FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief By Taking "Fruit-a-tives"

What a glorious feeling it is to be well. What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect! What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well. "Fruit-a-tives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

KINGSTON AND DISTRICT

Heads The Children's Aid. J. M. Denyes, Milton, inspector of schools, has been chosen president of the Children's Aid Society of Halton County. He is a former resident of Odessa.

Gives \$10,000 to Hospital. The Hospital of the Good Samaritan, Watertown, N.Y., has been presented with \$10,000 by the estate of W. A. Stevens in accordance with instructions given before his death.

Has Third Crop. James Mitchell, a farmer living in Elizabethtown, has demonstrated the fertility of the soil upon his farm by recently harvesting a matured crop of cabbages the third crop to be taken from the same land this season.

To Made Additions. Perth Board of Education will enlarge the collegiate institute there. It is proposed to add a storey to the gymnasium built a few years ago, and build in one of the light "wells," providing six new rooms, including a large commercial form and type-writing room.

Visited At Picton. Colonel Fraser, head of the Archives department of the Province of Ontario, was the guest of Inspector Smith for a few days last week. The colonel is always on the lookout for historical records for the archives. With Mr. Fred Newman and Mr. Smith he visited the Cooper storehouse at South Bay and procured many papers of historical value.

Fifty Years Ago. Butter was selling in Renfrew at from 22 to 25 cents per pound. Hay was worth from \$13 to \$15 per ton. Flour was quoted at from \$6 to \$6.50 per barrel. Potatoes were listed at from 50 to 55 cents per cwt. Wheat and oats were also quoted by hundredweight, the former at \$1.80 to \$2 and the latter at 90 cents to \$1.05.

Dental Clinic For Schools. Miss Crowe, public school nurse,

was authorized by the Pembroke Board of Education to arrange for a dental clinic for the inspection of the teeth of children attending the public schools. Miss Crowe told the board that eighty-five per cent. of the children attending the public schools have defective teeth, and that the local dentists had agreed to make the survey free of charge.

Madawaska Water Not Perfect. Engineer Berry, Department of Public Health, Toronto, was in Cornwall conferring with the council and the board of health on matters of importance concerning the sanitary conditions of the town. First Mr. Berry visited the waterworks pump-house and his conclusions were that the filtering equipment is now much too small and requires another unit; to this should be added a chlorinating plant. But for the known clarity of the Madawaska river the department, he said, would long ago have insisted on the installation of this equipment.

Formed a Partnership. On Dec. 1st the large general merchandise stock of Burdick & Armstrong, Cape Vincent, N.Y., will be taken over by W. F. Blum, of the village, and W. H. Monteith, Clayton. The new firm will be Monteith & Blum. Both Mr. Monteith and Mr. Blum have had quite a bit of experience in the mercantile business. The surviving member of the old firm, Charles Armstrong, connected with the business since 1887, will retire.

Repairing Old Windmill. The old windmill at Mailand, the scene of stirring times a century ago, and which was erected in 1814 by Colonel Jones, and used by him for many years to grind corn and wheat for the early settlers, is being repaired and strengthened. The work is being done by a Mr. Webster, a lineal descendant of his, who has a number of men employed. It is one of the remaining relics of our early revolutionary wars, and on several occasions was the scene of skirmishes, soldiers having been

quartered there. Being close to the water's edge, it commanded a splendid view of the American main shore, and of the river for several miles both east as well as west.

CONSTIPATED CHILDREN

Constipation is one of the most common ailments of childhood and the child suffering from it positively cannot thrive. To keep the little one well the bowels must be kept regular and the stomach sweet. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative; are pleasant to take and can be given to the newborn babe with perfect safety. Thousands of mothers use no other medicine for their little ones but Baby's Own Tablets. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Pentecostal Church Services. On Thursday evening in the Pentecostal church a revival service was held. James F. Lebrocq gave a very interesting message on "Naaman the Leper." Three professed salvation, making a total of six for the week. A good crowd was in attendance.

Old Resident Passes. D. H. Pettit, West Lake, passed away on Saturday after five weeks' illness following an accident in which his spine was dislocated. Mr. Pettit was highly respected. Ever ready to lend a helping hand, he will be greatly missed. He leaves a wife who was, Mary Essie Platt, also one daughter, Mrs. A. J. Lake, West Lake, and one son, William, Calgary.

Quite Remarkable. Mr. and Mrs. Sam Willis, Portland, are setting a standard for the raising of geese which, some of the oldest residents claim, was never before known in this district. At the Willis farm a goose, during the last week in October, brought out a second hatching of eight goslings, which are a novelty in the district. On the first of May, 1924, the first hatching was produced and while it is claimed that this is not unusual in turkeys, it has never been heard of around Portland in geese. The "young ones" are progressing favorably.

Prince Edward Hospital. At the annual meeting in Picton of this hospital these directors were chosen. Mrs. W. R. Browne, W. J. Carter, Dr. Currie, H. B. Bristol, H. H. Horsey, F. Newman, Dr. Philip, H. E. Hyatt, Mrs. J. R. Brown, Dr. Platt, Dr. Publow, Dr. Wainman, Dr. Lighthall, Mrs. Collier, M. W. Reive, R. Davison, Dr. McCulloch, Dr. Allison, E. Maston, R. Purcell, Mrs. Goodwin, Mrs. N. D. Gilbert, E. A. Pearce, and the warden of the county. The year's revenues and expenditures for the year was \$12,000.

Failed To Do It Justice. Despite the efforts of song writers to sing the glories of California, they have failed in giving an adequate description of this land of remarkable loveliness. It is a land of perpetual summer, of romance and beauty, of rest and play. Cool, inviting mountains, sun-steeped slopes and vales, balmy breezes carrying the tang of growing fruit, bring the glow of health to the cheeks of the ailing. The world-weary find rejuvenation on the sunny bathing beaches, in motoring, riding, bowling, dancing, tennis or golf, while deep sea fishing, surf-riding or aqua-planing keep the more active entertained.

There are two splendid routes to California, the first via Chicago reached by the famous "International Limited" of the Canadian National Railway, also by late daily evening connection (observation sleeper from Toronto). The "International Limited" is of course a daily train and offers a service unequalled for speed, comfort and convenience. At Chicago connection is made with all the crack trains for the south and southwest. The other route is by the "Continental Limited," leaving Montreal daily and "The National" from Toronto daily via Vancouver and Victoria. This "All Canadian" route is very popular with the regular tourists to California. It takes you through the world famous Jasper National Park and Mount Robson Park and the white mantled mountains are beautiful in description. At Vancouver connection is made with rail and steamship lines serving all destinations in California. For full information and reservations apply to J. P. Hanley, C.P. & T. O. C.N.R., Kingston, Ont.
