THE OLD COLLEGIATE BUILDING ON FIRE

Blaze Started in the Cellar and Worked Up the Partition to the Attic.

Fire broke out just after midnight in what is known as the old Collegiate building on Clergy street, between Barris and Earl streets, and resulted in serious damage being done before the blaze was under control. The fire started from an unknown cause in the cellar of the building, and worked its way up the partition to the attic. The firemen had a difficult time. The damage is heavy.

The building was not occupied at the time. It was formerly used by Headquarters M.D. No. 3. The building is owned by Queen's University.

POSED AS CONSTABLE; WAS FINED IN COURT

Young Man Told the Magistrate He Played the Role for a Joke.

It is no joke to pose as a police constable—that is providing you get caught at the game. A well-known young Kingston man undertook to take the role of a provincial constable just for a night, and he was caught in the act, and for the part he played in the little drama, he was fined \$20, and costs by Magistrate Farrell in the police court on Tuesday morning. Provincial Constable MacLachlan laid the charge.

"I guess I am guilty all right," said the young man when he was arraigned, "but I only did it in a joke."

However, it was no joke, so far as the court was concerned, and the fine of \$20 and costs was imposed.

It appears that the young man in question called at a certain house to see a young lady, to take her for an auto drive, and it is stated that in order to get the consent of the people by whom the young woman is employed, he said that he was a police constable. No objection, of course, was raised to the law taking its course and so the young lady was allowed to go out with the young man. But the would-be constable was found out in his little game and as a result the charge was laid. The option was one month in jail, but the fine was paid.

AN ADDRESS ON INDIA.

By Milton Harlow, General Secretary of the Y.M.C.A.

On Monday evening Milton Harlow, general secretary of the Y.M.C.A., who has spent some years in "Y" work in India, gave an illustrated lecture at the meeting of the "Y's" Men Club. Mr. Harlow showed a number of pictures which had been taken in India and his talk was very interesting and instructive. He told of the life of the people. The rate of pay was trifling. Although the people ate little or no meat, they always seemed to be very healthy.

Mr. Harlow showed a picture of a plow which is used in that country and stated that it was necessary for a man to walk ten miles behind it for the purpose of turning over one acre of ground.

A hearty vote of thanks was tendered the speaker on motion of Messrs. Doughton and Ryder.

Harold Elliott, the president, was unable to be present on account of the illness of his wife, who fell on the steps at the home of her mother, Mrs. E. P. Jenkins, Alfred street, and injured her back.

CHRISTIAN ENDEAVOR.

General Secretary for Ontario addresses the Local Societies.

A joint meeting of the Christian Endeavor societies of the city was held on Monday evening in Calvary Congregational church, the event being a visit from Carson Mateer, general secretary for Christian Endeavor in the province of Ontario.

Mr. Mateer directed his remarks chiefly to the intermediates and gave them some very helpful information regarding the Christian Endeavor movement and the society's weekly prayer meeting. He gave a splendid talk on methods of conducting meetings and the varied programmes that might be carried out to make the meetings interesting.

After the meeting Mr. Mateer held a conference with the seniors regarding the summer school at Elgin House, Muskoka, in June, and the conference at Knowlton, Que., in July. Mr. Fred Buck, of Bethel Society, registered for Elgin House, being the first to register in the province.

The president had reached no decision, it was said, when the senate met at noon, as to what further action he would take.

To Investigate Freight Rates. Washington, March 17.—In conformity with the resolution adopted at the last session of congress, the inter-state commerce commission today ordered an investigation into the existing freight rate structure of all railroads of the United States.

Ottawa's tax rate is to be one-fifth of a mill lower than last year. C.N.R. deficit for 1924 exceeds \$57,000,000.
