BROOKVILLE ANXIOUS TO JOIN THIS GROUP

Have Suggested That Kingston, Gananoque and Brockville Teams Form New Section.

Mr. James Kane, president of the Kingston Amateur Baseball Association, has received a letter from the Brockville Baseball Club in which the Brockville Club requests that consideration be given for including Brockville in the local intermediate group. They would favor two teams from Kingston, one from Gananoque and one from Brockville as a group, the winner to go on in search of the intermediate championship in the playoffs. The matter will be considered by the Kingston League but it is very unlikely that action of this kind will be taken.

Brockville last year played in the group with Prescott, Spencerville, Kemplville, Cardinal and Morrisburg. It will be remembered that there was considerable squabbling in this group and Brockville had a hard time in being declared winners. Brockville does not want to go back into that eastern section again if it can possibly help, hence the suggestion for a new section.

No. 3 Heavy Battery Are Winners of Indoor Title.

The No. 3 Heavy Battery team won the championship of the Kingston Garrison Indoor Baseball League by defeating the Signallers in the final and deciding game at the Armories on Thursday night by the score of 13-6. It was a hard battle fought up until the ninth inning when the Battery crossed the plate seven times. This break of the game spelled defeat for the Signallers. The better team won, however, and the Battery are to be congratulated upon winning the title.

The game in the final series have been very keenly contested, and large crowds have watched the boys in action on the Armories' floor. Battery won three of the final games and Signallers one, winning the first. As a result of winning the championship, the victorious team will be presented with the Spalding Cup, emblematic of the championship and they will be given a trip to Ottawa to play the Ottawa team and the latter will play here in a return game.

ELECTRIC LIGHTS ON CATARAQUI CROSSING

The C.N.R. Decides to Have Them Burn Both Night and Day.

The action of the management of the Canadian National Railway in having two electric lights placed at the level crossing at Cataraqui for the purpose of warning people of danger is very much appreciated by the travelling public. For years this crossing has been considered one of the most dangerous in the county, especially at night.

A few years ago the railway company erected sign boards for the purpose of warning the travelling public. The company has now gone one farther and had strong electric lights placed on the boards which enables people to read the notice and take warning.

It has been arranged that the electric current will be furnished by the Kingston Public Utilities commission and the lights will burn continuously, which saves the company the expense of having to pay a man to turn the lights on and off. The company realized that there was always the chance of the lights not being turned on and for that reason they have a twenty-four hour service.

THIS YOUNG MAN HAD VARIETY OF DRINKS

Two Per Cent. Beer, Lemon Extract, and Beef, Iron and Wine.

One bottle of extract of lemon, six glasses of two per cent beer and one glass of beef iron and wine.

No. this is not an order for refreshments for a "wet party," but merely a record of what a young fellow in the police court on Friday morning, stated he had been drinking on Thursday night. He fell into the hands of Constables Leslie Armstrong and Thomas Garrity late in the evening. He was fined the usual \$10 and costs.

A second tippler stated that he secured liquor in Montreal. On his arrival in Kingston he used a few glasses of two per cent beer as a "chaser" and he went dizzy. A police constable nabbed him. He too was fined \$10 and costs.

CHRISTIAN ALLIANCE.

Splendid Addresses Given at Thursday Evening Meeting.

Another good-sized audience gathered in Bethel church on Thursday evening to hear the Christian and Missionary Alliance speakers tell of their work in China.

At 7:45 Rev. M. B. Birrell gave his illustrated address on the Alliance mission field in the province of Kansu, China. The greatest enemies of Christianity in China today," said Mr. Birrell, "are the Mohammedans, and there are about ten million of them. They hate the Gospel and will do anything to stop it and hinder the missionaries in their work. Many of the natives are cave dwellers, and in 1920 about 200,000 of them lost their lives in the earthquake. Tibetan dogs are a menace to missionaries and will sometimes jump up and pull them out of the saddle in their vicious attacks. In China a Buddhist will not give his first born to be a priest, so that he can spend his time in the temple praying for his family." Mr. Birrell is a friend of General Fung, the Christian Chinese general, and praises the work that he is doing for that country.

Rev. E. B. Fitch followed the missionary address with the bible discourse and took as his text John 3: 16, which is the greatest love story the world has ever known.

Mrs. Fitch arrived in the city on Thursday and during the evening service sang very feelingly two numbers. She is an exceptionally sweet singer and has a message that reaches the heart. The series of meetings will close on Friday evening with special missionary messages.
