Don't Let That Cold Turn Into "Flu"
Rub on Good Old Musterole
That cold may turn into "Flu," Grippe, even worse, Pneumonia, unless you take care of it at once. Rub Good Old Musterole on the congested parts and see how quickly it brings relief.
Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.
As effective as the messy old mustard plaster, it does the work without the blister.
Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief. 40c and 75c. at all druggists.
The Musterole Co. of Canada, Ltd., Montreal.

A Wolfe Islander asks this question: "A farmer weighs a turkey on the market scales and takes it to a meat market. The purchaser weighs the bird on his scales and wants to pay you for his weight. If a farmer has any produce short in weight, it is confiscated and taken away from him and he is perhaps also fined. How is it that the buyer can beat the farmer and get away?"

A Straight Business Proposition

We believe we have kept our promises every day of this sale. This event has attracted country-wide attention. It's success is further demonstrated by the crowds of people who throng the store daily, many drawn from a distance of one hundred miles by the incomparable values.

The many letters of praise we have received bear testimony of many satisfied customers, who bought by mail.

There's no type big enough, no words strong enough, and no description good enough to do justice to this big selling event.
