**WHY THE WEATHER?**

By CHARLES F. BROOKS  
Secretary, American Meteorological Society, Tulsa, Okla.

**Cold Wave Outposts.**  
North America's equipment for cold-wave forecasting is better than ever before. Several new radio reporting stations, Fort Simpson, Dawson and Mayo, have been established in the Yukon and the Mackenzie Basins to keep us informed of the weather where most of the cold waves come from. These in conjunction with the Alaska stations, for many years practically our only cold wave outposts, can warn us of the up-piling of great masses of cold air over the northern interior. Such accumulations appear to precede the outflows that descend on us as our cold waves. Still, because of the eastward trend of the weather in response to the general circulation, the Alaska stations are our most valuable ones. Indeed, it is regrettable that no reports are received from places even farther west,

such as Siberia, where the coldest known weather on earth occurs. A great permanent low pressure area, the North Pacific or Aleutian "low," largely controls the characters of the winters in western Canada, whence comes much of our cold weather. In seasons when this "low" is very deep and far north, it spreads over the Yukon, and into the Mackenzie Valley, and appears to prevent the formation of anticyclones ("highs") and leads to a prevalence of southerly winds over the Canadian western provinces and northwestern states. On the other hand, when "highs" prevail conditions are right for a cold wave. Possibly the temperature and position of the Japan current partly control this North Pacific "low," just as the Gulf Stream seems to influence the North Atlantic centers of action.

JOSEPH HENABERY AS PRESIDENT LINCOLN IN D. W. GRIFFITH'S "THE BIRTH OF A NATION" At the Capitol Thursday, Friday and Saturday.

**Board of Trade To Meet.**  
The council of the Board of Trade met on Tuesday afternoon and arranged for a meeting of the board on Thursday night to transact pressing business and to hear the delegates to the late convention of the Associated Boards of Trade and Chambers of Commerce of Ontario. On motion of Elmer Davis and W. A. Craig, a resolution of congratulation to J. G. Elliott on his new honors was adopted. Mr. Davis speaking in very complimentary terms of the work done by Mr. Elliott for the Board of Trade here. The presidency of the Ontario organization was a distinct honor to Mr. Elliott and to Kingston.

**"Cascarets" 10c if Constipated, Dizzy, Bilious**

Feel fine! Let "Cascarets" clean your bowels and stimulate your liver. No griping or overacting. Millions of men, women and children take this harmless laxative cathartic. It doesn't sicken you like pills, oils, calomel and salts. Tastes nice—acts wonderful. 10c, 25c. and 50c. boxes—any drugstore.

**Dr. Waugh**  
DENTIST  
106 Wellington St. Phone 256.

**QUART OF WATER CLEANS KIDNEYS**

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You.

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

PROBS:—Thursday, cloudy and colder before night.

**Extra Special!!**

Your Opportunity—The Last In 1924

**THE BRITISH ELECTIONS**

How the Conservatives swept the country in the British elections could not be better illustrated than in this map which shows how the countries voted. The black portions represent Socialist seats, the shaded portions Liberal seats, and the white the seats now held by the Conservative party.
