SWEEPING OF STREETS
INSTEAD OF WATERING

Board of Works to Try This
Plan on Some of the New
Pavements.

That sweeping be substituted for
watering on a number of the streets
where pavements have been laid,
and that a by-law be passed fixing
the rate for the sweeping, was the
decision of the Board of Works, at
a meeting held on Wednesday after-
noon, when the question of the
watering and cleaning of streets was
discussed at some length.

Ald. Reid started the bill rolling
at a recent meeting when he stated
that in his opinion it was a great
waste of money to water the new
pavements. The city engineer was
asked to consider the matter and
as a result he brought in a report
on a number of paved streets and
asked that sweeping be substituted
for watering on those streets.

As at a former meeting, Ald.
Boyd very strongly urged the pur-
chase of a flusher for the streets.
He declared that the city is losing
money on its present system of look-
ing after the streets.

No action was taken by the Board
on the proposed new regulations for
traffic on Princess street, referred
back to the board by the council,
owing to the fact that the confer-
ence between the retail merchants,
the motor league and the street rail-
way company, has not yet been
held. It is expected that this con-
ference will be held at an early date,
and that the board will have some-
thing definite to work on, and that
a recommendation will then be made
to the city council.

Ald. Holder again brought before
the committee the question of open-
ing up Patrick street, from Stephen
to Thomas street. Ald. Holder said
that objection had been raised to
the paying for the opening of the
street out of the general fund. He
had looked up the records and had
found that no less than nine streets
in the city had been opened up un-
der the general fund.

Ald. Reid remarked that it would
be found that in the case of the
streets opened, the investment would
be a paying one. However, he
could not see why some streets
should be opened under local im-
provement and others out of the
general fund. In the present case
he was not convinced that there was
absolute need for the opening of the
street.

After a great deal of discussion,
it was decided to allow the matter
to stand over till the next meeting.
Claims for damages to autos on
roadways were received from Dr.
Jones, Dr. Williamson and George
Graham and were referred to the
city solicitor and the city engineer.
The application of the Checker
Taxi station to install a gasoline
tank in front of their premises at
110 Clergy street, was granted.

The petition of W. J. Brownlee
and others, against the paving of
Raglan Road, between Rideau and
Montreal street, was filed.

W. H. Sullivan, 66 John street,
complained about the flooding of his
cellar and a letter was also re-
ceived from Cunningham & Smith,
on behalf of residents on Stephen
and Montreal street, complaining
about the flooding of their property.
Both complaints were referred to
the city solicitor and the city engi-
neer.

The Board received a letter from
T. M. Asselstine, president of the
Kingston Automobile League, re-
garding the proposed new traffic re-
gulations, but the letter was laid
over, pending the conference to be
held for the discussion on the mat-
ter.

The Board is securing prices on
the cost of markers for street cor-
ners.

Tenders were opened for supplies
for the engineer's department and
were left with the engineer to be
tabulated and considered by the
board.

The chairman, Ald. Price, presided
at the meeting, and the other
members present were Alds. Wood,
Boyd, Reid, Holder and John Pile
Johnston.

Rev. Dr. Baldwin spoke.

Rev. Dr. Baldwin was the special
speaker at the week of prayer ser-
vice at Princess street Methodist
church on Wednesday evening.
Speaking from the words "We have
found Him," he indicated some of
the results in life that attend such
a discovery and the abounding joy
thereof. A splendid gathering had
met for prayer and praise.

Miss McKendry played while Miss
Richardson sang very sweetly "Some
Day the Silver Chord Will Break."

Went Through The Ice.

Felix Cournoyea, Tuesday, while
driving his team to Stoco, on the
lake, had the misfortune to have his
team get into the water along the
shore. The water was about five
feet in depth. Neither Mr. Cour-
noyea nor the team were hurt the
only damage being that one horse
got a severe shaking up from its fall
as it fell completely in, and was got
out with considerable difficulty.

THE Y.M.C.A. CANVASS

Up to Wednesday Night \$2,-
556.50 Had Been Sub-
scribed in the City.

At a meeting of the canvassers,
who are working in connection with
the financial campaign being held in
connection with the Y.M.C.A. this
week, it was announced that \$2,-
556.50 had been collected on Wed-
nesday evening. The association is
in need of \$5,000 to carry on its
work during the year, and it is ex-
pected that that sum will be realis-
ed during the four days of the cam-
paign.

The "Y" men interested in the
campaign are very much pleased
with the result up until the present
time. It is understood that some
of the large annual contributions
which the "Y" receives each year
have not been received yet, but
they will be before the campaign
comes to a close.

A. J. Melkijohn, chairman of the
campaign finance committee, presided
at the meeting, which took the
form of a supper at 8.30 o'clock, af-
ter which the captains of the dif-
ferent teams reported the amount of
the collections which they made dur-
ing the day. It is the intention of
the campaign committee to have
supper each evening during the cam-
paign.

P. J. Lee, general secretary of the
Y.M.C.A. for the provinces of Onta-
rio and Quebec, who is in the city
directing the campaign, in the
course of a few remarks stated that
during the years that he had been
connected with the "Y" work and
had been coming to Kingston he
never saw the men take such an in-
terest in the campaign. He stated
that the years that he had spent in
the association work had brought
him face to face with the wonderful
work which the Y.M.C.A. has ac-
complished, and he told the names
of men who occupy prominent posi-
tions in the life of Canada and
United States who got their start
within the walls of the "Y."

C. O. Chamberlain, physical di-
rector, had a few remarks to make
about the work which is being car-
ried on in his department.

Graham Thomson, one of the
young boys of the association who
was present at the supper, thanked
the "Y" for what it had done for
him.

The Y.M.C.A. board gratefully
acknowledges the following sub-
scriptions.

AT QUEEN'S UNIVERSITY

By Our Students Correspondent.

Students were sorry to hear that
Herbie Hanna, well-known Queen's
boxer, injured his ankle alighting
from a train in Montreal while on
the way to the bouts at Yale. The
injury prevented his participation.

Meds. defeated Science in a keenly
contested hockey game yesterday
afternoon. A good crowd was on
hand to cheer on the stalwarts.
Doug. Bell and Snyder were out-
standing, the proceeds were handed
over to the Students' Union Fund.

Arts Freshmen inserted in the
"Journal" the following notice with
black border: "Members of the
Freshmen Year in Arts extend the
sincere sympathy to our brothers in
Science who suffered such unadvised
humiliations recently. Arts '28
congratulate themselves that they
have at all times maintained their
rightful lowly position and have es-
caped such a fate." The rejoinder
will probably appear in Friday's is-
sue.

RADIO FANS MUST
TAKE OUT LICENSE

Stated That Number of King-
stonians Are Using Radio
Without License.

If you are using a radio and have
not yet taken out a government li-
cense for the same, you had better
do so, as the government intends to
take action against those who do not
secure a license. The cost is \$1 per
year, and the license runs from
April 1st to March 31st.

Postmaster James Stewart issues
the radio license, and he has been
notified by the government that a
number of Kingstonians are using
the radio who have not taken out a
license. It is stated that a fine of
\$40 can be imposed on those who
neglect to take out the license.

An innocent heart is a brittle
thing, and one false vow can break

RELEASED FROM "PEN,"

IS UNDER ARREST AGAIN

Harold Doyle is Taken into
Custody by the Toronto
Police.

Harold Doyle, on ticket-of-leave
from the Portsmouth penitentiary,
according to the police records, was
released under arrest in Toronto on
Wednesday afternoon, on a charge
of carrying firearms. With three
other men, it is alleged that Doyle
had been loitering around the cor-
ner of Spadina avenue and Oxford
street, acting in a very suspicious
manner. At this corner there is a
Dominion grocery store and it was
a collector of the Dominion groceries
who was held up on Yonge street on
Feb. 23rd and robbed of \$5,000.
Doyle was released from the
Portsmouth penitentiary on Jan.
14th, 1934, after serving three years
of an eight-year sentence imposed
in 1931, on four charges of shop-
breaking. He has been reporting to
the police.

SEND IN THE NAMES
TO THE CITY CLERK

For the Invitations to be Issued
For the Old Boys'
Reunion.

Dr. W. W. Sands, city clerk, has
received a big batch of letters from
former Kingstons, replying to the
invitations sent out for the old boys'
reunion and in each case the invita-
tion has been accepted, and writer
being very enthusiastic over the old
home week.

Already 1,500 invitations have
been issued, but the city clerk is still
very anxious to get the names of all
the former Kingstons and is mak-
ing another appeal to the citizens to
send in the names at once.

"There are many names to be
sent in yet," said Dr. Sands, "and I
would like very much if citizens
would send in the names to me at
once, so that the invitations can be
sent out. We would like to have all
the invitations issued right away, as
it will give the people ample time to
make preparation for their visit to
the old town."

Preachers on Conference Sunday.

On Sunday, May 31st, at the Mont-
