Truss Expert Coming

Demonstrate the Famous Rice Method Free to Callers at Hotel

If you are ruptured, your big opportunity has now arrived. If you want to be free from the slavery of gongine, chafing trusses that make life a burden and misery, then HERE and NOW is the time to act.

Truss expert trained under the personal direction of W. S. Rice, of Adams, N. Y., originator of the famous Rice (Non-Surgical) Rupture Method, will be at the Frontenac Hotel, Kingston, Ont., Friday afternoon and evening, August 22nd, all day and evening, Saturday, Aug. 23rd, to give free demonstrations and trial of his safe and painless method to every man, woman and child who is ruptured.

You have, no doubt, heard and read much about this famous Rice Rupture Method and the wonderful results which thousands have reported from it. Now, you have the chance to find out all about it—to have it personally applied to your own rupture and learn just what it can and will do in YOUR OWN case. Just call at the hotel and this expert will give you his personal attention, best advice and complete demonstration entirely free.

Are you tired of that binding, hampering, uncomfortable old truss? Would you like to be done with truss wearing forever? Then investigate this Rice Method and learn the wonderful opportunity for help it offers. Remember it is different from everything else and is accomplishing wonderful results where all other treatments have failed. It is modern, up-to-the-minute, abreast of the latest scientific developments. It is the one Rupture Method you are not asked to take on faith alone—the one Method that is positively demonstrated to you right on your own rupture, without any charge whatever.

Don't let this great opportunity get away from you. Your call on the Truss Expert is sure to prove one of the best things you ever did. He will be here only two days. Remember, you do not spend a penny unless, after having a complete demonstration, you decide this is the Method for you and you—alone—are the sole judge of that.

Call any time from 9 to 12 a.m., 2 to 5 p.m., or 7 to 9 evenings. Simply ask at the hotel desk for the Rice representative and he will do the rest.

THE EDITOR'S GOSSIP SHOP.

We have a poem which exactly 211 readers have sent in as original!

Fifteen of these readers, on legal complaint, said they would be willing to defend the originality of the poem!

Now let's be frank—the reader who sends us old humor is wasting his time, paper and money. In addition, his reputation isn't enhanced with your editor.

We would much rather consider an original contribution if it had a mark of "good" than one aged in the wood even though it were "excellent."

We want original and unpublished humor. You are the ones who can help us and other readers in supplying that humor. And for profit!

They Also Serve—

 "You mean you've got to hand it to the people who lived with her."

Why Is It That the Chap Who Never risks a cent of his money in oil shares,

Never speculates in Wall Street,
 Never loans out money without gilt-edged collateral,
 Never buys a raffle ticket for anything,
 Never bets on a horse race, or takes a chance in a baseball pool—

Why is it that this "wise" bird will take a perfect stranger's advice and invest a year's savings in a second-hand car? Verily, 'tis past all understanding!

What She Was Waiting For.

He told her she was very intellectual. She frowned, but she was not entirely displeased.

He told her she had dignity and commanded respect. She smiled coldly but remained silent.

He told her she reminded him of a Grecian goddess, with her clear-cut, marble-white features. She tapped her foot with thinly veiled impatience.

Finally he got "wise." He told her she was very pretty, and asked her to marry him. She flew into his arms!

 Willie: "But Daddy, Daddy, get off the track! Mamma, make Daddy get off the track. He's got the lunch."

Paper Ninety Years Old.

Last week the Perth Courier entered upon the ninetieth year of publication and for that long period has been the recorder of joys and sorrows of all the people in this community, and some history in connection with the paper is at present in order. The Courier started into life in 1834 under the name and title of the Bathurst Courier, a name which it bore until 1852 when the first part of the designation was changed to that of Perth and an anachronism done away with.

The late Hon. Malcolm Cameron was the first publisher and remained so until 1838 the subsequent publishers being as follows: James Thompson (afterwards Sheriff) 1838-1852; Charles Rice, 1852-1862; G. L. Wal-

Do Horses Carry Hay Fever?

Byrstander in the Toronto Globe writes: "A friend who likes to spend his annual vacation on farms in Western Ontario told the Byrstander the other day that he has had to discontinue these holidays. Two or three days on a farm and along comes his hay fever, driving him back to the city and a couple of tested golf courses. This year he had a new theory. He stayed away from horses. Formerly he took pleasure out of hitching up a farm horse and exploring concessions and side roads. But he found association with horses quickly brought on his sneezes, and none of his relatives run those kind of farms where gasoline has supplanted all horsepower. The question now arises do horses carry the hay fever germ in dangerous quantities?"

At Alexandria Bay, N.Y., the Curtis flying plane, owned by Joseph Raabach, crashed into the waters of the St. Lawrence river. It was seriously injured. A driver and a passenger were rescued.
