out from an unknown cause and the
 fire fighters remained on the boat
 several hours in order to be certain
 that the flames would not break out
 again. The fire started in the re-
 frigerator plant. The vessel was
 purchased by the Hall company last
 summer.

Matter Being Considered.
 At a meeting of Arnprior council
 Mayor Jeffrey reported that the only
 definite proposal dealing with the
 Arnprior Cabinet Co. factory and
 plant, was an offer of \$15,000. He
 asked council to consider whether
 they should submit a by-law provid-
 ing for a sale at this amount, or
 whether the town should purchase
 the plant as well as keep a watchman
 on the payroll. The matter is un-
 der consideration.

Historic Water Color.
 The suggestion has been made in
 Brockville that Toronto should be
 asked for an interesting picture of
 the old court house designed for it
 eighty years ago by the late John
 G. Howard, which at present hangs
 on the south wall of committee
 room No. 2, at the city hall. It re-
 presents a front elevation of the
 court house, surrounded by the fig-
 ure of justice, which for years was
 affectionately known to the resi-
 dents of Brockville as "Sally Ann."
 Toronto will likely turn it over.

Three Prominent Dissectors.
 There are now only three promi-
 nent ministers of the presbytery of
 Lanark and Renfrew who are op-
 posed to church union. They are
 Rev. Dr. A. H. Scott, Perth; Rev. S.
 J. McArthur, Smith's Falls, and
 Rev. A. R. Gibson, Carleton Place.
 Rev. Dr. Horns, Renfrew, has been
 speaking at meetings opposed to
 church union, but he has no status
 as he is without a charge.

Died at Saskatoon.
 William Andison, a former pho-
 tographer at Perth, died suddenly at
 Saskatoon, Sask. Heart failure was
 the cause. He was born in Drum-
 mond, a son of the late Henry And-
 ison and was seventy-two years of
 age. He went west in 1879, resid-
 ing in North Dakota for twelve
 years. Returning to Perth he made
 his home there until eleven years
 ago when the west again called him.
 He moved to Saskatoon and resided
 there until his death. In 1896 he
 married Elizabeth Ann Moodie, who
 died in 1900. In 1905 he married
 Christina Moodie, daughter of the
 late Andrew Moodie, of the Scotch
 Line. His wife and daughter, Flor-
 ence May survive.

Pictou Electric Limited.
 W. C. Hunt has taken active
 steps to place his brass works in
 Pictou in a corporate form and ex-
 istence. The organization has been
 entirely completed, and hereafter
 the business will be conducted as a
 corporate concern under the cog-
 nomen of "Pictou Electric Limited."
 The purpose of the corporate
 existence is for expansion and more
 adequate financial support. Mr.
 Hunt, the manager, has stated that
 the question of funds is of impor-
 tance for a proper expansion of the
 business. At the present time the

Lanark County U.F.O. Officers.
 The annual meeting of the Lan-
 ark County Branch of the U.F.O.
 was held on Friday at which there
 was a very fair representation.
 The reports sent in by the different
 clubs showed that the movement
 was in a healthy condition. Carle-
 ton Place and Almonte as well as
 Perth clubs are in a favorable con-
 dition both as to members, and
 amount of transactions in a co-
 operative way. The election of of-
 ficers for the ensuing year result-
 ed: County director, A. Rintoul,
 lady director, Miss Yaulie; secre-
 tary-treasurer, Mrs. Lowrey; as-
 sistant director, for South Lanark,
 J. M. Shaw; assistant director for
 North Lanark, Mr. M. Cookrane. The
 board of directors, was re-elected.

Why is it Called Lombardy?
 This village in the township of
 Elmley South, is not, as one might
 suppose, so named after the region in
 Northern Italy, between Switzerland
 and Tuscany, the plains of which
 have always been remarkable for
 their fertility and for their partici-
 pation in European history, but, rather
 after a certain Francis Lombard,
 who settled at these corners which
 became known as Lombard's Cor-
 ners. He is said to have kept the
 first hotel in the township. Accord-
 ing to Leavitt, it was when the coun-
 ties council passed a by-law for the
 establishment of agricultural fairs
 that the name "Lombardy" first
 came into use. The post office was
 however, designated as "South Elm-
 ley" and it was in consequence of
 petition presented by the municipal
 council that the name was changed
 to "Lombardy."

Discovered in 1513.
 Four hundred and eleven years
 ago an intrepid Spanish explorer and
 adventurer, Juan Ponce de Leon, by
 name, first set foot on a land of
 luxuriant sub-tropic growth known
 to-day as Florida.
 Since that time Florida has be-
 come perhaps the most alluring
 Winter Resort in the world. A
 warm-watered ocean offers bath-
 ing at its best; a few miles off-shore
 the monstrous and sporty Tuna and
 Tarpon await the more adventurous
 disciples of Isaac Walton; a marvel-
 ous beach fringed with exotic
 palms, broad motor highways, scores
 of green, velvet-smooth golf courses
 —the whole steeped in glorious sun-
 shine and perfumed with the frag-
 rance of fruit blossoms and sub-
 tropical flowers.

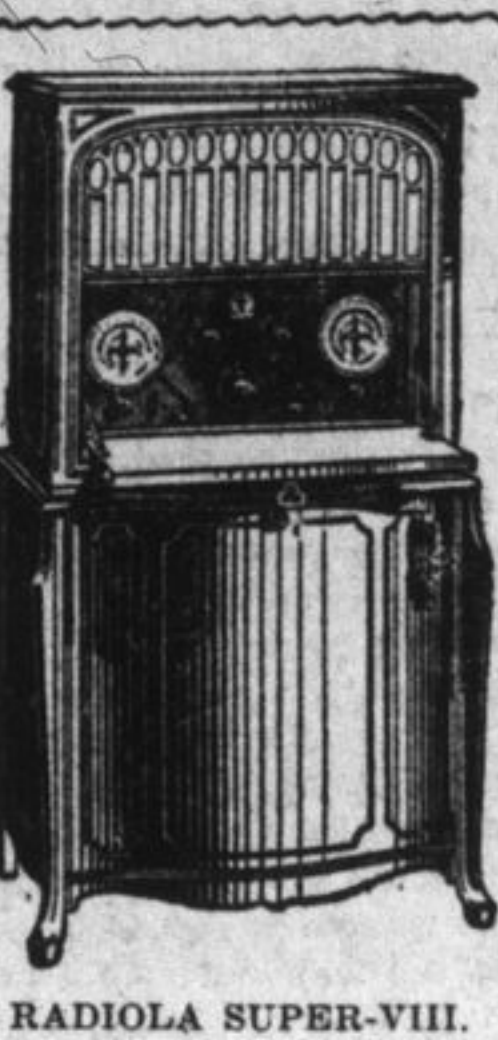

Nature has lavished her bounties
 on Florida, and man has moulded
 them for his convenience. There are
 facilities for every summer recrea-
 tion—surf-bathing, deep sea fishing,
 boating, golfing, tennis, riding, mot-
 oring, bowling and dancing; beau-
 tiful hotels, splendid apartments and
 bungalows house the visitors in lux-
 urious comfort.
 Canadian National Railways can
 offer a splendid service in helping
 you plan your visit together with
 many choices in routing. For full in-
 formation and reservations apply to

Look at Dolly May, the miracle
 child of Mrs. H. D. Locke of Har-
 perville, Ga. Dolly May has everybody in

 cut. Did you ever hear of the likes?
