"ACE HIGH" AT GRAND TO-NIGHT
"Ace High," the latest Dumbells revue, certainly hits the high spots of musical entertainment. Starting off with the thrill of a crashing 'plane, speeding along again like a Sopwith Scout in full flight, darting from song hit to laughable skit and onto concerted number, snappy dialogue and jazz-band; there isn't a dull moment in the two hours and more that the revue consumes. Just imagine the brightest book and lyrics ever written, then note the stars, Al Plunkett, Ross Hamilton, "Red" Newman, Stan Bennett, Pat Rafferty, "Jock" Holland, Ben Allen, Morley Plunkett and all the other favorites of former years, with the smiling captain and his orchestra, and you have some idea of the splendid entertainment value of "Ace High."

The Dumbells will play their first and only engagement in "Ace High" in this city this season at the Grand Opera House for three nights commencing this evening.

HISTORIC GOLD-RUSH OF '98
REPRODUCED IN NEW PICTURE
Reproducing the historic gold-rush of '98 was one of the tasks which confronted Herbert Bronson in producing Thomas Meighan's latest starring picture, "The Alaskan," which opens at the Capitol Theatre to-day.

The picture opens with scenes of the stampede that followed the discovery of gold in Alaska in the late sixties. "The trail of '98" has become synonymous with suffering and hardship. Thousands of men fought their way into the promised land over a frozen mountain pass, carrying all their earthly possessions with them.

"The Alaskan," in which Thomas Meighan plays the title role, supported by Estelle Taylor, John Sainpols and Charles Ogilvie, is from James Oliver Curwood's famous story and shows the terrible hardships of the first miners who went in.

In preparing for these scenes, Herbert Bronson was fortunate in finding two men who had actually carried packs over the winter trail which led, as they believed, to a land flowing with gold. It was from their descriptions that the atmosphere of the gold-rush scenes was created.

All of the out-door scenes of the photoplay were filmed in the northern wilds and British Columbia by a company which travelled four thousand miles to secure the proper locations.

Since the beginning of last week, thousands of movie and concert fans have heard Cameron Geddes, the vocalist, at the Capitol Theatre, and have declared him the finest singer that has appeared on a Kingston stage in many a day. In consideration of the numerous requests we have decided to hold him over for the balance of this week.

"SECOND YOUTH" AT STRAND.
For those who are looking for clean, peppy entertainment, "Second Youth," which closes at the Strand to-day, will completely satisfy. A comedy drama of the Jazz age, it weaves along merrily with many laughs and thrills to a close that will not soon be forgotten. The story is portrayed by an emotional cast.

A MEMORIAL UNVEILED.

Near the Site Where First Steamboat Was Built.
On Thursday afternoon at Bath a memorial to the first steamship launched in Canada was unveiled near the wharf. Col. W. N. Ponton, Donald G. Bleeker, H. F. Ketcheson, Belleville, and W. S. Harrington, K.C., Nananae, attended the ceremony.

General Cruikshank, of the department of archives, Ottawa, attended on behalf of the federal government. It is a queer coincidence that on the farm of Col. Ponton stands the trunk of the tree known as "the steamboat tree" up which his grandfather and a friend climbed to see the first steamboat pass up the Bay of Quinte. This vessel was the steamer Frontenac launched in August, 1816, costing one hundred thousand dollars. It was built by Lucretia Bleeker Finkle, widow of John Finkle and sister of Squire John R. Bleeker, who was the grandfather of Don G. Bleeker, Belleville.

This evening at St. John's hall at a fowl supper Col. Ponton will deliver an address on "Memories of Britain."

Conservatives Meet.

At the first meeting of the representatives from the newly-defined dominion riding of Frontenac and Addington, held at Harrowsmith on Tuesday evening last, the officers for the Liberal-Conservative Association were elected as follows: C. G. McKnight, Godfrey, president; Cyrus Edgar, Yarker, first vice-president; Fred Dennison, Harrowsmith, second vice-president; Harvey Shannon, Gloucestria, secretary-treasurer. Dr. J. W. Edwards and Anthony Rankin, M.P.P., addressed the gathering which numbered about three hundred.

Previous to the last session of the Dominion Parliament both Lennox and Addington and Frontenac constituencies had a member, but the redistribution bill, which passed the house, made it one.

Hickory Nuts 100 pound or two quarts for 15c at Caravaky's.

RAILWAY SIGNALS

PUT OUT OF ORDER
By Rifle Shooting and Lives of Motorists Are Endangered.

If the shooting up of railway crossing signals and line semaphores on the C.N.R. does not stop at once, some of the marauders will find themselves in the well-known "calaboose" one of these fine days with serious charges against them. The wig-wag crossing signal of the C. P. R. at the Perth Road intersection has several times been put out of commission by rifle shooting with the result that motorists and other travellers on the highway have their lives endangered through the failure of the signals to work.

Last Monday a new semaphore was installed on the line near the city and on Tuesday it was broken and out of working order from being used as a rifle target. The names of some of those responsible have been suggested if there is any further trouble. Mr. P. Chapman, C. N. R. detective now here on the case, has orders to prosecute. The present cases may be carried through as it is. Parents whose sons go shooting should take every step to warn the boys on this matter. It is not only a destruction of railway property but a menace to public safety.

SIR HAMAR GREENWOOD

One of the Canadian candidates who was elected.

In the Pentecostal church, on Queen street, last night, another very successful meeting was held. A good crowd was in attendance. An inspiring message was presented by Evan L. F. Lebrun.

SPORT

Dr. "Mike" Kennedy.

Nearly all the Kingstonians who played in or attended the baseball game at Cobourg yesterday had a "handshake" and a few words with Dr. "Mike" Kennedy, son of M. J. Kennedy, veteran Portsmouth councillor, and a graduate of Queen's. Dr. "Mike" has good health, a nice practice, and he and Mrs. Kennedy have been blessed with four children. So that's another Portsmouth boy who is doing well.

Were Also There.

"Jimmie" Quinn, son of Prof. Frank Quinn, of Regiopolis College, went over from Deloro, Ont., to attend the Hussars-Oakville game at Cobourg yesterday. "Jim" was sorry for the loss, but said he thought the Hussars had done very well to get to the final.

Fred Oberdorfer was another old Kingstonian who attended the baseball game in Cobourg on Wednesday.

Going Well.

Queen's Athletic Board reports a big sale of tickets for the McGill game here on Saturday. The fight put up by the Ted and White has boosted their stock greatly and the fans expect a well-fought battle.

Pretty Cocky.

A Kingston man who attended the game in Cobourg yesterday got into conversation with a "Varsity" football supporter and was offered a bet of twenty-five dollars, even money, that the Blue and White would win on Nov. 8th. Unfortunately he did not have the necessary capital to profit by it.

A GOLF INCIDENT

That Somehow Went Unreported by a Certain Newspaper.

While some very racy golf news has been published during the season, the following incident, so the Whig is informed by a golfer, has not yet appeared in print, so here it is:

It appears that a subscription to the Standard was offered to the amateur golfer doing the course of eighteen holes within so many strokes. A notice was posted on the clubhouse bulletin making the offer.

Then along came a golfer, with strong Conservative leanings in politics, and appended these words: "Must the winner accept this prize?" And, of course, the feelings of the Standard were very much hurt.

Indoor Baseball.

A meeting of the Kingston Garrison Indoor Baseball League was held in the armories last evening, at which plans for the coming season were thoroughly discussed. There are nine teams entered in the league for this year, which are divided into two groups, as follows:

"A" Group—No. 3 Batt. F.C.A. (M.A.), Frontenac Regt., P.W.O.R. "B" R.C.H.A.

"B" Group—Machine Gunners; "A" Battery, R.C.H.A.; R.M.C. Staff, 1st Field Ambulance, Signals Co.

It is expected that the league will be in full swing by Monday evening when the first clash will take place. Notice of the first match will be given later.

HISTORICAL SOCIETY

TO GET MURNEY TOWER

For Museum Purposes—Its Contents to Be Removed This Week.

During the summer the Murney tower, Macdonald Park, was transferred from the jurisdiction of the Department of Militia and Defence to that of the Department of the Interior, which is prepared to hand it over to the Kingston Historical Society for museum purposes as soon as arrangements can be concluded. The stores with which it is filled are to be removed this week.

Dr. O'Hagan Here.

Dr. Thomas O'Hagan, well-known Canadian poet and writer, addressed a large meeting of the members of St. Mary's congregation on Wednesday evening under the auspices of the Knights of Columbus. The Catholic Women's League and other societies were present through the courtesy of the Knights of Columbus officers. Rev. Father D. A. Casey introduced the speaker, a personal friend of his, who also edited the Canadian Freeman for a short time. Dr. O'Hagan gave a very interesting talk on his views and impressions after a recent tour of Europe. The Catholic Assembly Hall was well filled for the occasion.

Known Lenses Seized.

The case of Knowlton was before the Appellate Court, Toronto, on Wednesday. A. B. Cunningham, K. C. for defendant, J. A. Knowlton, J. A. Hutchinson, K.C. for plaintiff. Appeal by defendant from judgment of Orde, J.A. of 1st April, 1924. Parties state that the case was settled and motion struck from list accordingly.

STILL ANOTHER BANK MERGER IS ANNOUNCED

The Molsons Bank is to Be Absorbed by the Bank of Montreal.

Montreal, Oct. 30.—It is announced that with the consent of the Hon. J. A. Robb, acting minister of finance, an agreement has been entered into between The Molsons Bank and the Bank of Montreal whereby, subject to the approval of the shareholders of both banks and the governor-general in council, the Bank of Montreal is to purchase the assets and assume the liabilities of The Molsons Bank on terms which it is believed will be satisfactory to the shareholders of both institutions.

The basis of the agreement is that The Molsons Bank shareholders will receive two shares of Bank of Montreal stock for three shares of Molsons Bank stock, and, in addition, a cash bonus of \$10 for each Molsons Bank share.

The Molsons Bank shareholders will receive their regular quarterly dividend on 1st January next, and the shares received from the Bank of Montreal for distribution to The Molsons Bank shareholders will rank for regular dividend as and from 1st December, 1924.

It is unnecessary to add that the taking over of the assets and liabilities of The Molsons Bank by the powerful Bank of Montreal will conserve and extend the facilities formerly given by The Molsons Bank.

The Molsons Bank has about one hundred and ten branches nearly all of which are in the provinces of Ontario and Quebec, the greater number being in the former province, and with only five or six branches west of the Great Lakes.

The board of directors of the Molsons Bank is as follows:

F. W. Molson, president; W. A. Black, vice-president, William Molson Macpherson, William M. Birks, John W. Ross, J. M. McIntyre, and A. O. Dawson.

MOREY SPOOR INJURED

He Fell From a Scaffold at Rochester, N.Y.—Bad Injuries.

Wolfe Island, Oct. 29.—Morey Spoor, Rochester, N.Y., a former islander, met with an accident which might have proved fatal. While painting on a scaffold he accidentally slipped and fell a considerable distance, which resulted in a broken arm, two ribs and a broken jaw. His friends here were sorry to learn of his sad accident. Mrs. Frank Baker, Jr., Syracuse, N.Y., is visiting her parents here.

Mrs. James McCarthy, Rochester, N.Y., is visiting relatives here. Dr. Millan and wife, Kingston, spent Sunday at D. McLaren's, Redmond. Hulton has rented James Moran's one hundred acre farm. Bert Kane and bride have returned home after a brief honeymoon in the principal cities of the United States.

Stewart Armstrong has purchased a new car. The potato crop has been very good this year. Frank Walker and wife, Watertown, N.Y., spent a couple of weeks visiting relatives here. A number of hay presses are at work on the island. Harlow Marlow has given his new house a fresh coat of paint. Martin O'Brien, Watertown, N.Y., is visiting his parents here.

Mrs. Richard Russell, who underwent an operation in the General Hospital, is steadily improving. Mrs. Robert Payne has given her house a fresh coat of paint. Some of our local sports have been in good luck, salmon fishing of late. Rev. Father O'Keefe, Kingston, paid a visit to the island recently. William Briceland, teller of the Royal Bank, Ottawa, is home on a three weeks' vacation. The remains of Mr. Joseph Moller, Kingston, were transferred from the steamer Wolfe Island on Sunday afternoon. On arrival at the island the funeral proceeded to the Sacred Heart church where services were held by Rev. Father MacKiernan. After he services he remains were buried in the family plot in the cemetery.

A car owned by Daniel Row, Brockville, was driven to the post office. While the driver was inside the car started off and ran into the Robert Wright Co., Ltd. store, smashing a large plate glass window. Newsprint may drop to 45¢ before the present year is out.

Potatoes Suffer From Rot. Kepler, Oct. 29.—Potato digging is about over. The yield in this district is an average one. Quite a few are affected with rot. Arthur Smith is building an addition to his house. Sacramental services were held in the Methodist church last Sunday evening.

The young people are preparing for a Halloween party. E. P. Lawson visited his son, Lorne, in Montreal and his nephew, Rev. Elwood Lawson in Morrisburg, recently. Mrs. A. Hoppins, Verona, is at A. Orser's. Kepler voters turned out last Thursday and voted almost to a man for the O.T.A.

At the last meeting of the W.M.S., Mrs. G. W. Orser was appointed delegate to the coming convention in Kingston. Miss Reta Truelove will represent the Mission Band.

Should Be Re-examined.

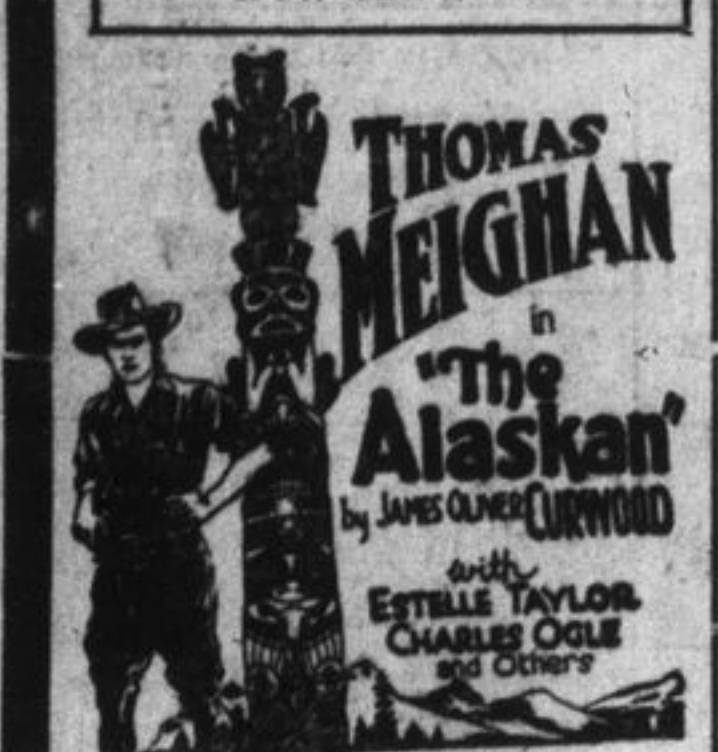

Brantford, Oct. 30.—That the entire structure of freight rates should be re-examined by the railway commission with a view to adjusting them so that satisfactory arrangements could be made to the country at large was advocated by Sir Henry Thornton, chairman and president of the Canadian National Railways, in an address delivered before the Brantford city council, citizens and representatives of adjoining municipalities, at a luncheon held in the Brantford Golf and Country Club yesterday.

Sir Henry's Denial.

Hamilton, Oct. 30.—A direct challenge was made last evening by Sir Henry Thornton to statements made during the current railway controversy in the United States to the effect that public ownership of railways in Canada had resulted in inefficiency and laxity in operation. Sir Henry emphatically denied this statement and declared that "We in Canada only ask to be left alone to work out our own problems."
