THE LIBRARY PLANS UNDER DISCUSSION

By-law May Go to the People at Municipal Elections.

The Library Board supported by the Board of Trade committee went before the Finance committee of the city council, on Thursday night, to request a grant of \$25,000 to fit up the Chown building for library purposes and also to purchase the land at \$10,000, a special price by the Synod authorities for library purposes. W. H. Craig, of the Board of Trade, introduced the deputation and said the library committee's plans had the Board's recommendation. Francis King, K.C., outlined the proposals which had been cut to the bone. There are 8,000 citizens taking out books and for the first six months 108,000 books had been passed out, or 216,000 for a year. The growth since the library became a civic institution had grown beyond its bounds and a bigger building was imperative. To carry the purchase cost of the land the rental of the garage was available and would meet the interest on the debentures issued for that purpose.

After discussion, Mayor Angrove said the finance committee—and he was sure also for the council—was sympathetic to the scheme, the parties convinced were co-operating heartily and he looked for results. He said there had been a discussion as to an altogether new site and new building. The committee had thought of an alternative plan to go to the people along with the library plan. Some thought \$50,000 would purchase a site and erect a modern building; the committee would look into the suggestion and give an answer at an early date. In any event he thought the necessary by-law could go to the people at the municipal elections. He thanked the delegation for coming and so frankly discussing the matter with the finance committee.

The finance committee did not take any definite action in the matter.
