"THE FIRST YEAR"

Will Open the Season at the Grand Tonight. The popularity of the Grand Opera House by Theatrical Enterprises Limited for three nights commencing to-night, with a matinee on Saturday, is easily Cosden Oil understood. Frank Craven has written a play so close to human nature that everyone who sits through the performance comes away with ings and failings and g generally better outlook on life. New York critics agreed during the long run of the comedy at the Little Theatre that "The First Year" is better than

a sermon and funnier than a circus. The Canadian production has been staged with the utmost skill under world's champion producer of clean plays for their first production. Enthe pestimistic tradition of theatrical wiseacres by presenting "Turn to the Right," which he brought to

Following "Turn to the Right came "Three Wise Fools," "Lightnin," "Thank U" and "The First Year," all of which have been tounding hits, "The First Year" breaking all records for an American comedy, the former record being that of 657 performances held by Hoyt's "A Trip to China Town" for a quarter of a century.

Betty Compson in "The Female." The feature attraction at the Capitol Theatre for three days commencing to-day, will be one of unusual merit, it being one of the famous Paramount specials for fall release. Owing to our being well up in our bookings, we have been ex tremely fortunate in securing for pre-release showing Betty Compson in "The Female," a photoplay of unusual power and beauty. In this way Kingston fans will have the opportunity of witnessing it before many of the larger centres, it being, in fact, the first showing anywhere in Canada.

For sheer strength of story "The Female" will be surpassed by very few photoplays, it being adapted Shortly after noon to-day the new from Cynthia Stockley's famous tug Donnelly, of the Donnelly Sal- story, "Dalla, the Lion Cub," which vage and Wrecking Company, set enjoyed a successful run in the Cosmopolitan Magazine. Pleasing Picture. "Torment" is delighting hundreds of persons in this community this week, paradoxical as it sounds. For "Torment' in this particular instance is anything but painful. It s the fascinating picture showing at the Strand Theatre and it is "very

easy to take." The production is well named, for it involves the torment of the Russian revolution, the torment of the Japanese earthquake, the torment of guilty consciences, the torment of robbery ,and, last but not least, the

torment of love. The principal roles art splendidly enacted by Owen Moore, Bessie Love, and Jean Hersholt. It will have las last showing to-night.
