Try Duofold and ordinary pens with your eyes shut!

LET your hand get a taste of Parker Duofold's super-smooth point and balanced swing and you won't wonder that people are passing up ordinary pens to pay twice as much for this black-tipped, lacquer-red Classic.

Take a look at its Over-size barrel and you'll see why it holds such a bumper ink-supply. Flash your eye on its color and you'll see why the world calls it handsomer than gold—why it makes this a hard pen to lose. Buy Parker Duofold on 30 days' approval and you'll soon discover that you'll write from inspiration—not from the prodding of your conscience.

Then when someone calls for a pen you can proudly pull out your Duofold and lend it—for no style of writing can distort this 25-year Native Iridium point.

Neat Gold Pocket-clip or Ring-end free as well as strong Gold Girdle. A \$10 value for \$7. At all pen counters.

**Women in Politics.**  
The old notion of a necessary divergence between women and men in politics has been dissipated entirely by experience. Inevitably one sex or the other may lay special stress upon this or that particular proposal, but they can and do work with one another for the carrying of the whole programme. Women, with their keen sense of what is immediately practical and their power of devotion to a cause, add strength to all parties. They will, we have no

doubt, profoundly influence the balance of legislation in the future, and we believe they will do so more and more in the spirit of Liberalism.—Westminster Gazette.

**Covers 500 Square Feet, Two Coats, to the Gallon**

**Flogglaze** Exterior gives this greater covering capacity and 25% greater durability by reason of the fact that it is made from a scientifically treated pure raw linseed oil. This oil has all of the good qualities of a long-aged linseed oil, so well known to the old-time painters. It produces a self-levelling finish—it leaves no brush marks, and gives a high gloss, enamel-like finish that does not gather nor retain dust or soot. Flogglaze Exterior is not an enamel, but a strictly pure linseed oil paint. Its long life eliminates frequency of renewal, thereby cutting down labor costs in keeping your property well painted and thoroughly protected.
