WOULD ENCIRCLE GLOBE Argentine airmen have hopped off in an effort to fly around the world Major Zani, pilot, and his mechanic, Eeltrame, have taken to the air at Rotterdam, Holland, hoping to equal the sensational feat of American flyers—a feat which British and French airmen were unable to complete.

AMUSEMENTS

What the Press Agents Say About Coming Attractions

AT THE CAPITOL. When Dimitri Buchowetzki and Paramount get their heads together, something stirring, and then when the announcement comes out that they've made a picture, starring Pola Negri, at that, there's but one thing left to do—right over to wherever the production happens to be playing and take it in.

That's what we did last night in the case of "Lily of the Dust"—and we're mighty glad we did, too. If there's a Negri fan in Kingston who doesn't see "Lily of the Dust," then we say that he or she, as the case may be (get the poetry), hasn't seen the real Pola—the Pola they used to know in her European productions.

The feature attraction at the Capitol Theatre for to-morrow and Saturday will be "The Uninvited Guest," a photoplay of unusual merit. Never before has Kingston movie fans had the opportunity of witnessing such beautiful underwater scenes which are shown in natural colors. The sheer beauty of these scenes of tropical underwater life must be seen to be realized.

The acting is well taken care of by a capable cast, including Letty Flynn, Mary MacLaren, Jean Tolley and Louis Wilhelm.

STOCK MARKETS

(Reported by Johnston & Ward, 86 Princess street, members of the Montreal and Toronto Stock Exchanges).

Table with columns for New York and Montreal stock prices. Includes items like Amer. Loco, Amer. Can., Baldwin Loco, etc.

HEARD ON THE STREET

Local Briefs Gathered by Reporters—What the Merchants Are Offering.

Come to Rotary Moonlight on Clayton, Friday, Aug. 22nd, 7.30. Wiring homes for electric light is our specialty. H. W. Newman Electric Co.

Mr. Swaine, piano tuner. Orders received at 100 Clergy street west, phone 554w. One hour at Clayton, Friday. Rotary Moonlight—50c, dancing.

Our flash lights are durable and of strong penetrating light. H. W. Newman Electric Co., 167 Princess St. There was no session of the police court this morning and only routine business occupied the officials in the City Hall.

A local merchant paid Magistrate Bradshaw on Wednesday afternoon the usual fine for speeding on the provincial highway. Bank clearings at Kingston for the week ending Aug. 21st, \$856,392.29; corresponding week last year, \$811,649.55.

Mrs. Sharp was removed from the General Hospital to her home on Bay street Wednesday night in James Reid's motor ambulance. Just received a fresh stock of the famous Burgess Dry Batteries, for Radio, and flash lights. Longest life. H. W. Newman Electric Co., 167 Princess St.

Sidney Amey, Perth Road, who, it is alleged, was an accomplice in the theft of mica, gave himself up to the authorities and was placed in the county jail Thursday forenoon. A Ford car going to Cataract ran into the ramp south of the C. N.R. tracks and on the right side of the highway Wednesday night. Fellow motorists pulled the car out. The only damage was a punctured tire.

NAVAL DEFENCE. Essential For Empire's Safety, Says Admiral Field. Quebec, Aug. 21.—"When you ask me as to the naval defence policy to be adopted by the overseas Dominions of the Empire, I would say that it is a very delicate question to consider; but if you would like me to express my opinion on the subject, I am willing to state that, providing the Dominion of Canada or any other overseas Dominion within the British Empire is desirous of maintaining their own navy, it would be, to my mind, the finest Dominion thus affected; while at the same time, it would be a magnificent help to Great Britain."

Such was the substance and text of an interview given to newspaper representatives by Vice-Admiral Sir Frederick Field, K.C.B., C.M.G., on board H.M.S. Hood yesterday. HUSBANDS COMPANIONS. Wives Better Treated in England, Says U.S. Novelist. New York, Aug. 21.—Englishmen make better husbands than Americans, because they "treat their wives as companions and not as American husbands treat their dolls, spoiling them with presents, furs and jewels," says Mary Borden, the novelist, who has returned to the United States for a visit after an absence of eleven years. She is the wife of General E. L. Spears, who has been a member of Parliament for three years.

"English husbands don't nag," continued Mrs. Spears. "A wife to an Englishman is a pal, and their life is more normal than over here. The Englishwomen do everything the men do, and so they do not have so much time for frigate and clothes. Consequently they are not as good dressers as American women."

THREE ARE DROWNED. While Trying to Escape From a Burning Motor Boat. Severn Falls, Aug. 21.—While attempting to escape in a rowboat from a burning motorboat near here last night Percy Beatty, of Severn Bridge, Gerald Garrity, of Wauwaschene, and Arthur Heels, of Wauwaschene, all between twenty and thirty years of age, were drowned when their craft capsized.

Injured in Collision. Mr. Fish, of Napanee, is in the Hotel Dieu suffering from a broken hip received in a collision in Napanee Wednesday night when two motor cars came together. Both cars were badly damaged.

Cheese Board. At the Frontenac Cheese board meeting Thursday afternoon, 324 boxes sold at 17 3-16 cents. Ten Cents Friday Morning. For today's 20c raspberries, if we have any unsold at Carnovsky's.

When William Finch, a man weighing 350 pounds, died at Potsdam, N.Y., this week, it was necessary to have a special casket built to hold the remains. An earthquake near Osh, in the province of Semirychensk, Russian Turkistan, has caused the death of forty-one persons in three villages and rendered 8,000 people homeless.

A Kitchener man was arrested charged with stealing wife's money to defray expenses of bigamous marriage to another woman. The president of the Retail Merchants' Association deprecates a tendency toward centralization of capital. The pessimist takes delight in telling you your mistakes after it is too late to remedy them. South Africa is planning to segregate Asiatics.

Searchers Find Body. Peterboro, Aug. 21.—A party of searchers early today found the body of Levi Payne in Indian River, one mile south of Warsaw where he resided until last Tuesday, when he left home to go fishing in a canoe. He was subject to weak spells and it is believed that he had fallen from the boat when overcome.

Likely Seized With Stroke While He Was Fishing. North Bay, Aug. 21.—The body of J. Z. Gross, a prominent citizen of Harrisburg, Pa., was found in the big French river near Little Chaudiere Falls on Wednesday afternoon and landed at Sturgeon Falls last night for shipment to his home city. Mr. Gross was a member of Solid Comfort camp and was fishing from a skiff when he met his death. Doctors who examined the body stated that death was not due to drowning but to heart trouble, and expressed the belief that unusual excitement caused by hooking a big fish while standing up might have brought on a stroke and the body had fallen overboard.

SPORT

GAME FIXED FOR TUESDAY AT 5.15 O'CLOCK

Peterboro Now Wants Play-off Game, if Necessary, Staged at Cobourg.

At a meeting in the Randolph Hotel on Wednesday evening, at which Secretary J. G. Nott, of the C.O.B.L. and representatives of the Kingston and Peterboro teams were present, it was finally decided to play the Kingston game of the playoff on Tuesday, August 26th, at 5.15 o'clock.

Peterboro, veering from its former alleged desire to go to Belleville for a third possible game, asked for Cobourg as the playoff site. Kingston stayed fast to its decision and asked for Belleville. The decision will be made on Saturday at Peterboro, when the C. O. B. A. executive will meet.

Many citizens had hoped that the game would be held over until today and thus disposed of. This is the rule under the O. B. A. playoffs but not under the C. O. B. L.

WHIG'S TELEPHONES BUSY.

Announcing Queries About Kingston-Peterboro Game on Wednesday. As an evidence of the interest taken in Kingston in sporting events in general and in baseball in particular, the four telephone lines of the British Whig were kept going steadily for about three hours on Wednesday afternoon, answering enquiries about the Kingston-Peterboro playoff game here. The heavy rains and sudden cessation, made the issue a doubtful one and calls were doubled because of the fact that it took some time for the officials to reach a decision.

Just as the rush started, lightning put about one hundred telephones out of commission and the switchboard in the main office of the Bell Telephone Company showed just that many more lights and caused a little trouble for the girls until the lights in trouble were capped. Every operator on the long board was rushed at top speed to keep up the service and hundreds of enquiries poured into the Whig office over the four lines. The service rendered by the operators was excellent and it is only to be hoped that the Whig's service deserved as much appreciation.

With The Bowlers. In the regular doubles, Series A, at the Queen's bowling green, W. Linton and R. Sloan have won from M. Manahan and A. Melkiejohn, 14-11. In Series B, J. J. Newman and R. McGielland have won from W. H. Montgomery and J. T. Hawkey, 14-12.

THE SOLUTION OF WORLD'S FOOD SUPPLY Lies With Canada, According to Sir Henry Row, British Authority. Winnipeg, Aug. 21.—With Canada lies the solution of the problem of the world's future food supply, declared Sir Henry Row, an authority on world food problems, who is now making a survey of agricultural problems in western Canada, to the Canadian Press last evening.

"Fundamentally," he said, "the problems here are essentially the same as the problems which face the farmers in Britain, but it requires but a few days travel in Canada to bring home the fact that the Dominion's problem is really a complex one which varies considerably with transportation facilities."

FOUR WERE KILLED AND TWENTY INJURED When a Passenger Train Strikes a Paving Truck on Crossing. Cranford, N.J., Aug. 21.—Four men were killed and at least twenty persons injured when the Philadelphia and Reading passenger train travelling at a high rate of speed on the tracks of the Central Railroad of New Jersey, struck a truck of the Newark Paving Co., loaded with crushed stone at Lincoln avenue crossing on the dividing line between Cranford and Garwood today.

Permit for Bullfight Is Quickly Revoked Atlantic City, N.J., Aug. 21.—Issued at 2 o'clock yesterday afternoon, a license to permit bullfighting exhibitions at the Atlantic City dog race track was revoked an hour later after the Atlantic City Rotary club visited the city commissioners in a body and protested against the spectacle.

The fights had been advertised for several days and were to have started last night. Acting Mayor Anthony M. Ruffus said he had granted the license on representations that there would be no bloodshed, and that swords made of rubber would be the only weapons.

Major Oscar N. Solbert, U.S.N., Engineer Corps, has been designated by Secretary of War Weeks, at the request of President Coolidge, as honorary aide-de-camp to the Prince of Wales during the coming visit of his royal highness to the United States. Canada's exports show big gains in the first quarter of the fiscal year.

Coming Friday Morning. Blueberries from the Saguenay district, 25c a box at Carnovsky's.

A FORGED TELEGRAM CAUSED GREAT WAR Declared Austrian Emperor Did Not Sign Declaration Till He Saw It. Vienna, Aug. 21.—It was a forged telegram that induced Emperor Francis Joseph of Austria-Hungary to declare war against Serbia in July, 1914, according to a statement by Col. Seliger, who at the time the war began was chief of the press bureau of the Vienna War Office, published in the Vienna Tageblatt. Col. Seliger says that a telephone message to the press bureau reported that Francis Joseph at last had signed the war declaration, but that he had been persuaded to do so only after great difficulty.

It was the very next day, says the writer, that Count Kinsky, the famous courtier, informed the press bureau chief that the telegram was a forgery, and that actually there had been four casualties in the fighting along the Bosnian frontier. Just who it was who forged the telegram is not stated.

DEMPSEY'S NEW NOSE. The Champion Has His Face Recast for Pictures. Los Angeles, Cal., Aug. 21.—Whoever opposes Jack Dempsey in the next battle for the heavyweight ring championship will have an opportunity to test his marksmanship on a nice new nose.

The world's champion yesterday went into retirement with a bandaged face after bowing to the film-dom fad of having one's nose rebuilt to suit the cameraman. Since Dempsey has been publicly connected with the motion picture industry all summer, there was no way out of it, and, accordingly, the plastic surgeon was given permission to cut away a piece of the boxer's left ear and put it where it would make his nose look like Valentino's. It will be a week the doctor said, before the new nose can be unveiled.

SHOT FIANCEE'S FATHER. Girl of 14 Removed Obstacle to Marriage to His Son. Paris, Aug. 21.—Had Juliet lived in modern France, Shakespeare's tragedy would have been different. She would have taken a revolver and shot her Romeo's father. That is the version of blighted love and parental refusal as enacted yesterday at Bourg Saint Andeol, Juliet, whose name is Marie Rossignol—Nightingale in English—is fourteen. She loved Romeo, Louis Chiron, aged fifteen, and they planned to marry. But Juliet's father forbade the unions. Revolver in hand, Juliet waited for him as he passed down a country road from his home near the little town, and with a sure aim sent a bullet through his head. Then she ran home to tell Louis there was no more any obstacle to their marriage.

When she was arrested this is all she had to say: "He didn't want to be happy—so much the worse for him."

Major Oscar N. Solbert, U.S.N., Engineer Corps, has been designated by Secretary of War Weeks, at the request of President Coolidge, as honorary aide-de-camp to the Prince of Wales during the coming visit of his royal highness to the United States. Canada's exports show big gains in the first quarter of the fiscal year.

MAY RAISE LAKES LEVEL—A Canadian engineer proposes to raise the level of the Great Lakes by means of dams in the Albany and Ogdon Rivers. A watershed of some 20,000 square miles would thus be added to the lakes, compensating for the loss through the Chicago Drainage Canal.
