## GORDON LAPP GUEST OF BOYS' WORK BOARD

A Dinner Was Given Him at the Grand Cafe on Saturday.

Gordon Lapp, who is the premier of the Fourth Older Boys' Parliament, was the guest of the Boys' Board at a very pleasant dinner on Saturday evening. Mr. J. Alex. Edmondson introduced the speaker and Premier Lapp expressed his delight in being with the Kingston boys. Robert Bourke, who was minister of finance in the Van Every cabinet, and who succeeded in making the bond selling campaign such a success, referred briefly to his work of last year. The dinner ended all too soon for everyone.

At eight o'clock Premier Lapp addressed a small audience in the Assembly Hall at the Y.M.C.A. He was introduced by Howard MacMillan, M.B.P.P. and member of the Lapp cabinet. When Premier Lapp arose to speak he was heartily applauded. In speaking of boys' parliaments, the speaker told his listeners that the first Ontario Boys' Parliament opened in 1917, and consisted of thirty-two members. The parliaments have trebled their number and as a result the Lapp cabinet consists of ninety-six members. He believed that to succeed in boys' work, we must advance a step at a time, building a careful foundation. The speaker blamed the failure of boys' work in so many places to the fact that they went in leaps and bounds, and it ultimately resulted in the complete failure of the work.

Referring to the much debated City Boys' Council, the speaker was of the opinion that a council would be useless at present; he felt that the work of the Board was doing excellent work, and that when the squares of the city were sufficiently well represented that the City Boys' Work Board would spring the council scheme. Premier Lapp told his hearers that his parliament cut down on the number of acts and as a result the Lapp cabinet passed only five acts, as follows:

1. The Act to amend the Parliamentary Act.
2. The Bond Selling Act.
3. The League of Nations Act.
4. The C.S.E.T. Sunday Act.
5. The Parliamentary Programme Act.

The speaker said that his parliament was pledged to raise \$8,500 for the purpose of financing the Ontario Boys' Work Board. The method that will be employed will be to sell non-dividend one dollar bonds throughout the C.S.E.T. Groups of Ontario.

The purpose of the sum being so large was owing to the need of an additional field-secretary to relieve the much over-worked field secretary, C. F. Plewman of the Ontario Boys' Board. The parliament felt that the boys who sold the bond should be compensated; therefore the cabinet have struck medals and trophies as awards, and to be awarded as follows:

- (A) Individual—1. To every boy selling 5 bonds, a bronze medal; 2. To every boy selling 15 bonds, a silver medal; 3. To every boy selling 50 bonds, a gold filled medal; 4. To the boy selling the greatest number of bonds, a gold medal.
- (B) District—To the group in each of the 21 districts selected making the best showing per enrolled member and raising at least \$25, a suitable shield.
- (C) Provincial—To the group making the best showing per enrolled member, in the province, the grand championship trophy, the same to be held for one year only except in the case of a group of church winning it three times in succession, in which case it shall become their property.

At the conclusion of his address the speaker was warmly applauded. A vote of thanks was tendered him on motion of J. Armstrong.

## MADE A WARD OF THE CHILDREN'S AID

But Will Remain With Her Grandmother—Decision of the Magistrate.

The little granddaughter of Mrs. David Cunningham has been made a ward of the Children's Aid Society, but will remain in the care of the grandmother unless something occurs that will warrant the child's removal from this home.

This was the announcement made by Magistrate Farrell on Monday morning in the case which was brought before the court on Friday last.

The magistrate remarked that he had found that it was his duty to make the child a ward of the Children's Aid Society. "And I do it much more readily in view of the statement that Rev. Mr. Black, Inspector of the Children's Aid Society, has made, that it is his intention to leave the child with the grandmother and that no change will be made unless something very material is brought to his attention, more than that which developed in court."

Magistrate Farrell pointed out that while the child was not a "neglected child" in the ordinary sense of the term, the legislature held this to be the case, owing to the circumstances. It did not matter how good a home the child was in; under the circumstances in this case, the child had to be made a ward of the Children's Aid Society.

Installation of Officers. An event of much interest to the members of Frontenac Fortress No. 4, and Canton Kingston No. 6, Patriarchs Militant, took place in the Odd Fellows Hall on Friday evening when Major Cole and installing staff of Belleville were present for the purpose of installing officers for the present term. Representatives of the Toronto lodges were also present.

After the installing ceremonies were concluded a hearty vote of thanks was extended to Major Cole for the very able way in which the work was conducted. The banquet which followed was greatly enjoyed and at its close interesting addresses were given by officers and out-of-town guests. A social hour was then enjoyed.

### Man's Fur Coat Affire.

A near tragedy occurred in front of the Whig bulletin board on Saturday forenoon. A man wearing a fur coat was busily engaged in reading the bulletin—in fact he was intensely interested with the news of the day that he did not know that his coat was on fire. It is stated that quite a piece of his coat was destroyed before the man discovered the blaze and that his trousers also suffered. A pipe left in his pocket is blamed for the blaze.

### Canada Compliments Tyrwhitt.

Toronto Globe. Canadians have a vivid and admiring recollection of the dashing exploits of Commander (now Admiral) Tyrwhitt during the war. Tyrwhitt was in the thick of several engagements as the Commander of destroyers and flotillas. His flagship, which carried the name of the "Saucy Arctura," was the focus of German gunfire in the battle near Heligoland in August, 1914, and continued to fight with the only gun not disabled until the enemy fled. In 1915 the Arctura torpedoed and sank the

German armored cruiser—Bucher, which had raided the English coast. Tyrwhitt's gallant ship was mined and destroyed on February 14th, 1915, with the loss of eleven men. But she will live in the annals of the British navy, and Canada also has commemorated her and her brilliant Commander by conferring their names on two 9,000-foot peaks on either side of a pass in the Rocky Mountains in about latitude 50 degree 36 minutes, and longitude 114 degree 55 minutes. Acknowledging the tribute, Admiral Tyrwhitt wrote to the Secretary of the Geographic Board of Canada saying: "It is an honor I never expected and shall never forget." Tyrwhitt and Arctura are names that for all time will stand in Canada high indeed!
