AMUSEMENTS
 What the Press Agents Say About Coming Attractions

GRIFFITH FURNISHES MANY LAUGHS IN "LORD CHUMLEY."
 Lord Algernon Cholmondeley—That's an awful name for anyone to have to go through life with and Raymond Griffith couldn't even stand it for a motion picture so he cut it short to Chumley for his characterization of a titled English gentleman in the new Paramount picture, "Lord Chumley," due at the Capitol on Monday, Tuesday and Wednesday. Griffith is featured with Viola Dana and Theodore Roberts in the picture.
 Some of the picture's biggest laughs—and greatest thrills for that matter—are contained in water scenes wherein Griffith puts over some great stuff in a speed boat. Here's where Ray's training as a sailor proved a big help. Griffith has long been the owner of a combination sail and power yacht and his insight into nautical affairs is second only to that of old man Neptune himself.
 And when his horse, which he had just ridden over the steeplechase course, sits down on the edge of a fountain and Ray slides down his back and is soon playing among the swans and water lilies! Here's a real laugh!
 During the filming of the picture Ray leaped over furniture and stair railings during a single handed battle against a band of crooks.
 He had to swim for his life while making scenes on the broad blue Pacific ocean, far from terra firma.
 In fact, he tumbled and fought and ran and jumped until he lost all of two pounds, quite a reduction for a young man whose normal weight is only 130 pounds.
 Cyril Chadwick, William Boyd, Anna May Wong and others play in support of the principals. It will be noticed that this picture heralds back to the screen Theodore Roberts who has been ill since the death of Wally Reid.

 While travelling at a terrific speed on the Carson City track, Stuart Wilkinson narrowly escaped death when his car hit the lower railing and skidded to the top of the track. Wilkinson is shown just where he landed, holding to the railing. Oil leaking from his car made the track so slippery that the race was called off.

TAKING FINGER PRINTS GIVES YOUNG MEN SCORE
A Couple Were Suspected of Breaking Into Some Summer Cottages.

The action of the provincial police in taking the finger prints of a number of young men who were suspected of breaking into summer homes in the back country has certainly been the means of stopping damage being done to the cottages.
 Some time ago a cottage was smashed open and some goods taken. Provincial Constable Machlachan was notified of the affair and immediately got busy, with the result that two men, who he suspected of knowing something about the matter were brought to the city, and their finger prints taken. A pane of glass from the home which had the finger prints on it was photographed and the finger prints were examined by an expert at Ottawa, with the result that it could not be positively stated that the police had the right men, but it was the means of frightening the two suspected.

\$5,000 IN SIGHT.
 For The Y.M.C.A. — The Objective May Yet Be Reached.
 It was announced on Saturday morning that up until Friday evening \$4249.50 had been subscribed to the Y.M.C.A. in connection with the financial campaign which has been under way for the past four days. The canvassers reported that another \$500 was certain of coming in during Saturday, and for that reason it was decided that the campaign would be continued until Monday evening, when a gathering will be held at the "Y." and the reports will be made. A number of citizens who have always contributed toward the support of the association are out of the city, and many people have not yet been called upon, so it is quite hopeful that the objective of \$5,000 will yet be obtained.

Irish Team Won.
 The burlesque hockey match staged between Queen's Irishmen and Queen's Scotchmen on Friday afternoon resulted in a win for the former by the close score of 4-3. It is still claimed by the Scotch clan that the Irish referees stole the game on them but the Green Shirts set a "diszy" pace despite the argument over the official. The role of referee was taken by "Pop" Leadley of football fame, not hockey on a bicycle, and after the game the Scotch, highly incensed at being "trimmed," were seen going around trying to find out if he had any Irish blood in his veins. A large crowd witnessed the fun.

 The late Mr. Foley was reeve of Howe Island for many years, and served as warden of the county of Frontenac. He was a successful farmer and made many friends who will learn with deep regret of his passing.

WOMEN'S LIBERAL CLUB.
 Addressed by Mr. Hubert Ryan of Locomotive Company.
 The Women's Liberal Club held a very largely attended meeting in the Y.M.C.A. parlors on Friday to hear an interesting and thoughtful address on the subject of "Organization" by Mr. Hubert Ryan of the Canadian Locomotive Company. WAUGH MAKES DENIAL
 That He Charged French With Misgovernment in Saar.
 Winnipeg, March 7.—Ex-Mayor R. D. Waugh, former British representative on the Saar government commission, today emphatically denied the substance of a London cable which made him the authority for charges against the French of misgovernment in Saar.
 "No one has any authority to connect my name with any such story," he said, and declared it was apparently an attempt to draw him into a controversy over Saar.

FIVE FEEBLE EARTH SHOCKS ARE FELT
 In Quebec Province on Friday—The Inhabitants Are Quite Unnerved.
 Quebec, March 7.—Five feeble earth tremors are reported to have been felt in Quebec yesterday, and reports from various outlying districts are to the same effect. The shocks lasted several seconds only, and were only sufficiently strong to be felt in frail buildings. At other places, notably at Malbaie and Tadoussac, the shock is said to have shaken a number of buildings and startled the already unnerved inhabitants.
