**During The Fair Days—The Horse Race Results On Friday Afternoon.**

Picton, Sept. 27.—Picton fair was brought to a successful conclusion on Friday evening when five thousand people passed through the gates. During the fair twenty-four thousand people paid admission.

On Thursday afternoon the judges' stand was honored by the presence of "Billie" Burke, the noted artist. Present on the stand were the whole of the four generations of the well-known Bolton family of Picton—Mr. and Mrs. Joseph Bolton, aged eighty-six, who in spite of their age keenly enjoyed the success of exhibitions. Mr. and Mrs. C. H. Bolton, aged sixty-two. C. H. Bolton acted as official time-keeper in the track events.

The results of the horse races were as follows:

**8 Minute Class.**

Black Joe . . . . .	2	2	1	1	1
Joe Tarriff . . . . .	1	1	2	3	3

Jack Canuck . . . . .	1	1	1
Vola Bell . . . . .	3	2	2
Harmon E. . . . .	2	4	3
Day Spring . . . . .	4	3	4

The notable feature of the day was the performance of Jack Canuck owned by W. Martin, Caprol and driven to victory by C. E. McCaffery, Russell, Ont.

The following were the special prize winners:

Carter Bros. special for best horse—Wellbanks, first; Hagerman, second, and Cole, third.

Best pony outfit—Mary Curry, first; Edith Williams, second; and Fred Moffatt, third.

Standard bred stallion—William Wellbanks.

**AN EPOCHAL EVENT SAID THE SCIENTISTS**  
**Of The Visit to Canada—They Saw Splendid Evidence of Disputed Point.**

Prof. M. E. Baker, of the geological department of Queen's, has had two distinguished geologists here this past week. They were Prof. Watts, of the Imperial Institute, London, Eng., and president of the geological section of the British Association. For the Advancement of Science, and Prof. Phenaxon, assistant to the professor of geology at Glasgow. They had heard of the remarkable evidences in the neighborhood of Kingston to sustain the contention of three distinct periods in the pre-Cambrian age. They saw and went away satisfied. Both of the distinguished scientists went away saying the visit to Kingston could be regarded as one of the epochal events of their visit to Canada.

**LITTLE PROBABILITY OF EITHER RAILWAY**  
**Being Continued To Hudson's or James Bays, J. E. Hawley Thinks.**

J. E. Hawley, who is visiting in the city after spending four months on a private survey in the vicinity of James Bay, thinks there is little probability of either railroad to these waters, the C.N.R. from Winnipeg or the Temiskaming Northern from Cochrane, being continued through to the coasts of Hudson's and James Bays.

He could speak more fully regarding the proposed railway to James Bay, where he spent the summer. This road is now through to Three Carrying Place but the land is of little value, except for trapping, there is only a fringe of timber and no pulpwood, and the good farming country along the line of the transcontinental will receive the preference from settlers for a long time yet. Moose Factory was proposed as the terminus, but there is no good harbor in James Bay for sea-going vessels. In the Hudson's Bay there is a natural harbor at Fort Churchill but not at Fort Nelson. The season is short and the ice treacherous.

Mr. Hawley spoke of the high prices in the James Bay territory. Flour went as high as \$24 a hundredweight.

**LETTERS To The Editor**

**General Hospital Thanks.**  
Kingston, Sept. 25.—(To the Editor): It affords me great pleasure in acknowledging through the press a donation of \$100 from the Kingston Industrial Exposition. On behalf of the Board of Governors of the Kingston General Hospital, I extend to Mr. Bushell, the energetic manager, and the other members of the exhibition board, our heartfelt appreciation of this generous donation.

Wishing the directors and their board a continued success, I am,  
Yours very truly,  
—P. TAYLOR,  
Superintendent.

**Those Bathing Beauties.**  
Apparently no person is making any fuss in Kingston over the placing of bathing beauty "stickers" on the autos. In Toronto and some other cities, strong objection has been taken to the placing of the "stickers" on windshields of the cars. It is claimed that they are a hindrance to the drivers, as the pictures obstruct their view and are liable to cause an accident.

At Hamilton, on Friday, the chief of police refused to follow the example of the Toronto officials and ban the bathing girls from the motor car. "Let them ride," he told a newspaper reporter, "they are safer on the glass windows than sitting beside the driver."

**Scotch Euchre and Dance.**  
There was a big crowd at a euchre and dance held by the Sons of Scotland in the Orange Hall Friday night. The prize-winners were: Ladies' first prize, Mrs. Fred. Todd; gentlemen's first prize, E. H. Young; consolation prizes—ladies, Mrs. E. Campbell; gentlemen, L. W. Phillips. The committee in charge of the successful event included John Patrick, Mr. Lowrey, L. W. Phillips and Mr. Diabari.

**Choral Society Meeting.**  
The annual meeting of the Kingston Choral Society for the purpose of making arrangements for the coming season is to be held at 8 p.m. on Monday, in the Y.M.C.A. when officers will be elected and new members received.

**Case Further Enlarged.**  
In the police court on Saturday morning, the case of Abraham Weisner, of Montreal, charged with selling raincoats at the fair grounds without a transient trader's license, was further enlarged for a week.
