THIRTY-THREE QUEEN'S MEN ARE SUCCESSFUL

In Dominion Medical Council Examinations—Only One From Queen's Failed.

Thirty-three of the thirty-five Queen's graduates who wrote on the recent Dominion Medical Council examinations here were successful. The thirty-sixth candidate was taken sick during the examinations and did not write the paper on medicine.

This is a better showing than was made in the Ontario Council examinations. A peculiar circumstance has arisen in the case of one student who wrote both councils. He was unsuccessful in the Ontario Council examinations but successful in those of the Dominion Council, the higher of the two and it overruled the former. Six Queen's men wrote on both examinations. A total of 220 students passed. The successful Queen's men are:

Charles S. Appleby, Parry Sound; Jesse K. Bigelow, Wailep, Ont.; Keith G. Burns, Braeside, Ont.; Ernest A. Clark, Smith's Falls; Carl W. Coohon, Ottawa; Wm. H. Costello, Arnprior; Herbert L. INSURANCE RATES UP.

On Retail Stocks of Certain Kinds—Losses Have Been Large.

Kingston's fire losses are getting too heavy for the liking of the underwriters. During 1923 they were in the neighborhood of \$500,000 and this year the first period is almost as heavy, according to an insurance authority.

The result is that insurance rates on retail stocks in Kingston have been raised fifteen cents per hundred dollars with the following exceptions: grocers, butchers, vegetables and fruit, fish and game, hardware, metals, stoves, plumbers. These types are exempt from the increase. Of course, Kingston is not the only place affected, as the rates have been raised in many other cities in Ontario. London, for example, has an increase of 25 cents per hundred dollars, and the increases run from ten cents to thirty cents.

Local underwriters say that the increase in Kingston is unavoidable and that the losses here have been very heavy during the past two or three years.

A Lad Injured.

Little Henry Turpin, who resides at 35 Clergy street, was struck by a motor while riding his bicycle on Princess street about two o'clock on Sunday afternoon and suffered severe bruises. The accident occurred at the corner of Sydenham and Princess streets. The car and the bicycle became entangled and young Turpin was thrown heavily against the curb. He was carried into the rooms of John Cornelius by A. G. Knight, druggist, and given attention, later going to his home.

To Care For The Baby.

In connection with the Baby Hamilton case the Renfrew county council approved the recommendation that the account of the Kingston General hospital amounting to \$543.75, be paid. Proceedings will be taken to recover the amount from the father of the child. It was also decided to place the child in the Children's Shelter at Renfrew.

A Happy Picnic Party.

A pleasant event was held near Lemoines' Point, when Mrs. Joseph Abramsky entertained the members of the staff of the departmental store of Joseph Abramsky & Sons. The affair was splendidly arranged, and a general good time was enjoyed by the large gathering. Mrs. Abramsky was an ideal hostess.

Thomas Dobbie has purchased Dairy King from Vincent Hall. The dam of this sire is owned by Harry Hughes, Balderson, and has a R.O.P. record of 16,139 lbs. milk and 609 lbs. of butter fat.
