TO HOLD FRONTENAC PLOWING COMPETITION

At the Farm of R. J. Vair, Glenburnie, Second Week of November.

Plowing competitions, which twenty-five years ago used to be big events in the county of Frontenac, are going to be revived again. A committee made up of young Frontenac farmers held a meeting recently at the office of the agricultural representative, and it was decided that a plowing competition would take place at R. J. Vair's farm, Glenburnie, during the second week in November. The young men took the names of farmers who they thought would enter the competition and were instructed to call upon them and get their entries. It is fully expected that about twenty-five will enter the event.

A. W. Mackenzie, assistant to A. W. Sirett, the local representative of the agricultural department, was appointed chairman of the committee and the other members are Harold Baker, Graham Sibbitt, Edwin Collier, Hilliard Berry and A. W. Sirett.

Already the committee has a number of prizes which will be awarded and it will meet and draw up the prize list. A judge from the Ontario department of agriculture will be sent down to do the judging.

MEXICO CALLS BACK CONSULS FROM BRITAIN

Commercial Relations Are Suppressed But Not to Show Hostility.

Mexico City, Oct. 27.—Mexico has suppressed commercial relations with Great Britain, the department of foreign affairs ordering the consulates in London, Liverpool and Glasgow closed as well as all the honorary consular offices throughout the United Kingdom.

This drastic step was decided upon in the words of Foreign Minister Saens not to show hostility to Great Britain but because the Mexicans believe it "unworthy" of themselves "to maintain consular representatives under a Government which does not concede Mexico the honor of maintaining official relations, thus implying that it does not consider Mexico has the moral and legal capacity inherent to sovereign countries."

No Word Here From Mexico. Ottawa, Oct. 27.—No word has been received here of any intention on the part of Mexico to close her consular offices in Canada. Mexico has consular representatives in Winnipeg and Toronto.

HOW CANADA LOSES GREAT DEAL OF TRADE

The Deputy Minister of Commerce Tells About Lost Opportunities.

Ottawa, Oct. 27.—F. C. T. O'Hara, Deputy Minister of Trade and Commerce, gives in his annual report some pointed illustrations of how trade is lost to Canada. He cites a recent case where a ship was required to carry coal from Sydney to Montreal, two Canadian ports. The ship happened to be of Canadian registry, but the charter was made and the commission paid to a foreign broker residing not 400 miles from Montreal.

Again, an officer of the Department of Trade and Commerce, saw lying at a pier in New York, a number of large packing cases stamped "Made in Canada." They were awaiting consignment to South America just eight days prior to the advertised sailing of a direct ship from Montreal, which ship sailed with half a cargo.

Mr. O'Hara comments: "The services and facilities of a foreign country are frequently sought, perhaps because it is the line of least resistance, because of inertia or a dulled sense of what is due to Canada." He urges that all possible supplies should be bought in Canada, and, if not obtainable in Canada, within the Empire. He adds that Canada's greatest need today is trade.

D. Campbell, K.C., Winnipeg, has been appointed a commissioner to investigate an alleged combine among certain retail coal dealers in Winnipeg.

One level tablespoon of flour or two-thirds of a level tablespoon of cornstarch will thicken a cup of liquid for cream soups.

DE VALERA ARRESTED.

Offered No Resistance At Londonderry Meeting. Londonderry, Ireland, Oct. 27.—Eamonn De Valera was arrested last night outside St. Columb's hall, where it was his intention to deliver a speech.

When all hope of the coming of de Valera appeared to have been abandoned, a slim figure was observed approaching the side door of St. Columb's Hall. It proved to be the republican leader, and a police officer immediately put him under arrest, and transferred him in a motor car to the Victoria police barracks almost before anybody in or outside the hall realized that the republican chief was again a prisoner.

De Valera came to the hall without disguise, although he had discarded his eyeglasses. He offered no resistance.

An Edmonton Doctor Is Charged With Manslaughter

Edmonton, Alta., Oct. 27.—Following a verdict returned by the coroner's jury that Patti Thelma Burnup, 20-year-old girl, had come to her death as the result of an illegal operation performed at a private hospital on Wednesday, Oct. 23rd, Dr. John Hlop, a prominent physician of the city, and Miss Olive Walker, a nurse and proprietress of the private hospital, were placed under arrest on a charge of manslaughter. James Dawson, 19-year-old boy, was arrested as an accessory to the fact.

F. L. Lamplough, superintendent of the Ottawa division, C.N.R. Ottawa, died on Friday, after a lingering illness. He commenced railroad life as an operator in the eighties.

The gross earnings of the Canadian National Railways from Jan. 1st to Oct. 31st, 1924, have been \$187,647,235 over the corresponding period of 1923.
