THE COUNTESS KAROLYI

The arrival at New York of the beautiful Countess Karolyi, erstwhile member of the world's most rigid aristocracy, that of the Austro-Hungarian court, has given rise to a storm of dissension. S. Stanwood Menken, head of the National Security League, has asked for her deportation on the ground that the countess is a Red—an undesirable alien. The countess' friends, most of whom are among New York's Four Hundred, have rallied to her defense.

*Thankful! —
for that Daily Cup of
Rideau Hall Coffee*

MANY women say they never tasted really good coffee until they selected Rideau Hall Coffee in the Vacuum Sealed Tin. And the gratitude of their families has been reflected in a keener appreciation of good meals—because fresh-roasted coffee seems to add a savor and zest to the appetite. Rideau Hall is sealed in the tin by our Vacuum Process as it comes from the Roasters. The fresh-roasted flavor goes right into the cup. And Rideau Hall is chaffless because it is steel cut, not ground.

Ask your grocer to show you the Vacuum Sealed Key opening Tin in which Rideau Hall is sold. None of the flavor of the fresh-roasted coffee is lost. Every cup is aromatic and delicious.

For the Prevention of Goitre
Medical authorities recognize that goitre can be treated and prevented most simply and effectively by the use of table salt to which a small quantity of Iodine has been added.

SIFTO IODINE SALT

Sifto Iodine Salt is our regular high-grade Sifto Free-Running Salt to which a small quantity of Iodine has been added, as approved by the Ontario Provincial Board of Health. This does not change the color or taste of the salt in any way. Use Sifto Iodine Salt regularly on table and for cooking just like ordinary salt.

In 2 lb., dust-proof cartons. Your grocer has it—or will get it for you.

GIVES HER COLLEGE AWAY

After spending years building up the physical property and scholastic standing of Cottey College at Nevada, Mo. (one of the buildings of which is shown at the left), Mrs. V. A. C. Stockard (right) has given it away. She donated the school to the South-West Conference of the Methodist Episcopal church, South. It has an enrollment of 200.

TRUE AND TRIED METHODS

Admiring babies is as much a part of a politician's duty in France as in America. Premier Herriot, here reviewing Nimes mothers and babies, doubtless is predicting their future elevation to the presidency.

THE WHIG'S ZOO

THE jackal lives in Africa,
Its habits are quite rude;
It follows caravans around
In search of scraps of food.
It's something like a common fox,
With hair of grayish yellow;
A-prowling round both day and night,
It's quite a sneaky fellow.
