Central Council of Home and 7 Days trial and School Club Make Number of Recommendations.

The members of the civic parks Light Delivery. mmittee at a meeting held on Tues day afternoon, received a number of Road Roadster, starter. recommendations from the central council of the Home and School Club, including the following:

(1). That the number of playgrounds be increased. On this the committee took no action.

(2). That there are too few supervisors at the present time to carry on the work efficiently. The committee decided to carry on with the same number as last year.

(3). That there should be a professional supervisor, having full control over all the activities. No action was taken on this recommendation.

(4). That a lack of apparatus was a great drawback to the work last year. The committee decided to continue the work with the apparatus at present on hand.

(5). That it would be well to have a portion of the grounds fenced for the protection of the little ones. The committee took no action in the mat-

(6). That lavatory conveniences and drinking water be supplied for work in the far north, Canada, Bis each park. As regards this recommen- hop Grouard has been invested with dation, the committee is in favor of the Cross of the Legion of Honor, it, but there are no funds available France

for the work. The city engineer will be called up BRINGING UP FATHER on to give an estimate of the cost to install suitable lavatory accommoda

tion in the parks. The committee also had under discussion their estimates for the year, and there will be prepared in time to be presented to the city council at its meeting on Monday evening next.

Canada's total trade during the even months of the fiscal year ending February was \$1,697,797,974 as ainst \$1,771,561,388 in the elever onths ending February, 1924. here was a decrease in imports of pproximately \$94,000,000. Domes

tic exports increased about \$21,000,-The Canadian government revenue utter Margaret is to be converted into an oil burner. It is claimed that the cruiser will be given a greater steaming radius, will get an increase in speed, and that the cost of operaion will be minimized.
