## Y.M.C.A. News

The physical department are considering starting boxing classes in connection with the regular gymnasium periods, also special classes in swimming and life-saving. Qualified instructors will of course handle this work.

The swimming tank is to be repainted while the lockers are being repaired and painted.

The setting up conference will like ly be held the latter part of September or October. Many comments have been heard from citizens remarking on the improvement on the building of the Kingston Y.M.C.A. sign which has recently been repaired and new lights installed. The sign faces Princess street, having been placed near the top of the tower and it can be seen from quite a distance making a splendid advertisement for the local "Y".

Mr. Harlowe is planning a series of moving pictures for the younger boys every Saturday morning at 11 o'clock The pictures will be shown in the banquet hall and are for members only but special tickets will be given chums of "Y" members. Mr. Harlowe will also give interesting talks to the boys at intervals when pictures are being shown. It is expected that many of the boys will take advantage of this Saturday morning entertainment.

A physical committee has been chosen to advise the board concerning gymnasium work, necessary apparatus and will also discuss plans for coming season. The following are members of this committee. H. Trotter, C. O. Unfortunately this issue of the Boys' Chamberlain, W. P. Musselman, Dr. Whig will be very small owing to the Angrove, L. F. Harper, and E. T.

Mr. Chamberlain is rapidly making important events that have transpired any time, anything happen to delay W., will be held at their editorial be popular as physical instructor.

> While parliament is in recess, the two Houses-which lie across the road from the east end of the Abbey -are being opened to the public for the first time on two days a week. It has even been found necessary admit sight-seers from 9 o'clock in the morning instead of 10. Here, of people, having "done" the Houses, ask to be directed to the Palace of Westminster, and when told that they have already seen it, are inclined to suspect an attempt to hoax their innocence. But the houses of parliament rank officially as a Royal Palace, for they occupy the site and embody some fragments of the ancient palace of Westminster, which was the chief London home of our kings from Edward the Confessor down to Henry VIII. It was only partly repaired after an extensive fire in 1512. A few years later, greedy King Hal seized Cardinat Wolsey's great house in Whitehallthe London seat of the Archbishops of York-and York Place, transformed into the Palace of Whitehall, was the royal abode for over 160

A good many of the old buildings of the Palace of Westminster were standing until the fire of 1834, which spared only Westminster Hall, the crypt of St. Stephen's chapel, and part of the cloisters. The present houses of parliament were built in 1840-50 at a cost of nearly \$15,-000,000.

According to the report just issued by the London Central Markets, the amount of beef, mutton and pork eaten by Londoners last year worked out at a weekly ration of 37.9 os. a head for a poulation of 8,000,000. The total quantity of meat, poultry and provisions, which

of the most curious "wreaths" ever sale was 470,401 tons, an increase George II, when he was Prince of and lamb, 135,274 tons, (5,500,000 Almost everyone knows that the animals), and pork, 41,421 tons
