GREAT SUNDAY SCHOOL ADVANCE IS REPORTED

In Japan, Korea, China, Philippines, Brazil, Argentina, Syria and Palestine.

Glasgow, June 21.—In presenting his report to the ninth convention of the World's Sunday School Association yesterday, Dr. W. G. Landes, of New York, general secretary, reviewed the work of the association since the Tokio convention of 1920.

That convention established without question, he said, the value of the organized Sunday-school work as an efficient factor in the great worldwide missionary programme. It brought the association into a new position of influence and strength. Those who participated in the various tours during the past four years found open doors on every hand and a readiness to learn of the methods employed in promoting the Sunday school as an evangelizing agency.

As a result of this awakened interest, new National Associations have been organized in Ceylon, Burma, Czechoslovakia, Hungary, Austria, Spain, Portugal and Chili. Co-operating committees have been formed in North Africa, Constantinople, Rumania and Jugoslavia.

The Japanese National Sunday School Association, Dr. Landes said, has steadily grown in constructive influence and is now recognized as an important factor in the educational life of that nation. Recently the Tokio authorities had requested the assistance of the National Association to furnish a regular period of Christian teaching in all the primary public schools of that city.

At no period in the history of the Association had there been such close personal contact with the fields and to study needs and hold helpful conferences as in the past four years. Groups returning from Tokio have visited remote fields and inspirational meetings had been held at all stops.

The past four years have witnessed a marvelous advance in Japan, Korea, China, India, the Philippines, Brazil, Argentina, Syria and Palestine," Dr. Landes declared. "Our secretaries in these countries work under the direction of well-organized national committees representing the co-operative action and will of the missionary agencies and church bodies occupying the field. Each national organization has well defined plans for the training of an

indigenous leadership. Special prepared study courses for leaders are given in summer assemblies and training camps, theological seminaries and schools, special departments in Christian colleges, community training schools and institutes, training classes in local Sunday schools—and circulating libraries. With the growth of the indigenous or native church and the training of a native leadership, we naturally look forward to the time when the guidance from foreign or outside sources will be made unnecessary. The policy of the Association must be to increasingly surrender authority and direction to native leadership as rapidly as such leadership can be secured.

The visits made to the various parts of the world field during the past four years have revealed the great handicap under which secretaries and the missionaries labor because of the meager and unsuitable literature supply with which Sunday school work has to be promoted. Dr. Landes urged an initial effort in some part of the world field, in the creation of an indigenous lesson committee and the assistance of that committee in building and producing a complete scheme of lesson study courses that will more clearly interpret the Christian way of life, and be more definitely identified with the history, climate, ideals, tradition and evils of the people.

Declaring that if we would "avoid the repetition of facing in the future the solving of another war reparation problem" larger investment must be made in the teaching of the Christian religion, and he urged a far more liberal budget than that with which the association has had to work.

LATE JOHN DONNELLY, OSO.

Passed Away on June 15th, Aged Eighty-Eight. Sharbot Lake, June 19.—One of the oldest residents in the township of Oso passed away early Sunday morning last in the person of John Donnelly. The deceased was eighty-eight years of age and had been a very industrious farmer in Oso for many years. He had been sick only a few days, though he had been in failing health for some time. He leaves to mourn his loss three sons, Ephraim Donnelly, Neil Donnelly, John Donnelly, and three daughters, Mrs. F. Eighen, Mrs. Ferguson and Mrs. Lashop.

A very large circle of friends, neighbors and relations assembled at the house, and proceeded to St. Paul's church, Zealand, where the funeral service was held. The pastor, Rev. J. Cantrell, conducted that most impressive and comforting burial service of the Anglican church, and preached from Mark IV, 18 and 19. He also referred to the esteem and respect in which the deceased brother was held in the community. The following hymns were sung at

Summer is the Time You Want to Feel Fit

This delicious, laxative cereal is helping millions to better health.

If there's one time in the year more than any other that you want to feel at your best, it's in the summer. You want to take every advantage of your leisure moments to get out into the fresh, clear air—swimming, yachting, or wherever your fancy leads. But you can't enjoy yourself to the full unless your system is in tune with health and vigor.

Millions are daily stepping forward on the way to better health with Post's Bran Flakes. Freeing their systems from the poisons introduced by modern eating and living—through eating as their morning cereal this delicious, laxative food. These crisp, toasted flakes of bran—far more delightful and nourishing than ordinary harsh bran, because other parts of wheat are left in—afford a natural means of health regularity, just as nature intended.

Post's Bran Flakes is all the breakfast cereal you require. Ready for serving—with milk or cream. At all grocers. Insist on seeing the name "Post's Bran Flakes" to make certain of the genuine.
