A Proposal.

Dear Editor:

"Tis Leap Year!  
The year is almost through  
So I must lose no time, dear,  
In making love to you.

In truth I'm far from homely,  
My figure is petite;  
You'll find me sweet and comely,  
With very dainty feet.

I'm not a raving beauty,  
But as a wife I'll do;  
I've learned each wifely duty  
From other husbands—two.

I've got a sense of humor,  
And so I'd be a spouse  
Who wouldn't have a roomer  
Or boarders in the house.

Please don't decline my offer;  
I'd love to marry you.  
A dear girl's heart I proffer;  
Write soon.

Yours,  
LOVING LOU.

The Disposal.

Dear Loving Lou:  
Your letter  
Comes as a great surprise;  
But do you think a fetter  
Appeals to one who's wiser?

You will permit me, surely,  
To speak in language plain;  
You did not stick securely  
To two; why try again?

I like my car and clothing  
The best in all the land;  
I have a special loathing  
For aught that's second-hand.

With love I am not burning;  
I hate all forms of war,  
So, herewith, I'm returning  
Your offer.

Pain In the Muscles,

Stiffness In Joints

Quickly Subdued By Nerviline

Those who have tested out numerous liniments will agree that where something is needed to dislodge a deep-seated, more or less chronic condition there is nothing to compare with Nerviline. It's because Nerviline penetrates so deeply, because it has about five times the strength of the ordinary oil preparation, it has come to be known as King over all Pains. For Rheumatic conditions, muscular and joint stiffness, Nerviline works wonders. A trial proves this. Get a 25 cent bottle from your dealer to-day.

## PALE ANAEMIC GIRLS

Find New Health Through the Use of Dr. Williams' Pink Pills.

There must be no guesswork in the treatment of pale, anaemic girls and children. If your daughter is languid, has a pale, sallow complexion, is short of breath after slight exertion or on going up stairs, if she has palpitation of the heart, a poor appetite, or a tendency to faint, she has anæmia—the medical name for poverty of the blood. Any delay in treatment may leave her weak and sickly for the rest of her life. Delay may even result in consumption, that most hopeless of diseases. When the blood is poor and watery give Dr. Williams' Pink Pills, coupled with nourishing food and gentle outdoor exercise. The new, life-giving blood which follows a fair use of Dr. Williams' Pink Pills stimulates the nerves, increases the appetite and brings the glow of health to pale cheeks. Mrs. W. E. Armour, Halelock, Ont., says:—"My little girl got into a very poor state of health. She was weak, very much run down and as the doctor did not seem to do her any good, I thought I would try Dr. Williams' Pink Pills. After taking six boxes of the pills she got nice and rosy and strong again. I would recommend Dr. Williams' Pink Pills to anyone weak and run down."

You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The thirtieth anniversary of the passing of Kingston's curfew law is announced. The law became a farce as the city council would have had to engage a couple hundred constables to enforce it.

Things have come to pass just as many prophesied. A few years after the great war it was declared that only those who had really suffered and lost a father, a brother, or a son, would pay much heed to armistice anniversaries. The pity of it!

From Picton comes the news that there were only ten deaths out of 218 patients who entered the Prince Edward hospital last year. Does the credit go to the doctors or to the fine constitution of the folks in Prince Edward?

The Hamilton Tigers could not beat Queen's in 1894 and we hope they will not do any better in 1924. The Tricolor has been too much for the Tigers so far, even though Hamilton boasts of a mountain in its midst.

## COUNTY'S INDIGENTS UNDER DISCUSSION

County Council Appoints Committee to Meet the Home For the Aged Board.

Friday afternoon's session of the Frontenac county council consisted of taking a long time to do very little. It was getting along towards three o'clock when the meeting was called and it was after five when the motion to adjourn came.

A by-law was introduced to provide for the raising of debentures to meet the county of Frontenac's share of the provincial highway construction work in this county in 1921-22-23. The county's share this time is \$116,462.56. The first reading called for twenty-year debentures but this was later amended on motion of Councillor Drew to fifteen year debentures. After a lot of discussion it was given second and third readings. Councillor Spankie, who was an advocate of the fifteen-year plan, said it meant a saving of \$18,000 in interest alone. The schedule of payments to meet the debentures was enclosed with the by-law.

Mayor Thomas B. Angrove appeared at the meeting and his entrance was the signal for loud hand-clapping. He explained that he came as the chairman of the Board of the Home for the Aged and not as mayor of Kingston. His object was to try and bring about some understanding between the board and the county council concerning the county wards in the institution. The council had said early in the year that it considered \$6 per week per ward too much for maintenance. This was later reduced to \$5.30 on account of a government grant of 70 cents. Mr. Angrove said that was the actual cost. He asked for a committee to meet the members of his board but stated that separate payment from the townships would not be accepted.

Councillor Graham, of Kingston township, engaged with Mr. Angrove in a little debate but his remarks were refuted by other councillors. Mr. Graham's contention was that the county was practically supporting the Home for the Aged and the city of Kingston paying next to nothing. His plan was to either find other institutions with lower rates or, as in his township, to "farm out" needy aged people to private houses. Councillor Hamilton later showed that this practice was illegal.

There was much discussion after Mr. Angrove left but Councillors Drew, Halliday and Jameson showed that the best possible solution was to have the county settle the bills of the Home for the Aged and bill the separate municipalities, while accepting the very fair invitation of Mr. Angrove to have a meeting with his board and go into the matter in detail.

Mrs. Fred. Dennison was appointed to the Mothers' Allowance Board in place of Mrs. Shibley.

Councillor Halliday moved, seconded by Councillor Sibbit, that the council go on record as in favor of a juvenile court for this district, with the rider that it is understood that this court shall operate with no cost to the county.

Councillor Graham objected to the motion, calling it the "thin edge of the wedge" to get more money out of the county, but he was corrected by Councillor Halliday. The motion carried.

A committee composed of Councillors Hamilton, Halliday and Sibbit, was appointed to confer with the board of governors of the Home for the Aged regarding the county indigents being given care, and to go into the matter of costs.

A motion was presented, and passed unanimously, thanking Warden David Gemmill for his splendid services during the year and the high appreciation felt by the council. The warden thanked them and said he would always remember the year 1924 as one of the most pleasant of his life and that he appreciated the honor conferred upon him in his office.

Councillor Halliday moved the sine die adjournment.

COMMITTED FOR TRIAL THE HUMANE SOCIETY

Claimed Urban Snider, Odessa, is of Unsound Mind.

Napanee, Nov. 22.—Urban V. Snider, Odessa, was yesterday committed to stand trial on a charge of shooting with intent to do bodily harm to Percy Clarke, the fifteen-year-old son of Mr. and Mrs. S. W. Clarke, Odessa, on the night of Oct. 31st last. Snider appeared before Police Magistrate Rutman and was defended by W. S. Herrington, K.C., U. M. Wilson acted for the crown.

Evidence was given by Percy Clarke as to the shooting in the yard of the prisoner, who fired upon a party of boys who were in Halloween's garb, the witness being shot through the lung. He was two weeks in Kingston General Hospital. Evidence was also given by Jasper Schenckhorn, one of the party of boys, and Dr. J. M. Munroe and Dr. R. J. Gardiner, who attended the wounded lad.

Mr. Herrington is applying for the commitment of the prisoner to an asylum, it being held that he is of unsound mind. Snider has been examined by Dr. E. Ryan, superintendent of the Rockwood hospital for the insane. The magistrate said he could not do otherwise than commit Snider for trial. Mr. Herrington did not ask for bail as he said it was not wanted. He will proceed to secure a hearing in order to have the prisoner declared of unsound mind and placed in Rockwood hospital.

The Humane Society's inspector and veterinary have had a very busy month caring for the dumb creatures whose owners are not sufficiently interested in caring for them. A call was received to go to Montreal street where a dog had been run over by an auto and hurt so badly that it had to be shot. Another dog had to be gassed, due to injuries. The owners in neither of these cases could be found. A dog and a cat were gassed at the request of the owners.

A boy was found shooting with a catapult, which was taken away from him. Five cases of horses with defective shoes or binders were attended to. A horse was found for a horse that was hobbled on front legs both day and night, and on a lot where there was practically nothing for it to eat. A stable was inspected and a promise secured from the owner that he would put the building in good condition before the winter weather. Five horses which were unfit for work were shot.

In a case of ill-treating a horse the owner promised that it would not occur again.

The worst case that the society has had to deal with lately was that of a horse which had caught its leg in a wire fence and was released by a passerby who notified the negligent owner to see to it. The inspector and the veterinary went out to see it, and found its leg in a frightful condition. The poor creature was shot and the owner prosecuted and convicted.

SECOND BIG JERSEY FIRE

Jersey City, N.J., was the scene of two big waterfront fires each causing damage running into the millions within seventy-two hours. Fireboats are shown here attacking the flames which destroyed two Erie Railroad piers filled with merchandise. Lighters and cars also were consumed and two firemen were injured.
