W. M. S .- An Address on the Washington Conference.

On Monday afternoon the W.M.S. of Sydenham street Methodist church held their annual Easter thankoffering meeting. Mrs. R. O. Jolliffe, the president, presided. The Doxology was used in opening, followed by all repeating the Apostles' Creed, and the Lord's Prayer.

An Easter responsive service, with Mrs. Jolliffe, Mrs. Manly Baker and Mrs. S. H. Simpson leading, was beautifully rendered, and helpful, Mrs. Simpson singing her part.

Miss A. Tweddell delighted the audience with an Easter solo. Miss K. Lyons played a piano solo during the offertory.

Miss Margaret Gibson, a student Boyd's wedding cake. Daffodils and attending Queen's university, who was a delegate to the missionary conference held in Washington recently, was the special speaker. Miss Gibson stated that there were speakers at the conference from every country, but to a Canadian went the honor of winning the highest applause, in the person of the Hon. N. W. Rowell, K.C., who spoke on International Relations." Gibson said that one of the native speakers stated that a mistake been made in trying to take our conventions to the Orient, as well as Christ. > That the sight of men or girls playing ball in the streets is a sure sign that the spring examinations are on at Queen's University. The bit of exercise on the quiet street hurts no one and helps to keep the students fit for their hard work.

> That the Grenfell Club is preparing for their bale which is to be sent to the Labrador Mission this week Last year a similar bale was sent which was received most gratefully by those in charge of the splendid work established by Dr. Grenfell.

That Queen Mary's Doll's House, which many people thought was the most marvellous part of the Wembley Exhibition last year, is likely to come to Canada shortly. Quite a number of Canadian and American women have been over to London specially to see it, and though the Queen is loathe to let her treasure cross the Atlantic, she wants to gratify everybody who wishes to see it. If it comes it will be insured for a little over \$3,000,000.

That there is a movement on foot among some leading Kingston women to organize a relief fund for the Nova Scotia miners. One prominent society has already voted a sum which will be announced later.

That the sunshine of Easter Day brought out some of the pretty frocks for the occasion. But some of them were short with a vengeance. Happily the coat was a little longer. These skirts are not by any means always becoming. The tall thin woman, whom we call graceful. in a draped frock, we are apt to call ungainly and awkward when she persists in wearing a skirt almost to her knees and the stout girl! Well the ess said about her the better. Women should be sure that their limbs are well formed, their feet and ankles just what they should be before they follow the extreme of Dame Fashion's latest freak.
