## THE TOWN WATCHMAN

When Canada declares war on the smugglers, she will really be declaring war upon practically all her inhabitants. Even those in high authority smuggle materials into the country just as a matter of course. The wives of many protesting dealers are regular offenders.

A picture of John Wesley wearing the Geneva gown, long cassock with girdle and bands has been found, and the wonder is expressed that Methodist ministers generally do not follow the example of the founder of their church.

While R. R. F. Harvey has been organist of St. George's cathedral for twenty-eight years, his sister, Mrs. J. R. C. Dobbie, has a record of thirty years as organist and choir director of Chalmers church. Brother and sister have long been leaders in the musical circles of Kingston.

It is apparent that Robert J. Bushell, the prime director of the Kingston fair, has a greater pull with the Weather Man in Leap Year than in other years. The weather is said to have been right for the local exhibitions during Leap Years, but sometimes wrong during other years.

A certain Kingston church several years ago discontinued holding mid-week prayer meetings, the reason being given by some of the folk that the congregation no longer needed these services. Now the mid-week meeting has been re-established and some other folks are asking the cause.

If the police arrest all those people who offer bets on rugby matches the coming fall they will keep the magistrate very busy levying fines. Even the son of the British king lays wagers and he is a pretty nice young fellow.

No wonder our friend A. W. Haycock managed to "get in" at the last British general election. He tells us he was used to "getting in" under the fence of the fair grounds in years gone by, instead of through the gate.

Those Alexandria Bay hotel proprietors are persistent fellows. They have been raided by the state police twice in three weeks and jailed. It is said that an hour or so after each raid, the open sale of liquor was resumed.

According to a Queen's professor, just returned from Europe, the Germans are very much interested in Canada. They will have to get truer reports concerning this country next time they decide to stage a war. They were interested in Canada then, but they failed to understand the temper of this country. The Queen's professor who has just returned could certainly enlighten them.

More pep is needed on the city's down town streets during fair week. In the old days there was more noise. Manager Bushell should have some band music on the streets to create enthusiasm. There is nothing like a band to liven up the people.

Cartoonists may make capital out of a woman wearing a pained look while lying abed suffering with the tummy ache after deciding what caused the disorder, but there is surely a good deal of satisfaction in knowing just what part of the salad did the poisoning. One's recovery seems more rapid after the cause has been established.

Queen's university professors surely travel into the uttermost parts of the earth. One has been lecturing to the Germans, while another has been enlightening the people of South America.

### DEATH OF MISS C. CURSON.

She Will Be Much Missed in Battersea.

Battersea, Sept. 18.—The death took place on Wednesday, Sept. 18, of Miss Charlotte Curson, of this village, in her seventy-fifth year. Deceased was highly respected and will be greatly missed by her many friends. She was a member of the Methodist church and was always active in church work. The sympathy of the community is extended to her sister, Mrs. Thomas Hogan.

Mrs. S. J. Lake has gone to Holyoke to attend the funeral of her nephew, Harry Brown. Mrs. S. Jamieson has returned home after visiting friends in Napanee. Mr. and Mrs. B. Clark and Misses Pearl Christley and Ora Botting spent Sunday in Westport, the guests of the latter's parents. Mr. and Mrs. James Botting.

Many from here are attending the exhibition at Kingston this week. Miss Flora Clark underwent an operation for appendicitis in Kingston, on Thursday, Sept. 18th. Best wishes are extended for a speedy recovery.

Bears Around Vennachar. Vennachar, Sept. 18.—Born to Mr. and Mrs. Stanley Gregg, a son. Mr. and Mrs. H. Bourk, North Bay, were recent visitors at Stanley Gregg's. Mrs. George E. Hughes has returned from visiting friends near Odessa. Fire from the chimney caught in the roof of the Cowan house, but was put out before much damage was done. Bears are quite plentiful around here this fall. A pair were seen in a near by lake to-day.

To manage men one ought to have a sharp mind in a velvet sheath. The smallest act of charity shall stand us in great stead.

## House Cleaning For Fall

The proper method to care for waxed floors is to saturate a piece of steel wool with Old English Brightener, rubbing briskly to remove the soiled or worn places—the Brightener does this without removing the wax or finish. Touch up occasionally with Old English Wax to keep in good condition. We are featuring the three articles this week at one price for the thrifty housewife.

#### Egg Market Review.

Ottawa, Sept. 19.—A fairly good trade continues to be done in eggs for domestic consumption there being a steady demand for small lots to meet immediate requirements and as receipts of fresh stocks are none too large to meet the wants of the trade, the tone of the market is firm with prices well maintained.
