Picton Tax Rate Struck. Picton tax rate was struck by council at thirty-seven mills for 1924, an increase of two mills over 1923. Club from bestowing well known Kingston hospitality on the visitors, says the Oshawa Telegram. Fine Paternal Care. The following is an example of the paternal care which Governments in the good old days bestowed on certain of their officials: In 1849 an arrangement was made for retiring the postmaster of Montreal from duties which were becoming too onerous for a gentleman of his advanced years. In the absence of a superannuation fund, the nephew of the postmaster, who was the post office surveyor at Kingston, was promoted to the postmastership, with the understanding that his uncle should receive an allowance for life out of the emoluments of his nephew's new position.

Taught School Thirty Years. Miss Annie Young, engaged as teacher in School Section No. 3, Alnwick township, for the past two years, has resigned, intending to take a period of rest. She has not decided definitely whether she will give up teaching permanently or not. She spent the greater part of her Western teaching in Brandon and Miami, Manitoba. She was born near Havelock.

Starting A Sanctuary. W. R. Caldwell, Carleton Place, has taken the first steps towards starting a game sanctuary in the vicinity of his home on the lake shore. The other day he released several wild ducks with one clipped wing, along with a number of tame birds, at his home and hopes through time to add very materially to his brood. This only can be accomplished by the co-operation of the hunters and it is hoped this will be forthcoming. It was in some such small way at this that Jack Miner started his famous preserve and now thousands of ducks and geese find their way to his home every year. The place chosen by Mr. Caldwell is a natural

sanctuary. Co-operation by the people generally may bring about a similar sanctuary on Mississippi lake.

Died at Newberry, Mich. The death is announced at Newberry, Mich., of J. C. Foster, formerly of Smith's Falls, following a surgical operation for obstruction of the bowels and appendicitis. Deceased was a prominent hardware merchant and highly esteemed. He was born at Smith's Falls in 1869. Just about a year ago he sent a cheque for \$50 as a donation to the swimming pool and a beautiful letter in which he said, "I could not help wanting to help a little financially to procure a pool for the Smith's Falls kids of to-day; while I do not think they will enjoy it as much as we did the canal, for the excitement of watching for the constable was as great sport as the swimming. I remain, still a boy from Smith's Falls."

RED HOT JULY DAYS HARD ON THE BABY July — The month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Degrees infinite there must always be, but the weakest among us has a gift, however seemingly trivial, which gift, however seemingly trivial, which gift, however seemingly trivial, which gift, will be a gift to his race.—Ruskin
