## KINGSTON WINNERS OF FIRST SECTION; DEFEATED THE PETES 6-2 ON SATURDAY

Timely Hitting and Gallagher's Good Pitching Brought Ponies Through Handily Before Petes Got Started—Belleville Close Behind.

(Special to the Whig.) Peterboro, June 28.—Peterboro Central Ontario baseball team blew properly on Saturday afternoon, and gave Kingston the game, which was called in the eighth on account of rain, by the score of 6 to 2. It was not only a victory for Kingston, but it hands them the championship of the first half.

It drizzled rain from the second innings on and the field was rather muddy for a fast game. Charlie Serth, on the mound for Peterboro, was hit hard and often in the early stages of the game but in the last three innings not a man reached first base. He fielded his position nicely but his outfield let several balls get away from them which proved very costly. The Kingston crew got the drop on the Petes in the second innings when they hit Serth for a double, a single and two runs. He also walked one man in this frame but an error by Collins was the cause of one of the Kingston runs. Kingston came through again in the third with another counter while the Petes were still in the fifth. When Rice threw wild over second, the Ponies went scoreless in the fourth, but in the fifth frame, when the ball was rather greasy, they walked Serth all over the lot and collected four hits including a triple by Batstone and a double by young Compeau, which accounted for three more runs making their total six. The Peterboros dragged along scoreless in the sixth but in the seventh, with Holyman on third, Daley dropped Collins' high fly and the runner tore in while a few minutes later Collins was thrown out at second when Serth tore a hot one at Compeau, who made a neat pick-up and tossed Collins out in great style. The Peterboros were blanked in their half of the eighth but Kingston started off in the ninth as if they were going to do some more damage to the Petes and to Serth. Gallagher, the first man up in the ninth, got a single but the game reversed back to the end of the eighth and hit did not count.

while his last year's junior teammate, Purvis, played sterling ball throughout and had 15 of his team's 24 putouts.

## BELLEVILLE TRIMMED MOTOR TOWN'S CROWD

Finished Up First Section With a Flourish and Nearly Caught Kingston.

(Special to the Whig.) Oshawa, June 28.—Belleville took the second straight game from Oshawa in two days here this afternoon when they defeated the locals 5 to 3 in a rather listless exhibition. Oulette, the Belleville hurler, after holding Oshawa to three puny hits yesterday in Belleville again took the mound to-day, and the best the Oshawa sluggers could do was to collect five more slouts, three of which came in the seventh and were good for as many runs. Belleville was leading 3-0 when the local rally started and, beginning the eighth, the score was tied. Two hits in a row, including a three bagger by Oulette in this frame, coupled with a base on balls, netted the visitors two more, and this was plenty to win. Webster, the second string Oshawa hurler, was used to-day, and did fairly well, only allowing seven hits, but his support was decidedly wobbly, four costly miscues being charged against the locals.

Rain stopped the game for twenty minutes, and a drizzle fell during most of the encounter which was witnessed by the smallest crowd of the season.

## WARM UP SERIOUSLY; DEVELOP CONTROL.

GROVER ALEXANDER

### BY GROVER C. ALEXANDER Famous Pitcher, Chicago Cubs.

The successful pitcher combines the head with the arm. The pitcher who has every natural ability, but doesn't use his head, can't hope to get very far. The great batters are constantly trying to outmaneuver the pitcher. The only weapon the pitcher has is to play their game, try to outguess them. The pitcher with a good arm should seek to conserve it. In the spring he should gradually work it into shape. Go slow on spring enthusiasm, save the old arm for the warm weather. Once the arm is in shape, it is up to the pitcher to try to keep it that way by giving it every attention. The wise pitcher conserves his strength, always tries to have something in reserve. He doesn't put all his stuff on every ball pitched. Such a system soon wears him out. Rather, he works hardest in the pinch, only.

Never Too Old. Say little but listen and see much, is my choice bit of advice to every pitcher, regardless of whether it is only an amateur, a promising minor leaguer or a star in the big show. Always listen to advice from an older pitcher. One can always learn something about the art of pitching. I find it so each year. I feel that my greatest asset as a pitcher is control. What I have had in baseball I attribute more to that one thing than all others combined. Every pitcher should work for control. No matter how much stuff a pitcher may have it avails him nothing if he can't get the ball over. The greatest mistake most pitchers make is warming up. With many

pitchers it is merely playing catch, the loosening up of the muscles. No effort is made to concentrate on their pitching.

### Develop Control.

When warming up to start a game I make an effort to put some thought back of every ball I throw. Figuring the batter is weak on a fast ball inside, letter high, I try to throw several balls at an imaginary spot, conforming with the batter's weakness. Then I try to keep the next four or five balls low and on the outside, on the theory that the next imaginary batsman doesn't like that style of pitching. Then I switch to the curve ball or slow one, figuring the batsman is weak on such deliveries. Throughout the warmup period I try to do something with every ball I throw. I have an object in mind and seek to attain results.

### Never Criticize.

Such kind of pitching develops perfect control. The mere throwing of the ball to the catcher is worthless from the standpoint of acquiring control. The pitcher should never forget there are eight other players willing and anxious to aid him. The moral, don't try to strike them all out. Don't let errors worry you, destroy your poise. Never criticize a fellow player. Just remember the player who has erred feels even worse than you do about it. To sum up my career in the big league as a pitcher, I would say that the success that has been kind enough to come my way has been due to a willingness to work hard, listen to advice, and observe carefully the way the star pitchers work.

## MOSCOW SURPRISED WHEN THEY DEFEATED ISLANDERS.

Game Called in Seventh on Saturday With Score 11-3. Moscow handed Wolfe Island a surprise when they defeated them at the Island on Saturday afternoon with an 11-3 score. The Islanders made several changes, Ryan replacing LaRush in the Sixth and Goodfriend going in the box in place of Kyle in the same innings. Moscow hit more consistently and had no errors while the Wolfe Islanders had an off day. They secured only about four hits and had a flock of errors. As is usual, the winning team had the breaks. ## ISLANDERS HEADING FOR THE CASE TROPHY CHAMPIONSHIP.

Wolfe Island defeated Elginburg in a Case Trophy game on Saturday afternoon and added another notch to their good standing in that competition. Neither team broke into scoring until the third when Elginburg got two and looked like winners but the Islanders plied up a bunch in the last four innings. Wolfe Island—Allum, ss; J. ## TENNIS CLUB OPENING WAS SUCCESSFUL EVENT.

New Club is Away to an Auspicious Start With Grounds in Good Shape. The Kingston Tennis Club held its official opening at its new grounds on Saturday afternoon with Mayor Angrove serving the first B&W and a large crowd in attendance. For the information of those who have not yet visited the courts, they are situated at the corner of Earl and Macdonald streets, on the site of the old Queen's Athletic Grounds. Eight courts are ready for service and have all the necessary equipment to keep them in fine condition. Mayor Angrove made appropriate remarks at the opening of the club and joyfully remarked that he was not accustomed to wielding a racquet. However, His Worship got the ball over the net in fine style and the opening was complete. There are a number of fine playsters in Kingston—a surprising number—and when some of the members have secured practise they should round out a fine team for any tournament. The interest is keen and the success of the club is already assured. The membership is full and a good one. Secretary Stroud and Mr. J. C. Reynolds are to be congratulated on the work they have done in organizing this club. Who has enough, of no more has he need.

**Prepare the way —before you Telephone**

A MANUFACTURER who employs Long Distance in his sales, claims that the phenomenal success of a recent "Selling by Telephone" campaign was due in no small measure to the fact that the dealers were advised in advance.

He mailed each retailer a card somewhat similar to the one printed below. Three days later he called them on a Station-to-Station basis. He was able in some cases to take advantage of the lower rates that apply from 8.30 to midnight by telephoning in the evening.

The dealers were prepared and much time was saved as in many instances they had all the needed information ready. The result was that the campaign proved in, not only from the standpoint of goods sold, but the low cost per sale.
