You're Was Fined.
 At Clayton, N.Y., considerable in-
 terest was aroused over the trial of
 Lawrence Gurnsey, Grindstone is-
 land, charged with breach of the
 peace, in a complaint made by Wil-
 liam Graham, aged sixty, also of
 Grindstone. The case was tried be-
 fore Justice of the Peace A. M.
 Knickerbocker of Clayton. The
 complainant charged ill treatment at
 the hands of Gurnsey on Aug. 22nd
 while attending a ball game at Camp
 Koenig, a summer camp for boys
 located at the island. Several wit-
 nesses were sworn, and the evidence

throughout was that Gurnsey had
 been guilty of striking Graham and
 knocking him off his feet, and an-
 noying him in other ways during
 the game. Gurnsey was fined \$15
 and costs which he paid.

PHILLIPSVILLE SCHOOLS.
 Orville Elliott Gives History of
 Them in Address.
 The Phillipville public school
 pupils were successful in carrying
 off a very creditable list of prizes at
 the school fair held at Chantry. Ad-
 dresses delivered by Miss Marcella
 Myers and Orville Elliott are high-
 ly commendable, the latter's being
 reminiscent of school activities in
 this village from early days to the
 present time read as follows:
 "The oldest resident of school sec-
 tion No. 9, who has resided there
 continuously for eighty-six years,
 told me that the first school house
 in the district was built at Phillip-
 ville before 1800. It was of logs and
 built partly on the concession. The
 pioneers, who were of United Em-
 pire Loyalist stock, decided that an-
 other building should replace the
 old one, so in course of time a stone
 building was built on land donated
 by the late Daniel Phelps. This
 stone building was of faulty con-
 struction, as it soon began to
 crumble away, but it was not till
 1874 that it was replaced by the
 red school which was erected as
 cheaply as possible, the contract
 price being about \$400. The floor
 was of rough hemlock plank and
 everything else in keeping with the
 floor. Even at that there were many
 good teachers and clever pupils, but
 the old red school house was an
 eyesore, inside and out. Now we
 come to our new school. Land was
 purchased from the Aiguire estate
 near the village, and in 1911 a
 building of brick with a basement
 for the fuel supply was built on the
 lot. We are very proud of our new
 up-to-date school now that it has
 been newly painted and decorated,
 but what we lack and need so badly
 is a cement walk to the gate, for in
 rainy weather our front yard is a
 mess. We hope to get the walk next
 year as a muddy yard is not in keep-
 ing with the rest of the surround-
 ings. Just one other thing—a flag
 pole to fly our loved Canadian flag.
 Who will donate the pole?"

Put a Duofold on the Home Desk
 You need not fear its use by different hands
 For Here's a Point No Style of Writing Can
 Distort—Jewel-Smooth—Guaranteed 25 Years

INSTEAD of a fountain pen, it has hith-
 er to been the custom to use an ordinary
 pen and inkwell on the home writing desk
 in spite of the perils to furniture and rugs.
 For the point of the usual fountain pen would
 soon turn away if entrusted to the variable
 writing of various hands.

But Parker Duofold has now made a
 Family Fountain Pen practicable. For its
 Press-Button Filler is capped inside the
 barrel—out of sight—out of harm's way.
 Then, too, the double sleeve of Duo-Sleeve
 Cap makes an Ink-Tight seal. And no vari-
 ation in hands or handwriting can alter the
 jewel-smooth Duofold point. A point that's
 guaranteed, if not mistreated, for 25 years'
 WEAR.

These advancements are making Duofold
 a new member of the Desk Accessories—
 one all the family can freely turn to for social
 correspondence, household accounting, or
 the young folks for their school work. And
 this black-tipped lacquer-red beauty adds
 new charm and color to the desk.

When you select your personal
 Duofold, get a Home Desk Duo-
 fold too, and abolish the inkwell
 with all its hazards. At all good
 pen counters.
