

SHIPMENTS OF CATTLE TO GREAT BRITAIN

Some Valuable Information is Given to Farmers and Stock Breeders.

Ottawa, Sept. 3.—Some interesting information to farmers and stock breeders is contained in a statement issued here by the Dominion Experimental Farms regarding the experimental shipments of store and fat cattle and chilled beef to Great Britain made by the Dominion Experimental Farms during the past three years.

In a shipment in May, 1924, consisting of 140 head of store cattle of different ages and weights from experimental stations at Lethbridge, Alta., Scott and Roschorn, Sask., and Lennoxville, Quebec, it is shown that the total cost of shipment to Manchester, per steer, was as follows: From Lethbridge, \$42.60; from Scott, \$39.96; from Roschorn, \$42.13; and from Lennoxville \$28.95.

Fat or short keep cattle (average 1,309 lbs) from Lethbridge shrank 7.5 per cent. in the rail and ocean shipment, according to the statement, and steers not so well finished (average 1,255 lbs) from the same farm lost at the rate of 8.8 per cent.

Cattle from Scott, Sask., shrank 8.1 per cent. in the case of yearlings (average 990 lbs) and 8.8 per cent. with two-year-olds (average 1,268 lbs), while 1,143 lbs. Angus feeders from Roschorn lost 7.7 per cent. and 1,322 lbs. butcher stores shrank 9 per cent.

The deductions drawn by the experimental farms from these shipments, according to the statement, shows: 1. It was apparent that care in rail shipping from the west has much to do with minimizing shrink. Overcrowding is responsible for heavy loss and cattle arrive at port of loading in a more or less exhausted, shrunken condition. Several hours' rest is ad-

WELCOME TO WAYSIDE, HENRY

Mr. Ford, of Silver Lake, seems to be quite puzzled by the rousing reception he got when he gave a picnic at historic Wayside Inn, which he purchased some time ago. Some 2,000 persons from farms and towns of Middlesex county, Mass., attended. Thomas Edison and Harvey Firestone are also guests of Henry.

visable at feeding points where the exercise and opportunity to relax is possibly more important than the feeding.

2. Fat cattle lose more than those in a less forward condition.

3. Ocean shrinkage is comparatively light (under fair conditions as to weather and attendance). "It is frequently stated that it pays just as well to sell in Canada as to export," the statement continues. "In a general way this is true. It should be distinctly remembered, however, that for the classes of cattle required by Great Britain the export trade has established or stabilized Canadian prices. In other words the British market has pulled up Canadian prices to the same level, costs of shipping considered. This has been proven in two shipments made by the Dominion Experimental Farms this season. If the price of cattle in Canada is equal to net export prices, this benefit is directly due to the removal of the embargo."

4. Gladys Woodlands—Lit. (c), Eng. Comp. (c), Fr. Comp. (c), Fr. Auth. (c). Monica Wiedmark—Anc. Hist. (3), Br. Hist. (1).

5. Clark McGee—Fr. Auth. (c). Willie Vancamp—Phys. (c), Chem. (c), Br. Hist. (2), Eng. Comp. (c), Fr. Auth. (c).

6. The British feeder likes best a bullock that is young enough and spare enough to grow and fatten at the same time.

7. The lighter spring shipped feeder steer may go forward from February to April, to finish off grass as fat in August or September. During April, May and June the "short keeps" or cattle forward in condition will find a market provided they will develop not more than an 800 lb. carcass when subject to a "short keep" following period. The short keep, fat or butcher steer, when exported, represents a heavier investment (greater feed cost) to the shipper and is frequently a riskier proposition. Shipping the feeder steer that has been developed largely on grass and home grown roughage with little concentrates involves minimum risk on the part of the shipper and allows the British feeder to do the gambling.

8. The time of shipment, therefore, has much to do with the weight and age of steer to ship. The young light weight steer is very popular as indicated by this experiment. The economy of shipping the 900 lb. steer is doubtful. Speaking generally the butcher or retail type of steer commands the highest price when fat. The British dealers like the handyweight butcher steer, just as in Canada. The shipper would do well, therefore, in selecting steers that would land in England weighing not greatly in excess of 1,250 lbs.

9. Horned cattle are at a distinct disadvantage.

10. Branding on the ribs is decidedly objectionable.

11. Finally, it may once more be pointed out that Great Britain need not be considered as a profitable outlet for the common butcher steer, of which there is too great a percentage on our markets. Breeding herds of beef cattle in Canada cannot be allowed to deteriorate if we are to cater to and make a name for ourselves on the British market.

MIDDLE SCHOOL RESULTS.

Of the Cardinal Continuation School Are Given.

The Smart Thing for Fall

at JACKSON-METIVIER'S, Limited

Revealing Fashion Tendencies For Fall

With New Apparel in Distinctive Modes

THE NEW WRAPS

Are Lustrous in High Pile Fabrics and Rich in Fur Trimmings.

\$15.00 to \$69.75

Very Sporty. Sport models in Checks and Camel Hair, base their smartness on swagger lines and mannish lack of trimming, while the rich, dark brown and black pile fabric of the more elaborate styles drape with pliancy of softest velvet, and boast of rich fur trimmings.

The collection is so widely varied that there is a coat for every type.

A price for every purse.

The New Frocks

Capture Elegance With Rich Fabrics and Graceful Lines

\$19.75 to \$65.00

The Cloth Frocks are destined for a career of smart usefulness this Fall, for fashion designers have created the most alluring new models in fine Poirer Twills, Veldyne, Charmeen.

The Cape Back

Very swank and cavalierish is one's dress in the new Crepe Pleated Cape with trimming of lace. The Cape is detachable. Others in this chic style from \$19.75 to \$37.50.

NOTICE

Now is the time to make your selection of your Fall Coat—your style, your size, your price are here in large assortments. A small deposit will insure you early selection.

Good Advice For Nervous People

WHAT WORNS, FRAZZLES, UNSTRUNG, "JUMPY" NERVES REALLY NEED.

When you are run down, out of sorts, the easily, have lost confidence in your ability to do things, and ambition seems to have deserted you, it's a sure sign your nerve force has run down and that your nerves need a stimulant to restore to your system its old-time strength and energy, and bring back the good old pep that used to make you famous.

Madrox Drug Store, Princess Street, L. T. Best, Princess Street, M. R. McGill, Princess Street and University Avenue, and many other of the leading drug stores in Kingston and vicinity, are selling a wonderful nerve remedy called Ferro-Peptide on a positive guarantee of satisfaction or money back. It's amazing how quickly Ferro-Peptide tones up the entire system, calms and steadies the nerves, and puts vim, vigor and vitality into men and women who are flagged out, nervous, despondent and ambitious.

Thousands testify to their remarkable value in cases of severe mental depression, nervous prostration, nervous dyspepsia, trembling, "jumps," "digging," and the generally unstrung nerves that come from excessive worry, lack of sleep or overindulgence in drinking, eating or smoking. They never fail to benefit you as they blue and feel as though you didn't give a hang, or are cross, irritable, and your nerves are right on edge, get nervous and with every nerve a few days, and see what a wonderful improvement they make in your whole nervous system.

A WOUND IS AN OPEN DOOR

Absorbine Jr. enables you to shut the door quickly.

The skin is Nature's own protection against germs. When it is bruised, broken or cut, that protection is withdrawn. The door is open. As quickly as possible Nature closes it by forming what we call a scab and renders you comparatively safe against infection. But this scab sometimes takes days to form and until it has fully sealed the wound, even until the wound has thoroughly healed again you must furnish the required protection yourself.

A few drops of Absorbine Jr. in the water will give you an antiseptic wash that will kill all possibility of infection and help nature to heal the wound. As well as being a very powerful germicide, Absorbine Jr. will draw out the inflammation and bring instant relief. Absorbine Jr. is antiseptic, germicide and liniment in one container—handy to keep always in the house; easy to carry around if you travel.

\$1.25 at your druggist's.

AT CAMDEN EAST.

Former Residents Welcomed—Mrs. Berry Falls Downstairs.

Camden East, Sept. 1.—Mrs. Berry, an aged lady who lives north of Camden East, and has been blind for some years, had the misfortune to fall down stairs and hurt herself quite badly.

Those attending Toronto exhibition from his place are: R. W. Loughmore and Miss E. McGaughey, Mr. James Sewell and son and E. Chifford Skinner and family.

On Sunday morning in the Methodist church Rev. Roy MacWilliams took charge of the service. He spent several years in Japan and knows from experience about missionary work.

The Misses Glover of Toronto, are visiting their aunt, Mrs. A. Dickson, and cousin, Alex; Mrs. Annie Longmore, a former resident of this place, is visiting at the home of her brother-in-law R. W. Longmore, Mrs. W. Genan and family are spending a few days at Ottawa visiting Mrs. Gehan's sister, George Babcock as getting better. Mr. and Mrs. Percy Scott called on Mrs. Robinson on Sunday. All were glad to see James Shane of Kingston in the village on Sunday last. R. W. Longmore arrived home last night from Toronto.

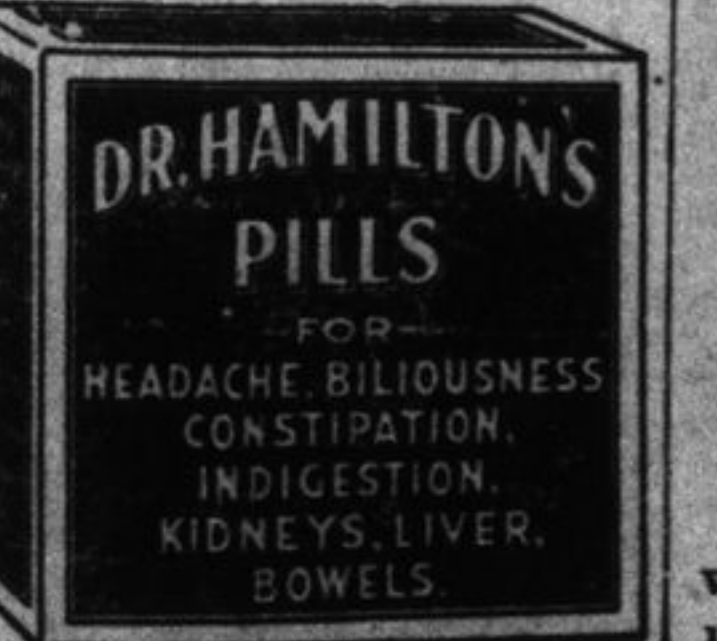

A. Alkenbrack and family, also Mr. G. Riley, and family have arrived home from Varty Lake where they have been camping for a few weeks. The school starts on Tuesday. The hunters started this morning for ducks. The Scale inspectors were in the village last week and found everything all right.

Messrs. Hough and Salsbury are the early birds. They draw milk to the condensery at Napanee, and go through here with their first load about 4 a.m. Mr. and Mrs. Stanley Ball were in the village on Saturday. Harry Saul, E. MacWilliams, E. Hawley and Joseph Lewis started on Sunday for Toronto exhibition.

Had a Jolly Picnic. On Monday, the members of Leicester Lodge, No. 33, Kingston, and Cambria Lodge, No. 134, Gananoque, Sons of England, with their wives and families and members of the Daughters and Maids of England held a joint picnic at Lake Ontario Park. In the afternoon a cricket match was played between Kingston and Gananoque Lodges, the score being 1st Innings, Kingston 39 runs, Gananoque 3 runs; 2nd Innings, Kingston 54 runs; Gananoque 42 runs.

Supper was then served in the good old English style, everybody doing justice to the repast. After supper a game of baseball was played by the ladies and gentlemen of the combined lodges, a most enjoyable time being spent by all present. Bro. I. C. Edwards, Leicester Lodge and Bro. T. Bovey, Cambria Lodge were presented with prizes for the highest score in the cricket match. The committee in charge was composed of Bros. P. F. Stacey, F. H. Cobham, and T. J. Grigs.

Liberality consists less in giving much than in giving seasonably. A pure mind is the most august possession.

Notes From Selby.

Selby, Sept. 3.—A number from here are attending the Toronto exhibition. Mr. Richmond took charge of the service at Bath on Sunday night. The W.M.S. ladies will hold their meeting on Thursday afternoon. Mrs. Perry, Napanee, will take part in the meeting. Miss McCauley is visiting friends at Deseronto. A number of the W.C.T.U. ladies met at the home of Mrs. D. R. Sexsmith last Wednesday. Mrs. Brandon is spending a few days with her daughter, Mrs. Shell. A number attended the ball game at Napanee on Monday between Tamworth and Wolfe Island.

Visitors: Mr. and Mrs. Franklin, Mrs. McMaster's, and Mrs. Phillips and son and Mrs. Alexander at D. McKim's; Miss Eileen Gou at F. L. Amey's; Mr. and Mrs. Jay's; and son at J. E. Hudgins'; Miss Alma Wood at A. Wood's; Mrs. Weiss and Miss Helen Miles at L. Irma's.

Fallbrook Items. Fallbrook, Sept. 1.—Sunday was a very warm day, the thermometer registering 92 degrees. School opens again tomorrow after the holidays. Miss Mae Ughart returned to Fallbrook, accompanied by her sister. Quite a number are fishing at Bennett's Lake for the holiday. Miss Effie Forgie is spending her vacation at her home here. L. G. Kerracher left for his school in Toronto, to-day. Miss Mary Keays returned to Ottawa after visiting for some time at Mr. T. J. Ennis'. The young people enjoyed a social evening at the home of Mr. J. W. Walroth on Friday evening. Mr. and Mrs. R. dePlanque of New York have been spending a few weeks in Fallbrook with Mr. and Mrs. Walroth.

There is no virtuous man without some vice, or any wicked man who has not some virtue.

Tichborne Tidings.

Tichborne, Sept. 1.—The weather for the past few days has been very warm and has been appreciated by farmers. The bazaar held on Wednesday last was a grand success, and a good amount of money was realized. A number from here attended the funeral of Miles Goodberry on Saturday. A few from here took in the picnic at Bedford on Saturday. Alfred Steele is spending a few days in Toronto. William Severbrick and family are at Joseph Steele's. Mrs. Revell and family at Mrs. A. Kennedy, Sr.; Alonzo Kennedy, Jr. and family at George Bertram, Crow Lake; Fred Car, Verona, at F. McEwen's; Mrs. William McFarland, New Liskeard, at Mrs. S. Stinson's; Mrs. Goodfellow has returned home after spending two weeks with her sister in New Ontario.

The famous bridge game, one of the scenes from the great comedy, "The First Year," which comes to the Grand Opera House Thursday, Friday and Saturday, with matinee Saturday.
