wave, Western Canada at present is enjoying what is commonly termed "Indian Summer," and snow in many districts is reported to be disappearing rapidly. Rainfall, varying from a light drizzle in Manitoba to more than half an inch in parts of Saskatchewan, was experienced yesterday morning. Mild temperatures are also reported in Alberta. Prospects are for continued warm weather throughout the prairie provinces, and, according to official forecasts, the present low pressure wave will be followed by another within a few days.

To Consider Proposals. Ottawa, Nov. 21. - At the conclusion of the conference yesterday between representatives of Alberta and the Dominion Government on the return of the natural resources to that province, Premier King stated that the proposals made were under consideration. There was no further announcement at present, he said.

Proceeds Held by Custodian. Ottawa, Nov. 21. - In order that there might be no misunderstanding respecting the payment of war indemnity claims now being investigated, Thomas Mulvey, K.C., Under-Secretary of State for Canada, has pointed out, subsequent to an interview given, that when the Canadian government decides to retain and liquidate German property the proceeds will be paid to consolidated revenue, but until such decision is reached the proceeds of any sale of German property are held by the custodian.

L. H. HANLIAN NOMINATED.

For Post-Graduate Course in Scientific Agriculture, Canadian Countrerman.

The selection is announced of Leamon Houston Hanlian, a native of Grenville county, as Ontario nominee for a post-graduate course in scientific agriculture, valued at \$500 and tenable at Macdonald College, Ste. Anne de Bellevue. Mr. Hanlian is one of ten students in agriculture who have been selected for these scholarships, one of which is awarded to each of eight provinces and two of which, by reason of the bilingual situation, go to Quebec.

Mr. Hanlian, who represents Ontario in the post-graduate course leading to M. Sc., at Macdonald College this year, was born in 1889, and was brought up on a mixed farm. In 1913 he entered O.A.C., receiving his associate diploma in the spring of 1915, when he was given an appointment as assistant district representative in Frontenac county. In 1916, he was made district representative in Kenora district, having headquarters at Kenora, and in August, 1917, was appointed assistant superintendent of the Monteith Demonstration Farm. Two years later he became superintendent there, and in September, 1920, he resigned his position to complete his course at the O.A.C., in which work he made a very enviable record. In April, 1921, he was appointed assistant agricultural representative in Prince Edward county, and in September, 1921, he returned to the O.A.C. for his final graduation in the spring of 1922. The following July he was appointed assistant superintendent of the Dominion Experimental Station at Kapuskasing, Ont., which position he still occupies.
