Tea Still Cheap But Dearer.
The old story of supply and de-
mand has disturbed the tea world
very much of late. Everyone seems
to want more tea and the gardens
are not growing enough of it. Year
end reports indicate a further short-
age and we shall have to pay more
for the luscious beverage it seems.

William Thorburn's woolen mill
at Almonte is again in operation, af-
ter being shut down for about two
months for the purpose of installing

a new water wheel, and everything
from the water to the loom is of the
latest and best description. The
mill is not running at its full cap-
acity yet, but it is expected to be so
shortly.

Judgment for Plaintiff.
Friday afternoon the case of Mrs.
Agnes Soper, Brockville, against
the township of Elizabethtown, was
concluded before Judge Reynolds.
The action was over \$299.10 for ser-
vices rendered by the plaintiff a year
ago at the time of the smallpox out-
break in the rear of the township.
The township disputed the account
and the judge awarded Mrs. Soper,
who is a trained nurse, the full
amount of her claim and costs.

Service Bars Granted.
In emulation of a practice which

five years of the first 25 years' ser-
vice a gold bar is granted, and for
each succeeding five years a gold
maple leaf. The decorations are
striking in design.

PAPER CUTTERS DANGEROUS

You are courting trouble for your-
self and probably serious injury to
children if you permit a paper cut-
ter to lay on the top of a table where
a child can reach it. A small leather
covering for cutters can be pur-
chased at small cost and they should
be kept in a drawer away from
playful hands.

following officers were elected: Pre-
sident, Mr. George Laxer; 1st vice-
president, Clarence Long; 2nd vice-
president, W. S. Digs; secretary-
treasurer, H. C. Taylor; directors,

D. Hinchey, J. S. Kerr, Theodore
Parks, James Hanley, R. J. Martin,

Late Clifford E. Crummy.
After a short illness of pneumonia
the death occurred Friday at his re-
sidence, Lake Bluffs, of Clifford

mother predeceased him, and sur-

ret, and one brother, Stanley Crum-
my, Athens. In religion, the late
Mr. Crummy was a Methodist, a

funeral was held Sunday afternoon
at Athens cemetery, where the re-
mains will be placed in the vault
until spring.

Difficult to Manufacture.
The Kingston Dye and Chemical
company expects to manufacture
pharmaceutical and food specials.
These dyes and drugs are more
difficult to manufacture than the
products used for dyeing textiles
and there is consequently a greater
profit with less machinery. These
products are all manufactured from
benzol, which is itself distilled from
coal. It is difficult to say how many
men will be employed in the plant,
but the majority of these would

**"Child's Eyelids Inflamed
Stuck Together and Bled"**

Mr. E. P. Kimball, Estherville, Alta., writes:
"Our little girl from birth was troubled with inflamed eyelids
and in spite of several remedies, grew worse until at the age of six-
teen months her eyes could not be opened after sleep without bleed-
ing, a waxy discharge sticking the lids
together and adhering with great tena-
city. The child's grandmothers were con-
sulted by mail, and both responded with
a little sample box of Dr. Chase's Oint-
ment. These were used as directed, and
lasted until we could obtain a further supply
from Edmonton. Improvement was
very marked from the first application.
The waxy discharge was easier removed
and did not reappear. Inflammation sub-
sided and has not returned."

YOU'VE heard his funny little squeal,
You've seen him on a farm,
He always comes when you come near,
But no one would ever harm
They feed him well and then
To market he's taken,
and pretty soon the butcher sells
The pig as ham and bacon.
