COAL
RIGHT UP-TO-DATE
It may sound a little queer to
talk about being up-to-date in the
coal business because coal
doesn't change styles, but there
are all sorts of grades at all sorts
of prices, and we have to keep
posted in regard to dealers and
quandaries, and prices in order to
serve our customers to the best
advantage. We keep as close
watch on these things as the
milliner does of the Paris
