

Kingston Unit Enjoyed Its Part In U.E.L. Celebration. The P.W.O. Regiment returned to the city about eleven o'clock Monday night after a memorable day in Belleville at the U.E.L. celebration. On their arrival in Belleville Monday forenoon the unit marched to the camp provided for the visiting troops about half a mile from the station. After lunch they paraded through the city to the fair grounds where the military ceremonies began at two o'clock. The P.W.O.R. took part in the review by the minister of national defence. The colors were trooped by the Argyll Light Infantry. After tea at the camp, the men were given a chance to visit the city.

In their march through the city the local regiment received much applause from the citizens and Col. Sparks was warmly complimented by the chief of staff on the fine showing his unit made at the fair grounds. From a military point of view it is interesting to note that the unit arrived in Kingston without an absentee. Two members of the regiment were overcome by the heat at the parade and were left behind in Belleville to return to Kingston on Tuesday. Major Albert Stroud was in charge of the Kingston troops on their way home. All speak very highly of the reception accorded them by the citizens of Belleville.

A Song of Welcome to Toronto Club—Convention is Officially Opened. Toronto, June 17.—Trains, steamships and automobiles were bringing visitors to the city early today for the Rotary convention and it is expected that still many hundreds will register at the exhibition grounds before nightfall. Leslie Pidgeon, Winnipeg, invoked the divine blessing on the business of the delegates. This was followed by a song of welcome from the Toronto Rotary glee club and an official address of welcome by Frank Zittlefield. Responses were made by Thomas D. Hunter, Edinburgh, Scotland, and Hon. George W. Foulds, Auckland, New Zealand. The convention was called to order at 11.15 o'clock by President Guy Gundaker, whose annual address emphasized the value of service and straight dealing between man and man.

ISLANDERS SUFFERED FIRST DEFEAT OF CURRENT SEASON

Defeated 9-2 by Moscow Saturday—Billy Little in Uniform. By taking advantage of all opportunities and fielding in tighter fashion the Moscow team on Saturday defeated Wolfe Island 9-2 in the senior section of the Intercountry League and tied up the standing. The Islanders were without Snood and had Billy Little, former Kingston City League veteran at first sack. Billy seemed to be in fine form and gingered up the team considerably. Young's pitching for Moscow was an outstanding feature of the game. He allowed but four hits and struck out eleven. He issued no free tickets. The innings were all close but the fourth and eighth when the Islanders cracked. Richardson was the heavier batter for Moscow and Goodfriend for Wolfe Island.

ATHENS HIGH SCHOOL

Hon. W. F. Nickle Laid The Corner Stone of The New Building

Athens, June 16.—The corner stone of the new Athens high school building was on Friday, June 13th, declared by Hon. W. F. Nickle, K.C., attorney-general, to be well and truly laid. Headed by our psstime band, a procession of high school and public school teachers and pupils and high school cadets led the way, followed by numerous gaily-decorated cars, the objective point being the high school building being erected on the site of the former structure. Here, on a raised platform in full view of all sat H. H. Arnold, chairman of the high school board, G. E. Holmes, treasurer of high school board, Reeve M. B. Holmes, township trustee, W. J. Toller, Rev. C. J. Curtis, who pronounced the invocation, and the Hon. W. F. Nickle, K.C., attorney-general, who was graciously pleased to accept the invitation to lay the corner-stone of the new building, which ceremony he most acceptably performed shortly before twelve o'clock. Then the great concourse, in orderly procession, repaired again to the athletic grounds, where the remaining events were to take place. In a large tent, dinner was served to an immense throng, the menu being highly satisfactory and the supply bountiful. A platform had been erected in Cross' grove with seats arranged in convenient fashion, and here excellent discourses were given during the early afternoon by J. D. Johnston, chairman, president of the Alumni Association, A. E. Donovan, Toronto, who is so soon to become an Athenian, Hon. W. F. Nickle, K.C., the attorney-general, H. A. Later, an interesting programme of sports was run off, much to the delight of young and old alike.

Judson donated a large flag pole which he caused to be erected on the grounds. Several small flags have been recently donated by Joseph Thompson.

On Monday Mrs. Macoun, Campbellford, the government speaker, addressed a meeting at 3.30 p.m. under Woman's Institute auspices. The Central Association of Baptist churches convenes here this week, beginning today. A good attendance is expected and helpful sessions will be held.
