"Fruit-a-tives" brought early relief

"I first heard of "Fruit-a-tives" through a friend of mine living in St. Johnsbury, and as I was troubled with very high Blood Pressure and Constipation, I deided to try the fruit treatment. The result is that I am feeling very much better, and I am glad to recommend "Fruit-a-tives" to anyone". Mrs. C. W. Thompson, Lyndonville, Vermont.

Every home in the Fogg's baby. town has one or more members and everybody apparently is taking an interest in the library. One interesting item reported by the chairman of the property committee was that of some very fine book racks which had been made by W. B. Mudie. It was such a fine job in fact that Mr. Mudie almost found it necessary to call in some of his brother barristers so he could make an affidavit that the work had actually been done by him. Not every library board can boast of a clever lawyer and at the same time so generally versatile that when funds are low or carpenters scarce the chairman of the library committee can produce book racks or anything else in that line which are worthy of a first class cabinet maker. High compliment was paid to the excellent work of the librarians during the past year, and the thorough satisfaction their service is giving the board and members of the library.
