They Roll In Their Own

Their comfortable, smoothly running automobiles are a symbol of the ease which marks their journey through life.

Effortless acquisition of the things worth while is theirs—

Simply because they regularly read the Whig's A-B-C Classified columns and keep constantly in touch with the most profitable opportunities there are.

The largest per cent. of them get the very cars, in which they roll so comfortably, from the Automotive Columns of the classified section. But these cars are far from being the only things they get.

The A-B-C Ads find good positions for them—or real estate bargains—or household articles at low prices—or profitable business opportunities—and any number of other things which they need in their daily lives.

You may enjoy the same advantages—if you will read the classified section daily!
