## SAYS MASS EVERY SUNDAY ON KNEE CLOTH EMBROIDERED THIRTEEN HUNDRED YEARS AGO

Above, the knee cloth made by Empress Theodora 1300 years ago, now the property of Rev. Dominus Pouvolas, below.

Omaha, Neb., July 8.—Rev. Dominus Pouvolas, pastor of a struggling Greek Orthodox church here, says mass every Sunday on a knee cloth embroidered 1300 years ago by the Byzantine Empress Theodora.

It is worth a fortune. In 1916 the city of Athens offered Father Pouvolas 75,000 francs for it.

The central figure, that of Christ, is encrusted with pearls.

Existence of the art treasure became known outside the little parish during the trial of a suit brought by

the priest to collect theft insurance on a hand-written Bible of the seventeenth century.

## FORMER SCHOOL PUPILS HONOR OLD TEACHER

H. M. McCuaig Retires as Principal After Thirty-four Years' Service.

A unique celebration was held Wednesday when students and ex-students of the Welland high school gathered from far and near to renew old associations and do honor to

their old principal, H. M. McCuaig, who, after having acted as principal for the school for thirty-four years, has resigned from the staff. A large number of former pupils, many of whom now reside long distances from Welland, were in attendance. Principal McCuaig, a former Kingstonian, was a son of the late Rev. Findlay McCuaig, pastor of Chalmers church. He graduated at Queen's in 1884.

## SIMPLE, PLUS STYLE

What could be more simple, or more French, or more fascinating than this two-piece outfit of beige rep with a red ribbon tie and buttons of bright red? There is a casualness about the ensemble that is one of the most difficult effects to achieve and hence is more desired than the utmost elaboration. This is what Paris is advocating for fall and winter.

William A. Coburn, Brockville, has retired on pension from the office staff of the freight department, Canadian Pacific Railway, after forty-five years service.

## FOUR BOTTLES CORRECTED SERIOUS STOMACH TROUBLE

Oliver Mathieu Spent Small Fortune Trying to Help Wife.

"I can tell the world that my wife and myself think Tanlac is the best medicine that ever was made," recently declared Oliver Mathieu, well known railroad man, 73 Delmeille St., Montreal, Que., Canada.

"In 1908 my wife strained her stomach in such a way that she became a physical wreck. She suffered such intense stomach pains at times she could not help crying, and got so nervous and weak at one time she could not lift hand or foot. "We had paid out money for treat-

ment and medicines so long without results that it looked like her case was hopeless. But, finally, in 1922, after my wife had suffered for 14 years, I bought her Tanlac and four bottles of the medicine restored her health and strength completely. She gained 10 lbs., and has not had a sick day since. In fact, she is the picture of health and I will back up this statement to anyone."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold. Tanlac Vegetable Pills, for Constipation. Made and recommended by the manufacturers of Tanlac.

## FARMERS OBJECTING TO SERVICE CHARGE

Menie Residents Thought Schedule Had Been Arranged by Hydro.

Campbellford, July 11.—Prominent farmers in the Menie district who are anxious to secure Hydro power for their farms, appeared before the Seymour council. Those farmers some time ago united in a petition to the Hydro Commission asking for an extension of the line for the Burnbrae community. An engineer was sent to look over the grounds and the necessary number of customers was secured to make the investment pay at schedule prices.

These prices were \$35 to the consumer who took one horsepower, \$60 to those taking two, and \$75 for three. It seems that these figures were satisfactory to the prospective customers, and it was believed by them that the arrangement would be carried out. Then the Hydro demanded a service charge of \$50 a year in addition to the above rates, and the farmers felt that this made the proposition excessive. That is the present status of the affair.

Township Clerk Hay was instructed to arrange for a meeting of the farmers and Hydro officials on the 23rd of July, when an effort will be made to straighten out the differences between the contracting parties.
