

ACCEPT \$20,000 FOR LIGHTING OF STREETS

Action of the Utilities Commission—Fire Protection for Frontenac School.

Claiming that the Hydro-Electric Commission had been "dilly dallying" and "side stepping" in regard to the question of maximum demand for meter electricity, Commissioner H. C. Nickle, at a meeting of the Public Utilities Commission held on Monday morning, moved that the commission take \$20,000 from the city for street lighting for the year 1923 and his motion was carried.

"I think you are quite right on the matter," remarked Mayor Angrove, who warmly supported Mr. Nickle in his resolution.

Mr. Nickle took this matter up when he was mayor and tried to have the charge arranged, but no action has been taken. He believed that it was time for the commission to act and for this reason he moved the resolution.

When Sir Adam Beck was in the city at the opening of the new Utilities Office, he made a reference to the local commission going into a co-partnership with the Hydro-electric commission. Manager Folger had a report to present to the members of the commission on this matter, and it will be gone into at the next meeting.

The commission had quite a lengthy session on Monday morning. The chairman, R. N. F. McFarlane, president, and the other members present were Mayor Angrove, H. C. Nickle, H. W. Newman and James Harris.

A communication was received from Patrick Driscoll, who rents the Lakeside Hotel on the commission's property, and it was agreed to give Mr. Driscoll a three-year lease of the property at a rental of \$75 a month.

At the meeting of the commission held last Thursday, tenders were accepted for the coal supply and Manager Folger was given power to make arrangements for the unloading of the coal.

It now looks as if a settlement is to be made in the long standing case of the debt due by the contractor on the old gas tank, which was built by the Kingston Construction Company. In this case there was a claim and counter claim and it is understood that both claims are to be dropped and a satisfactory settlement made. Negotiations will be proceeded with at once.

Manager Folger was given power to go ahead with any work which might be necessary due to changes in some of the distributing poles on Princess street.

The manager was also asked to make a report on the request of Anderson Bros. for additional lighting at the corner of Princess and Division streets.

As a means of fire protection for Frontenac school, Fire Chief Armstrong has for some time been pressing for the connecting up of a dead main on Cowdy street and the installation of 450 feet of pipe and two hydrants. The estimated cost has been placed at \$1,200 and the commission will make application to the council for permission to go on with the work.

MORE PRIZE WINNERS

At the Rural School Events at the Kingston Exhibition.

The following is an additional list of the prize winners at the rural school championship fair which was held in connection with the Kingston Industrial Exhibition:

Cockerel—Margaret Joyce, Kingston; Thelma Cochrane, Storrington; Harold Stover, Portland; Russell Truesdell, Kingston and Harold Walker, Portland.

Pullet—Thelma Cochrane, Kingston; Margaret Joyce, Kingston; Harold Stover, Portland and Harold Walker, Portland.

Egg, "The North American Indian"—Stella O'Neill, Pittsburg; Eperry Robson, Kingston; Elsie Davis, Wolfe Island; Eleanor Truesdale, Portland.

Writing, First book of Capital letters—Francis Fortar, Kingston; Bert Hillier, Kingston; Helen Woodruff, Kingston; Maud Woodman, Wolfe Island.

Second Book writing of "God Save the King"—Wilma Anglin, Storrington; Clifton Silver, Kingston; Marie Black, Kingston; Pearl Cowdy, Olden.

Third Book writing of the "Maple Leaf"—Doris Hillier, Kingston; Vera Hartman, Kingston; Hilda MacEwen, Bedford; Beatrice Embury, Portland.

Fourth Book writing of "O Canada"—Grace McVeigh, Olden; Reta Jeffrey, Kingston; Stella O'Neill, Pittsburg; Nora Cowdy, Olden.

Crayon or Chalk Drawing of toy—Edwin Coombe, Kingston; Clifton Silver, Kingston; Thelma Whitlock, Portland; Verna Cochrane, Storrington.

Water color drawing of wild flower or seed—Charles Silver, Kingston; Nettie Chrisley, Storrington; Earl Joalin, Wolfe Island; H. Carey, Pittsburg.

Home From West. Northcott Burke has returned home after spending the summer on mission fields in southern Saskatchewan.

Joseph, the ten-year-old son of James Hanley, suffered a compound fracture of his left wrist when he fell off the roof of his home on Saturday. He was taken to the Hotel Dieu, where Dr. Kane attended him. Egg Plant 3 for 25c Carnovsky's.

A Fifty-Million Dominion Loan

The announcement that the Dominion Government has arranged to issue \$50,000,000 of new twenty-year bonds, payable in Canada, will be welcomed by investors as a whole. One of the outstanding features in connection with the bond market during the last few weeks has been a shortage of the higher grade of bonds, and with \$107,000,000 of Victory Bonds maturing on November 1st, some questions have arisen in the minds of many investors as to the channel in which their funds would find investment.

Bonds are now being offered by a strong financial syndicate consisting of A. E. Ames & Co., Wood, Gundy & Co., Dominion Securities Corporation, Limited, National City Company, Limited, Bank of Montreal, The Royal Bank of Canada and the Canadian Bank of Commerce.

The new issue of bonds payable in Canada amounts to only \$50,000,000, as compared with \$107,000,000 of maturing bonds, and while it will not be possible for all present holders of bonds maturing on November 1st next to participate in the new issue, many will undoubtedly find this an ideal opportunity for reinvestment.

New buyers, of course, will have an opportunity of participating in this loan, inasmuch as the offering terms indicate that this is not a renewal loan, but that in order to grant a special concession to those who now own maturing bonds, such bonds will be accepted at face value on or before October 15th, the purchaser having first detached the interest coupon due November 1st. In other words, the purchaser buying bonds receives practically double interest for a period of over two weeks.

Those in close touch with the financial situation anticipate that the new offering will be quickly oversubscribed. At this time last year, an issue four times the size of the one now offered was more than subscribed in the course of a week and investment brokers generally are urging haste on the part of those who desire to participate.

The Government's official announcement indicates that the present loan completes all refunding operations that are necessary for some time to come. It is pointed out that the indebtedness of the Government will be reduced by about \$22,000,000 and as a substantial amount of new money has been obtained in the United States, the supply of Canadian payment bonds in Canada has been reduced by a very large amount.

It is felt that the distribution of the new loan between Canada and United States should prove satisfactory to all schools of thought in Canada. Certain interests have felt that it would be better to bring a large volume of new money into Canada. Others have felt that present holders of Victory Bonds should be given an opportunity to renew their loans to the Dominion Government.

The result of this operation is that a large amount of new money will be brought in, but those investors who wish to extend the term of their investment may do so provided they act before oversubscription is announced.

Others have felt that present holders of Victory Bonds should be given an opportunity to renew their loans to the Dominion Government.

The result of this operation is that a large amount of new money will be brought in, but those investors who wish to extend the term of their investment may do so provided they act before oversubscription is announced.

THANKSGIVING SERVICES.

Held in Salvation Army Citadel on Sunday.

Special harvest thanksgiving services were held yesterday at the Salvation Army Citadel, Ensign and Mrs. Boshier being in charge. The citadel was decorated with flowers, sheaves of grain, mottoes with scriptural messages and a splendid display of fruit. Another special feature about the services was that four candidates were farewelled for the Salvation Army Training College, Candidates F. Billings, F. Knox, O. Tidman and O. Sharp.

The morning lesson was given by Candidate Billings, the afternoon lesson by Candidate Tidman.

A very large audience gathered for the evening service. After the songsters had rendered a special harvest song, the ensign called on each of the candidates to speak, after which two local officers spoke on the faithfulness of the candidates' work in Kingston. Ensign Boshier then dedicated them under the Salvation Army flag for service.

The ensign gave an address on sowing and reaping, which resulted in three coming forward for consecration. The band and songsters rendered appropriate music.

SUES FORMER HUSBAND.

Irene Castle Charges Him With Converting Her Securities.

New York, Sept. 22.—Irene Castle, the dancer, who is now Mrs. Frederick A. McLaughlin has brought suit against her former husband, Robert E. Treman, it became known Saturday through papers filed in the Supreme Court here, and has caused his arrest in Illinois on charges that he converted securities to the value of \$40,000 belonging to her. The writ was a civil one and Mr. Treman, who is socially prominent in Illinois, gave bail for his appearance in court.

It is estimated that 800 out of every 1,000 actors and actresses of the Berlin theatres are without jobs this Summer. A great many of the playhouses are closed.

IN MARINE CIRCLES

Saturday: A. E. McKinstry east, Maplehill east.

Sunday: Kingston down and up; Mapleboro west; Cataract east; Glenella west; Arabian east; City of Ottawa east; Beaverfont west.

The steamer Oatland cleared for Port Colborne this morning.

The steamer Brockville arrived from Picton with a load of canned goods.

The Brockville was engaged for this afternoon to carry the R.C.H.A. band and the Royal Military College Riding School troupe to the Picton fair.

The steamer Glenallan is undergoing minor repairs at the Davis drydock.

NURSING APPOINTMENTS

Are Made at the Kingston General Hospital.

The nursing staff of the Kingston General Hospital has been enlarged by three new appointments, to take effect October 1st. Miss Mabel Bouter, Trenton, and Miss O. M. Wilson, Belleville, have been appointed supervisors, and Miss Louise D. Acton, Ottawa, has been made instructor. Miss Bouter and Miss Wilson are graduates of the K.G.H., and served overseas with No. 7 hospital, later being on the staff of the Sydney military hospital.

Auto Cases Dismissed.

Prescott, Sept. 22.—Information that motor vehicles drove over that portion of the provincial highway, between Matland and Brockville, which was closed to traffic, resulted in the appearance before Magistrate Adams at Prescott of some twenty drivers of automobiles covering an area from Toronto to Ottawa. In all these cases court has held that the road was not sufficiently closed, and from the evidence given there was nothing to show on the part of those who were summoned that they wished in any way to disregard the statute, and the cases were all dismissed without costs.

Injured at Locomotive Works.

In accidents at the locomotive works on Saturday, Thomas Campbell, Portmouth, had two ribs broken loose from their connection with the breast bone when he was struck by a piece of steel, and G. Cottman, Chestnut street, had a piece of bone broken off the tip of his elbow in a fall. Dr. Huyck attended the cases, and both men are now recovering at their homes.

Married at Ottawa.

On September 18th, at St. Joseph's church, Ottawa, Anna Gertrude, daughter of the late Mr. and Mrs. James Daley of Ottawa, was united in marriage to J. Stewart Egan, of Chicago, son of Mr. and Mrs. James Egan, Pittsfield, Mass. Miss Daley is a niece of Mr. Patrick Daley, of this city.

William Stout, of this city, an employee at the new Queen's arena, burned his arm near the wrist with tar and was taken to the General Hospital on Saturday.

HUMANE SOCIETY WORK.

Inspector Ward Kept Busy Looking After Dumb Animals.

R. E. Ward, inspector of the Humane Society, had a call to Odessa to put a horse out of misery, as it was unfit for further use. On Sunday night Mr. Ward was called to a point, near Gananoque, to see a horse painfully wounded by barbed wire fence. He found it necessary to shoot the animal. The horse had been left where it was cut and the wounded places were alive with maggots. Prosecutions may follow.

Another call came from the outer C.N.R. station, where a horse unfit for use was put out of its distress by the inspector. At Cataract street, a horse was found in bad condition and was destroyed, as also one on the Concession street pasture. A dog, run over by an auto on Montreal street, was shot after the inspector had investigated its condition. Another dog was gassed and two unfit horses were removed to the nuisance ground and despatched. Mr. Ward has been active in his work and the comfort of various animals has been secured as a result of his visits. He is looking over stables now, to see that they are made comfortable for animals for the winter months.

Toronto is back on Standard time.

Harry Lomas, one of the constables attached to the Brockville branch of the C.N.R. police force, has left for New London, Conn., there to await the departure of the Prince of Wales. Constable Lomas will accompany the train to Alberta.

A veteran of Brockville mercantile life, Thomas Nappy, passed away on Thursday. He was eighty-four years of age.

An import tax of twenty-six per cent. will be levied in France on all goods from Germany, beginning Oct. 1st.

Like a postage stamp, a man's value depends on his ability to attach a thing till he gets there.

The innocence of the intention abates nothing of the mischief of the deed.

Gifts are scorned where givers are despised.

Canadian Old-Timers Visit London

Colonel George Ham of the Canadian Pacific who recently celebrated his 74th birthday, and Colonel James Walker of Calgary, Western veteran of 78, photographed together in Trafalgar Square, London.

Colonel Walker, who returned to Canada on the Canadian Pacific S.S. Montreal this week, was one of the first members of the Royal Northwest Mounted Police. He can recall the romantic beginning of the force which made the settlement of Western Canada possible, and its first trek across country in 1874, when there were not more than a hundred white men living west of Winnipeg. He has been connected with the Canadian Militia since 1866.

HIS GOODBYE.

General Pershing declared the nation prepared for whatever may happen in his farewell speech in Washington, Defense Day. On that day he retired as head of the American army.

IN COGARETTE CASE.

Splinterweb coils make this cigarette case crystal receiver possible. It works well on local reception, and on good clear nights ought to reach out to 25 or even 50 miles. Its inventor, member of a radio firm
