DOING OVER A TABLE TOP. In time the top of a much-used table is almost sure to become disfigured. When this happens the housekeeper can easily renew its surface herself as follows:

Remove the original gloss by scrubbing with one quart of hot water containing one heaping tablespoon of washing soda. Then fold a piece of thick felt, or a square of old pile carpeting over a block of wood two inches square, which has a flat face, and dip the felt, or carpeting, into linseed oil, sprinkle it with powdered pumice, and go over the table top with long even strokes, working with the grain. Take care to keep the felt or carpeting well moistened with the oil, otherwise the pumice may leave fine scratches. When the surface is smooth to the touch, wipe off the pumice with some oil applied to a piece of old, soft silk. Then rub off the surplus oil with clean rags. You have now removed the oil polish. No doubt, too, the old stain

That the Anglican Sunday school children of Ottawa gave \$1,000 towards the Save-the-Children fund of the Near East.

That the members of the Local Council of Women were much pleased with the reports given of the Traveller's Aid work by Mrs. Charles Wright, who ably fills the post of Traveller's Aid in Kingston. The Local Council through the affiliated societies and the assistance of the Ladies' Aid Societies of the Kingston churches, have undertaken to pay a small salary to have the principal trains met, and woman and girl travellers set on their way.

That streamer ties are a feature of many of the blouses and frocks worn with ensemble costumes to-day. The streamers are long and the knot may be either close up to the throat or looped loosely as low as the waistline.

That the season of sleighing parties should be considered at an end unless we have another snow storm. The roads in the city are quite bare of snow and in some places on Friday the dust was flying. There is little snow on the country roads and it is cruel to expect horses to draw loads of children over bare ground on sleighs.

That the I.O.D.E. celebration was a great success and the members of the various chapters will go forward with renewed vigor to carry out the work of completing the War Memorial.

That the cadets of the Royal Military College will give one of their famous minstrel shows this year. It is two years since we had the pleasure of hearing these clever young men put on the splendid entertainment to which they give much time and talent.

That if children at school can be made to understand how just and noble it is to be humane, even to what we term inferior animals, it will do much to give them a higher character and tone through life. There is nothing meaner than barbarous and cruel treatment of dumb creatures who cannot answer us or resent the misery which is so often needlessly inflicted upon them.

This Little Brandon Lassie Is Never "Dosed" for Colds

The Browns Now Use the "External" Treatment for Croup and Cold Troubles.

Mrs. John Brown, of 426 24th St., Brandon, Man., is the mother of this fine little girl, and one of the many Canadian mothers who now use the remedy Vicks VapoRub, in treating the colds of all the family. After using Vicks for some time Mrs. Brown writes:

"I have eight small children—aged from one to twelve years—and can certainly say that Vicks is the only cold remedy I have in the house all winter. If the cold is in the child's head I just put a little up each nostril and it gives relief in a short time. If it is in the chest I rub Vicks well in at night and by morning the cold has almost disappeared. I also use Vicks for chilblains and for burns—in fact, I use it too for severe headaches and find relief in a very short time. I always recommend Vicks to my friends especially those who have children."

Vicks is the external direct treatment for cold troubles—absorbed like a liniment and inhaled as a vapor. It is the ideal treatment for children's colds. Just so good, too, for adults.

CHAFFEY'S LOCKS. The regular meeting of the Women's Institute was held at the home of Mrs. E. Alford, on February 14th. After the business of the meeting, the members and their friends played progressive squares. Mr. E. Alford won the gentlemen's prize; Miss Jean Alford the ladies' and Miss Mary Simmons the consolation prize. At the close of the games, dainty refreshments were served, a vote of thanks was tendered the hostess and the social evening was brought to a close.

Beauty A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair-brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance. "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair appears after this delightful, refreshing dressing.
