**TRY MAGNESIA FOR
 STOMACH TROUBLE**
 It Neutralizes Stomach Acidity, Pre-
 vents Food Fermentation, Sour,
 Gassy Stomach and Acid
 Indigestion.

Doubtless if you are a sufferer from
 indigestion, you have already tried pep-
 sin, charcoal, drugs and various diges-
 tive aids and you know these things
 will not cure your trouble—in some
 cases do not even give relief.
 But before giving up hope and decid-
 ing you are a chronic dyspeptic just
 try the effect of a little Bismarck Mag-
 nesia—not the ordinary commercial
 carbonate, citrate, or milk, but the pure
 Bismarck Magnesia which you can ob-
 tain from practically any druggist in
 either powdered or tablet form.
 Take a teaspoonful of the powder or
 three compressed tablets with a little
 water after your next meal, and see
 what a difference this makes. It will
 instantly neutralize the dangerous,
 harmful acid in the stomach which now
 causes your food to ferment and sour,
 making gas, wind, flatulence, heart-
 burn and the bloated or heavy, lumpy
 feeling that seems to follow most
 everything you eat.
 You will find that provided you take
 a little Bismarck Magnesia immediately
 after a meal, you can eat almost any-
 thing and enjoy it without any danger
 of pain or discomfort to follow and
 moreover, the continued use of the
 Bismarck Magnesia cannot injure the
 stomach in any way so long as there
 are any symptoms of acid indigestion.

Death of "Rowdy Hal."
 At Perth stables "Rowdy Hal," C.
 J. Foy's pacing horse, passed away
 after a brief illness. Mr. Foy drove
 the horse to Lanark and noticed he
 was not right then, and although
 under the attention of several veter-
 inarians since, they seemed to be un-
 able to bring about a cure. "Rowdy
 Hal" was a nicely gaited horse and
 had given some fine performances in
 training and at race meets this year.
 Horsemen believed he had a great
 future ahead and that he would
 soon attain a mark of 2.10. On ex-
 amining the horse after its death,
 it was found death was due to a
 severed blood vessel caused by a
 fall.

CARRYING BUNDLES

Nearly all books on etiquette in-
 sist that a "gentleman must offer to
 carry a lady's bundles." Bundles do
 not suggest a lady in the first place,
 and as for gentlemen and bundles—
 they don't go together at all. A box
 of candy or bouquet of flowers, of
 course, is different.

WHY THE WEATHER?

DR. CHARLES F. BROOKS
 Secretary, American Meteorological
 Society, Tunis, Tenn.

Some Tornadoes and Hallstorms.
 Among some of the unusual fea-
 tures of the past four months have
 been the occurrence of great torna-
 dos and hallstorms. June 29th a
 tornado of the utmost violence swept
 parts of the south shore of Lake
 Erie, killing 83 people and destroy-
 ing \$12,000,000 worth of property,
 mostly in Lorain, Ohio. September
 21st another northern tornado kil-
 led 56 in central and northern Wis-
 consin. July 17th, Lawrence, Mass.,
 and vicinity were visited by a tre-
 mendous hallstorm in which some of
 the stones were larger than baseballs
 and knocked people unconscious. An
 hour later a tornado swept through
 Fitchburg, Mass., and vicinity, kill-
 ing two people. August 15th, two
 hallstorms swept across the north-
 eastern corner of Wyoming on about
 the same path, the second one, with
 stones as large as hen eggs, destroy-
 ing most crops and small animals
 over a strip several miles wide and
 over 80 miles long, and on the 17th,
 another hallstorm, with stones even
 larger, cut another path through
 this region, and developed into a
 tornado. During the hallstorms
 those people in the open who could
 lie in the ice water under their autos
 were fortunate. One man in danger
 of drowning under his machine came
 out and was knocked down several
 times by hallstones coming through
 an egg case he was holding up for
 protection.
 These violent storms occurred in
 each case, except the Wyoming
 storms, when a warm, and mostly
 very muggy southerly wind was be-
 ing violently displaced and whirled
 aloft by a strong and much colder
 wind from almost the opposite di-
 rection. These conditions marked
 the inner portions of some intense
 "lows." That of September respon-
 sible for the Wisconsin storm was a
 combination of two lows from the
 southwest. The first prepared the
 temperature contrasts, and the sec-
 ond intensified them and made the
 local storm.

**Lived a Simple Life;
 Died Worth Millions**

London, Oct. 21.—A house rent-
 ing at thirteen shillings a week was
 the home of a man who has just
 died at Manchester leaving £197,000
 —almost a million dollars. Neigh-
 bors regarded him, James Parr,
 merely as comfortably off. About
 £60,000 was left to public institu-
 tions, and more will revert to them
 on the death of Parr's relatives. Parr
 started life as an office boy and ultimately became the owner of the tin-
 ing firm.

**"Back was Very Painful
 I am now Well Again"**
 Mrs. Wm. Walker, Webbwood, Ont., writes:
 "I was sick for several months
 with my stomach, I had pains
 in the back, and how I used to
 dread wash day, for my back
 would pain so that I couldn't lie
 down when night came. I also
 had gas on my stomach, and my
 appetite was so poor that some-
 times I did not care whether I
 ate or not. The doctor gave me
 medicine, of which I took a num-
 ber of bottles without benefit.
 At last I started to use Dr.
 Chase's Kidney-Liver Pills, and
 although I have only used three
 boxes, I am quite well again."
