First—Stop Pain Don't suffer for an hour.

When pain comes, stop it. Be ever ready to stop it quickly, night or day. Don't suffer any pain which a moment of rubbing can stop.

These include pains allied to rheumatism, to soreness, to lameness, to chest colds. They can be stopped at once. For 45 years they have been stopped by rubbing with St. Jacobs Oil.

As for curing the cause of the trouble, Nature usually does that. But don't suffer while you wait. St. Jacobs Oil causes counter irritation. Then it draws the blood to the surface to relieve congestion. In a minute or two you feel that the pain has ebbed. You rejoice in relief.

Perhaps there are other ways. But this is the one way that millions have used—have proved it for 45 years. You can rely on it. Your druggist guarantees it. Why take chances when you know that nothing can be better?

Don't wait for an emergency. It may mean a night of pain. Have St. Jacobs Oil ever ready. Apply it as soon as you feel a pain, or a chest cold. Be ready to soothe it, to check it at once. There will never be a better way. Go get it now to be prepared when pain comes. It may save you and yours many unhappy hours.

Rheumatism—Backache—Lameness—Lumbago—Soreness—Chest Colds—St. Jacobs Oil—Rubs Pain Away—Only 25 Cents!
