Don't Be A Slave To Your Nerves

Good Advice to Nervous People People who are excessively nervous, tired out and all run down, who get the jumps and dreads, who can't concentrate their minds on work, have fits of blues, trembling, nervous headaches and dyspepsia and that "don't give a hang" feeling so common to nervous folks, may take it as a certain fact that their trouble is due to impoverished or debilitated nerve force. Their nerve cells are starving and when they give out entirely, complete nervous prostration or breakdown is the result. A splendid treatment for weak nerves is found in the famous Ferro-Pepina, composed of six of the best nerve building elements known to modern chemistry. These tablets go straight to the nerve cells and begin immediate action. Take a Ferro-Pepina tablet, wait ten minutes and watch yourself perk up. They feed your famished nerve cells, start healthy blood circulation and normal digestion. Then you brighten up, put on a smile, get some of the old-time "pup" back in your system and feel as happy as a clam at high tide. Ferro-Pepina is absolutely harmless, contains no dangerous habit-forming drugs, is easy to take, inexpensive and Mahood Drug Store, Princess Street, L. East, Princess Street, M. R. McColl (2 stores), corner Princess and Clergy streets and University Avenue, and other leading druggists sell it on a positive guarantee of successful results or money back.

GAS IN THE STOMACH IS DANGEROUS Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Given Life Membership. At a meeting of the Wellington Women's Masonary Society, Mrs. William Monaghan was presented with a life membership from the members of the auxiliary for her faithful and untiring work in collecting money for the mite box fund. For several years Mrs. Monaghan has been able to present to the society each year a large sum of money. Last year \$200 was raised and at the meeting half that amount, \$100, was placed in the treasury as the result of the collection for the first half of the current year.

First Fruit Trees. At this season, when the apple crop comes in for so much attention, especially along the Ontario lakefront, it is interesting to note that Asa Wallbridge, who made his headquarters at "Meyers' Creek" Belleville, where he was the first to erect a log house, is credited with bringing in the first fruit trees. This was before the beginning of the nineteenth century. Mr. Wallbridge is also stated to have brought in seeds from the United States which
