What the Press Agents Say About Coming Attractions

FINAL SHOWING TONIGHT OF "BEAU BRUMMEL"
To-night will be the last opportunity you will have to see John Barrymore, that prince of actors, who has been delighting the large audiences at the Capitol in "Beau Brummel," the most fascinating figure of fiction, fact, or fancy. Supporting him is a real all-star cast of the highest calibre. Taken all in all, "Beau Brummel" represents the utmost in screen entertainment.

GLORIA SWANSON AT CAPITOL THURSDAY
Gloria Swanson wears a glittering array of new gowns in "A Society Scandal," her latest production which opens a three days' run at the Capitol on Thursday. But the fires of acting genius that this star showed in "The Humming Bird" are still flaring brightly. So while Miss Swanson gives an even more enticing fashion show that she ever did before, she also shows outstanding dramatic and emotional talents besides. We would class "A Society Scandal" as one of Gloria's very best pictures.

The Kingston senior C. O. B. A. team left this morning for Belleville for the regular game with the Grand Trunks this afternoon. The Automobile Menace.
Unsafe speeds are the major primary cause of accidents. A machine that is being driven at twenty miles an hour through the streets can not be checked in time to prevent a collision in a sudden emergency such as the unexpected appearance of another machine at a crossing or on a turn, or the sudden appearance of a pedestrian, child or adult, in the driveway. Yet the regulation of speed is not the sole cure for these mishaps. Drivers must be held accountable for whatever happens, and that accountability should take the form of severe punishment whenever life is endangered or is destroyed.—Washington Star.
