**THE KINGSTON HEALTH ASSOCIATION MEETS**

**And Arranges to Take Charge of the Mowat Sanatorium in August.**

The Kingston Health Association was reorganized and arrangements made for the continuance of the Mowat sanatorium as a civilian institution at a meeting in the Board of Trade rooms on Friday afternoon.

Friday's meeting, the first since 1921, the outcome of the decision of the D.S.C.R. to give up the hospital when its lease expires next August 10th, when the institution will be returned to the Health Association which founded it as a hospital for consumptives in 1912.

Dean Connell, who was asked to preside at the meeting, reviewed the history of the Association which obtained its charter in October, 1911, with two objects: (1) to erect and maintain hospitals and sanatoria for tuberculosis; (2) carry on a training school for nurses. Local conditions being their first consideration, they had purchased and opened the Mowat Hospital. During the war it was taken over by the Hospital Commission for the treatment of soldiers, the lease calling for no rental, freedom to enlarge and the agreement to continue till three years after the war. In February, 1921, the lease was extended till this coming August, the new arrangements calling for twenty-five civilian beds. Experience has shown that the number of civilian patients has not exceeded five at any one time. They paid \$3 a day. The Commission bought \$3,000 worth of equipment from the Association which the latter was at liberty to re-purchase.

Dr. Connell then related what had been done since the receipt of the notice from the Department of Public Works that the hospital was to be given up by the government. The results of the different conferences held by Dr. Connell, Dr. Hopkins, J. M. Campbell, Hon. W. F. Nickle and Dr. Ross with the government has already been published. The feeling of all parties was that the hospital should be continued but there was doubt whether local conditions as to number of patients would make it practical. The D.S.C.R. is willing to send for the first year 100 patients at \$3 a day. Hon. Dr. Godfrey is to undertake shortly a health survey of Eastern Ontario, beginning at Kingston, to determine conditions. The establishment of local clinics will also help. The support and sympathy of the medical profession of this region was needed, for, said Dr. Connell, it was finally a matter of the family physician's advice whether a patient would come to the hospital. There are at present 198 patients.

**Financial Problem.**

The financial problem was a big one. In the past receipts had been meagre and the balance was made up by charity. Miss Hunter said there was \$1,165 in the treasury now. For the first year the hospital could be sure of the D.S.C.R. support. But operation by the Association would need large economies, reduction in the present staff and in the heating system. It might be possible to carry on at \$3 a day per patient but not many patients could pay three dollars a day. Dr. Connell had received two applications recently, one of whom offered to pay \$2 a day. How was the rest to be made up? The government grant of 75 cents a day could be depended on and the municipal grant for individual patients was \$1.50 a day. But experience had shown that it was practically impossible to get the latter. If they did answer the latter, they tried to shirk the responsibility or press it off on another municipality. Hon. Mr. Nickle had suggested that the towns and counties might be made the units from which to collect. These might then collect from the municipalities concerned. J. G. Elliott pointed out. There would still be 75 cents a day or so to be made up. The remedy lay in increasing the grant of 75 cents. Some way should also be found to make the municipalities pay.

The Ottawa government had promised to fix the drain from the hospital. It was not contaminated but it ran part of the way through the open and the chlorine with which its contents were treated brought complaints about odors. Mr. J. M. Campbell pointed out that it might have to be carried to the breakwater but it was thought that the government would do the work satisfactorily.

At the close of Dr. Connell's remarks a resolution, moved by Dr. Ryan and seconded by J. G. Elliott, that the Kingston health Association be reorganized and that it resume operations, was unanimously carried.

**Directors Elected.**

The following new directors, who are substantially the same as members, were then elected: J. M. Campbell, H. C. Nickle, Col. T. A. Kidd, J. M. Farrell, Dr. F. Etherington, P. DuMoulin, L. A. Guild, H. Davis, Mayor Angrove, A. H. Fair, William Casey, D. G. Laidlaw and Dr. Austin. These will be added to the former directors who included, as charter members, J. A. Minnes, C. A. Macpherson, J. B. McLeod, W. F. Nickle, K.C., Dr. R. W. Garrett, Dr. W. T. Connell, Dr. W. Gibson, Dr. J. C. Connell, W. R. Givens, J. G. Elliott, Dr. A. P. Knight, H. McBratney, C. J. Graham, H. A. Calvin and Dr. E. Ryan, and as directors added later, Dr. A. E. Ross, C. Birmingham, Dr. MacCallum, S. Trotter, Miss Hunter, Dr. R. J. Gardiner, Dr. Bruce Hopkins, and five representatives from the I.O.D.E.

Dean Connell, J. M. Campbell, J. A. Minnes and J. G. Elliott were named as a nominating committee to

bring in a new slate of officers (president, vice-president, secretary, treasurer and executive) at the next meeting, with suggestions for new directors.

Dean Connell, Dr. Ryan, J. M. Campbell and C. A. Macpherson will inspect the hospital and recommend economies.

On motion of J. A. Millie and W. R. Givens, Dr. Ryan, Dean Connell, Dr. Hopkins, C. A. Macpherson and J. M. Campbell were appointed a committee to inspect the hospital as to the conditions of its equipment and building and as to its organization. Dean Connell claimed it would not be possible to carry with as large a staff as now. Salaries at the hospital made up 61 per cent. of the total cost, whereas the average varied between 45 and 51 per cent. in other hospitals. Mr. Campbell pointed out that the heating plant would need careful consideration. This committee will likely carry out its work during the next week when another meeting will be called. The Association will have frequent meetings in future. The charter calls for annual meetings on the first Wednesday in October.

Dr. Connell made reference to the directors who have died since the Association was formed. They included the late B. W. Robertson, Dr. H. R. Duff, Dr. R. K. Kilborn, G. Y. Chown, Dr. D. E. Mundell, R. J. McKelvey, A. J. Macdonell, Miss Macdonell, Robert Meek, Prof. Codd and J. A. Hendry.

Those present at Friday's meeting were Dr. J. C. Connell, Miss Hunter, Mrs. Duff, Dr. Hopkins, C. A. Macpherson, J. G. Elliott, W. R. Givens, J. A. Minnes, S. Trotter, Dr. MacCallum, H. Davis, H. C. Nickle, Dr. Ryan, J. M. Campbell and T. A. Kidd.

**IN MARINE CIRCLES**

The tug Salvage Prince, with scow, is at the Canadian Locomotive Company's wharf.

The steamer Maplehill stopped in Friday evening on the way up from Montreal.

The steamer Mapleheath was expected from Port Colborne to-day.

The steamer Kingston passed down this morning and will clear for Charlotte on return this afternoon.

The steamer Brockville arrived from Picton with freight and will make the river trip this afternoon.

The steamer Britannic cleared for Montreal on Friday evening with a heavy load of freight.

The steamer Cedar Bay stopped in for two lifeboats on her way down to Montreal.

The steamboat Jeska is at Crawford's with coal.

The steamer Wolfe Islander had capacity loads from the island this morning.

**Calvary Social and Sale.**

A very successful social and sale under the auspices of the Busy Bees was the big event at Calvary Sunday School Friday evening.

The hall was beautifully decorated with flags and bunting. A monster fish pond supplied fun and pleasure for children and adults. The homemade tables of cake and candy were laden with the most tempting array. The flowers were beautiful, too, and found a quick sale, which was shared by the ice cream and refreshment stalls.

Rev. Frank Sanders was chairman and a varied programme of songs, recitations and piano solos was given by the Busy Bees, and splendid selections by Art Christmas' Symphony orchestra attracted a large crowd which filled the hall to overflowing.

**Made a Presentation.**

At Frontenac school on Friday afternoon, the retiring principal, Mr. McKee, was presented with a silver wrist watch, suitably engraved, the gift of the teaching staff of this school and Frontenac Home and School Club. The presentation was made by W. J. C. Allen, secretary of the Board of Education, on behalf of the teachers and the club. In making the presentation Mr. Allen expressed the regret of all at the departure of Mr. McKee, who holds the confidence and esteem of the teachers, members of the club and also the parents, and extended best wishes to him in his new post at Ottawa.

**Week-end Excursions.**

On the SS. Waubic to Cape Vincent. Tickets \$1.35, good going Saturday and Sunday. Good to return on Sunday evening and on Monday morning boat. Leave Kingston 7 a.m. and 1.15 p.m. (standard time). Saturday and Sunday special fare to Cape Vincent 75c good to return on day of issue only. Passengers taking boat Sunday 1.15 p.m. will have beautiful trip through the Islands. Phone 2195.

**Military Announcements.**

The Canada Gazette has the following references to local units: Lt.-Col. W. N. Poiston is retired under the provisions of K. R. (Can.) 267 and is granted the rank of Colonel on retirement. Lieutenant and brevet captain J. E. Genet, M.C., is transferred from the P.P.C.L.I. to the Royal Canadian Corps of Signals and made captain with seniority immediately following Capt. S. A. Lee, M.C.
