Makes a Family Supply of Cough Remedy

Ready-made, ready-made, ready-made, ready-made, ready-made, ready-made.

Get from any druggist 2 1/2 ounces of Finex, pour it into a 16-oz. bottle and fill the bottle with syrup.

This Finex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Finex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Finex" with full directions, and don't accept anything else.
