EXHIBITION'S GOOD START; MORE FEATURES THAN EVER

The Official Opening on Tuesday Evening--Exciting Horse Races--The Exhibits in Various Departments Have Never Been So Good.

The Kingston Industrial exhibition for the Ontario championship, by was officially opened on Tuesday evening at eight o'clock, when A. W. Haycock, M.P., for West Salford, England, son of J. L. Haycock, Adolphustown, gave the opening address from the grand stand.

It had been planned that Mr. Haycock would open the fair at one o'clock, but the directors and manager thought it wise to allow him to speak before a larger gathering in the evening.

R. J. Bushell, when introducing Mr. Haycock, said that he was a product of Frontenac county, who had some overseas and been able to hold his own, and it gave him a great deal of pleasure to introduce a man who had done honor to his native country.

Mr. Haycock, when rising to speak said: "I cannot tell you how glad I am to be here. I feel happy, and it is certainly good to see this fair." He also stated that he wondered if there is still the old hole under the north-west corner of the fence, where he, with many other boys, had crawled through. He informed the directors that he had never paid to enter the Kingston fair as yet.

He complimented the directors and the manager, for their ability in putting this show across. Mr. Haycock stated that it was wrong to think that the Labor Government, of which he is a member, had no interest in Canada, and he reminded his hearers that there is a Labor Commonwealth group in connection with the Government which is looking after the interest of the Dominions.

He spoke of paying twelve cents per pound for apples in England, when the producers in Canada only got one dollar and a half per barrel, and said that the Canadian trade would be greatly increased if the middle men were cut out. This would mean that prices would be lower, and there would be a greater demand for the goods.

The attendance at the fair on Tuesday was exceptionally large considering that it was the first day, and all of the exhibits were not in place. There was a bumper crowd present in the evening, and the directors are looking forward to the largest attendance on record for the four remaining days of the exhibition.

HOME BANK TURNED OVER HEAD OFFICE

Money Was Borrowed From Bank and Holding Company Gave Bond.

Toronto, Sept. 17.—"Did you tell Ocean G. Smith that this scheme was false and fraudulent and improper?" Such was the query put by Gordon Shaver, counsel for the accused former chief accountant of the defunct Home Bank of Canada, Ocean G. Smith, to Edward L. Middleton, solicitor for the Canadian Property Company, at yesterday's session of the Home Bank case before Judge Coatsworth.

The "scheme" referred to was the manner in which the bank turned over its head office at 8 King street west to the Holding Company. Mr. Middleton said emphatically that he did not tell Smith any such thing, because he did not think the scheme false and fraudulent. The "scheme" was that the King street building should be turned over at a price of \$225,000 by the simple expedient of borrowing the money from the Home Bank and giving it a bond therefore.

United Empire Loyalists.

The United Loyalists under Capt. Grass (W. H. Herrington) arrived and this scene was of great interest. Major Everitt was represented by a descendant of his, Dr. O. W. Daly, Mrs. E. J. The taking of the oath of office in old St. George's as first lieutenant-governor of Upper Canada by Major John Grass, Simcoe, was most effectively worked out. Harve), and Mollie Brant (Mrs. Amrose Shea). Governor Simcoe was represented by Prof. J. F. McFadyen, the chief justice by Dr. P. G. C. Campbell, and the six councillors were represented in the court dress of the period. Rev. John Stuart, first rector of St. George's, was Mr. A. E. Weller.

The market square with the ladies going to market and the declaration of the war of 1812 read by the lieutenant of Frontenac, a part taken by Mr. H. H. Horsey (Ottawa), made a stirring scene and the couriers riding off to tell the news to the settlers a bit of action. The hero of this period, General Brock and Commander Yeo, (Major Tremaine and Capt. M. Haney, V.C., crossed the stage once.

The Call of 1914. Then silence and peace for one hundred years, till the call "To Arms" rang out in 1914, and from the wings came marching the men of the P.W.O.R., most of them veterans, and the drilling so familiar a sight on the streets of Kingston for four years, and the march to the front were most realistic.

The Scotch pipes and the graceful dancing of Miss Jean Douglas were greatly appreciated. More charming dancing from Irish, French, Dutch and English girls and drills by sailors and the boys of the Sea Cadet corps and then the men came marching home with the nursing sisters, the overseas nurses in blue uniforms. The national dance.
