**QUART OF WATER**  
CLEANS KIDNEYS

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You.  
No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.  
The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.  
This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.  
Jad Salts is inexpensive; makes a delightful effervescent, little-water drink, which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

**This Jury of Pen Owners Gives the Reasons Why Duofold Outshines Any Other**  
Though Hosts of Pens are Lower-Priced  
Keeps a head keeper  
"My Duofold was used by 2,200 hotel guests and their different styles of writing didn't alter the point one iota."  
Four traits distinguish Duofold  
"It's the only pen that stands our grueling pen, 9 hours a day, 6 days a week. It's worth twice as much in the hand as it costs in the show-window."  
Saves an outfit  
"In 25-year point makes writing luxurious because it's so beautifully smooth and quiet-going. And its full-headed grip doesn't try to slide the fingers or tire the hand."  
A traveller's eye  
"I held down a black pen in a post office and walked off with Duofold. Then I bought a Parker Duofold, and its black-stipped lacquer-red color always makes my eye this Duofold's cousin. Don't leave your pen behind!"  
Time means cash  
"The color makes it easy to find on my desk," says a young business woman. "And a fountain writer does, in a day, a guy touch to any other pen."  
"It has elastic flex." "And balanced symmetry," adds a golf expert.  
An amateur writes on  
"I signed 100 checks in 1 hr., 20 min., without once refilling my Duofold barrel."  
It is all it costs to own this speedy sure-fire writer with the Over-size Ink Capacity and 25-year point.  
Stop at the first pen counter and try it—don't buy behind a word that now writes via Duofold.

**Here's the Latest—Cod Liver Oil in Tasteless Tablets**  
**Greatest Flesh Builder For Skinny, Weak, Run-Down People—Full of Vitamins**  
No more will-weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.  
Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that please and old can take with ease and pleasure.  
Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.  
Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of  
these flesh-producing tablets just as easy as a bottle of cough-syrup.  
Thin, run-down, andemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Compound Tablets, and if you don't gain 5 pounds in 30 days just get your money back.  
One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.  
Just ask for McCoy's Cod Liver Oil Compound Tablets, Jas. B. McCole, Mahood's Drug Store or any good druggist will tell you that they are wonderful flesh and health builders. Only 60 cents for 60 tablets—and don't forget that they are wonder workers for feeble old folks.  
Get McCoy's, the original and genuine, and beware of imitations.

**Colds**  
In the chest—  
Apply Red Pepper at once—  
Not a plaster, nor mustard. Not any old-time method. The modern way is Red Pepper Rub.  
Nothing else applies such concentrated, such penetrating heat. And heat that doesn't hurt. The old ways can't compare.  
Rub it on the chest where congestion exists. A cold is congestion, you know. At once you feel the tingling, penetrating heat. Circulation starts, congestion is relieved. And soon you will feel the cold loosen.  
This is just the age-old method of dealing with a cold, perfected by modern science. Red Pepper, applied in this way, does what old ways could not do. Use it once and you will use it always. The difference will quickly show.  
But have it ready—get it now. Every hour saved at the start of a cold may save many hours of trouble. Be ready to loosen it at once.
